

Establish a National Strategy for the Manufacture, Allocation, and Distribution of Drug Products, Drug Substances, and Associated Medical Devices to respond to COVID-19, the Plan of Action to Establish a National Strategy for the Manufacture, Allocation, and Distribution of Medical Devices to respond to COVID-19, and the Plan of Action to Establish a National Strategy for the Manufacture, Allocation, and Distribution of Medical Gases to respond to COVID-19—were finalized.<sup>6</sup> These plans of action established several sub-committees under the Voluntary Agreement, focusing on different aspects of each plan of action.

On October 15, 2021, the sixth plan of action under the Voluntary Agreement—the Plan of Action to Establish a National Strategy for the Coordination of National Multimodal Healthcare Supply Chains to Respond to COVID-19—was finalized.<sup>7</sup> This plan of action established several sub-committees under the Voluntary Agreement, focusing on different transportation categories.

The meetings are chaired by the FEMA Administrator's delegates from the Office of Response and Recovery (ORR) and Office of Policy and Program Analysis (OPPA), attended by the Attorney General's delegates from the U.S. Department of Justice, and attended by the Chairman of the Federal Trade Commission's delegates. In implementing the Voluntary Agreement, FEMA adheres to all procedural requirements of 50 U.S.C. 4558 and 44 CFR part 332.

**Meeting Objectives:** The objectives of the meetings are as follows:

1. Convene the Sub-Committee to Define Requirements under the National Multimodal Healthcare Supply Chains Plan of Action to establish priorities related to the COVID-19 response under the Voluntary Agreement.

2. Gather Sub-Committee Participants and Attendees to ask targeted questions for situational awareness.

3. Identify pandemic-related supply chain issues, information gaps, and areas for potential additional discussion.

4. Identify potential Objectives and Actions which correspond to Sub-Committees. These will be held for further discussion under those Sub-Committees.

**Meetings Closed to the Public:** By default, the DPA requires meetings held to implement a voluntary agreement or

plan of action be open to the public.<sup>8</sup> However, attendance may be limited if the Sponsor<sup>9</sup> of the voluntary agreement finds that the matter to be discussed at a meeting falls within the purview of matters described in 5 U.S.C. 552b(c), such as trade secrets and commercial or financial information.

The Sponsor of the Voluntary Agreement, the FEMA Administrator, found that these meetings to implement the Voluntary Agreement involve matters which fall within the purview of matters described in 5 U.S.C. 552b(c) and the meetings are therefore closed to the public.

Specifically, these meetings may require participants to disclose trade secrets or commercial or financial information that is privileged or confidential. Disclosure of such information allows for meetings to be closed to the public pursuant to 5 U.S.C. 552b(c)(4).

The success of the Voluntary Agreement depends wholly on the willing participation of the private sector participants. Failure to close these meetings to the public could reduce active participation by the signatories due to a perceived risk that sensitive company information could be released to the public. A public disclosure of a private sector participant's information executed prematurely could reduce trust and support for the Voluntary Agreement.

A resulting loss of support by the participants for the Voluntary Agreement would significantly hinder the implementation of the Agency's objectives. Thus, these meeting closures are permitted pursuant to 5 U.S.C. 552b(c)(9)(B).

**ACTION:** Notice of proposed withdrawal.

**SUMMARY:** At the request of the Bureau of Land Management (BLM) and subject to valid existing rights, the Secretary of the Interior proposes to withdraw 351,479.97 acres of public lands from location and entry under the United States mining laws and from leasing under the mineral leasing laws, but not disposal under the mineral materials laws, for a 20-year term. This notice segregates the lands for up to 2 years from location and entry under the United States mining laws and from leasing under the mineral leasing laws, subject to valid existing rights, initiates a 90-day public comment period on the withdrawal application, and notifies the public that one or more public meetings will be held regarding the application.

**SUPPLEMENTARY INFORMATION:** The BLM has filed a petition/application requesting the Secretary of the Interior to withdraw public lands and interests in lands (excluding lands with federally owned fractional mineral interests) situated within the boundaries of the area depicted on the map submitted with the application, titled Appendix B: Chaco Culture National Historical Park Area Withdrawal, dated November 30, 2021. The Secretary has approved the BLM's petition for approval to file its withdrawal application and proposed the withdrawal as requested. Following consideration of environmental and other analyses prepared by the BLM in support of its application, the Secretary will decide whether to establish the withdrawal.

The purpose of the proposed withdrawal would be to protect these public lands and the greater connected landscape with a rich Puebloan, Tribal Nations, and cultural legacy in northwestern New Mexico from industrial impacts associated with oil and gas development activities and from adverse effects of locatable mineral exploration and mining, subject to valid existing rights. This proposed withdrawal area holds a deep meaning for the Indigenous peoples whose ancestors lived, worked, traded, and thrived in this high-desert community. Existing uses of the public lands may continue in accordance with their terms and conditions (except for the location or relocation of mining claims and the sale of new oil and gas leases) during the segregation period, including but not limited to livestock grazing, and lawful ingress and egress to any valid or patented mining claims and mineral leases that may exist on these lands. There may be continued use of all public lands and lawful access to non-Federal lands and interest in lands; current recreational uses including hunting, camping and day use; and all commercial uses being conducted under special use permits. Temporary uses that may be permitted during the segregation period are leases, licenses, permits, rights-of-way, and other uses consistent with the 2003 Farmington

Resource Management Plan, as amended.

There are no suitable alternative sites, and no water rights will be needed for this withdrawal.

For a period until April 6, 2022, persons who wish to submit comments, suggestions, or objections related to the withdrawal application may present their views in writing to the individual listed in the **ADDRESSES** section earlier. Comments will be available for public review by appointment at the BLM Farmington Field Office, 6251 College Blvd. Suite A, Farmington, NM 87402, during regular business hours, 8:00 a.m. to 4:30 p.m., Monday through Friday, except holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask BLM in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

A notice for public meeting(s) regarding the withdrawal application will be announced in the local newspaper and on the agency websites at least 30 days before the meeting(s). For a period until January 6, 2024,

subject to valid existing rights, the BLM lands described in this notice will be temporarily segregated from location and entry under the United States mining laws and from leasing under the mineral leasing laws, but not disposal under the mineral materials laws, unless the application is denied or canceled or the withdrawal is approved prior to that date. All activities currently consistent with the 2003 Farmington Resource Management Plan, as amended, are authorized to continue, including public recreation, mineral materials disposition, and other activities compatible with preservation of the character of the area, subject to BLM discretionary approval, during the segregation period.
