

including the ability to coordinate research among centers; maintain data quality; and adhere to research protocols, confidentiality requirements, and data safety requirements; and

4. Specify start up activities that will be required to mount the proposed multi-site research project, including infrastructure requirements and measurement tools. Applicants must specify in their applications the amount requested, not to exceed \$800,000, to cover these start-up costs.

In addition, applicants must address the following requirements:

- Address the needs of people with disabilities, including individuals from traditionally underserved populations.
- Coordinate with the NIDRR-funded Model Systems Knowledge Translation Center by providing scientific results and information for dissemination to clinical and consumer audiences.
- Ensure participation of individuals with disabilities in all aspects of model systems research.

Proposed Selection Criterion

In accordance with the provisions of 34 CFR 350.53 and 350.54 and in addition to the selection criteria specified in those sections, the Secretary proposes to consider the following factor in evaluating applications submitted under the SCIMS multi-site research projects priority:

The extent to which the applicant clearly documents its capacity to manage multi-site research projects, including administrative capabilities, experience with management of multi-site research protocols, and demonstrated ability to maintain standards for quality and confidentiality of data gathered from multiple sites.

Executive Order 12866

This notice of proposed priorities has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with the notice of proposed priorities are those resulting from statutory requirements and those we have determined as necessary for administering these programs effectively and efficiently.

In assessing the potential costs and benefits—both quantitative and qualitative—of this notice of proposed priorities, we have determined that the benefits of the proposed priorities justify the costs.

Summary of Potential Costs and Benefits

The potential costs associated with these proposed priorities are minimal while the benefits are significant.

The benefits of the Special Projects and Demonstrations for Spinal Cord Injury and Disability and Rehabilitation Research Projects Programs have been well established over the years in that similar projects have been completed successfully. These proposed priorities will generate new knowledge and technologies through research, development, dissemination, utilization, and technical assistance projects.

Another benefit of these proposed priorities are that the establishment of new SCIMS centers and the DRP's conducting SCIMS multi-site research projects will support the President's NFI and will improve the lives of persons with disabilities. These centers and DRP's will generate, disseminate, and promote the use of new information that will improve the options for individuals with disabilities to perform regular activities in the community.

Applicable Program Regulations: 34 CFR parts 350 and 359.

Electronic Access to This Document

You may view this document, as well as all other Department of Education documents published in the **Federal Register**, in text or Adobe Portable Document Format (PDF) on the Internet at the following site: <http://www.ed.gov/news/fedregister>.

To use PDF you must have Adobe Acrobat Reader, which is available free at this site. If you have questions about using PDF, call the U.S. Government Printing Office (GPO), toll free, at 1-888-293-6498; or in the Washington, DC, area at (202) 512-1530.

Note: The official version of this document is the document published in the **Federal Register**. Free Internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available on GPO Access at: <http://www.gpoaccess.gov/nara/index.html>.

BILLING CODE 4000-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2005-0061; FRL-7749-8]

Data Submissions for the Voluntary Children's Chemical Evaluation Program; Request for Comment on Renewal of Information Collection Activities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*) EPA is seeking public comment on the following Information Collection Request (ICR): Data Submissions for the Voluntary Children's Chemical Evaluation Program (VCCEP) (EPA ICR No. 2055.02, OMB Control No. 2070-0165). This ICR involves a collection activity that is currently approved and scheduled to expire on September 30, 2006. The information collected under this ICR provides information to EPA on chemicals to which children are likely to be exposed so that any risks can be assessed and managed. Information on health effects, exposure, risk, and data needs will be submitted by chemical manufacturers who have volunteered to participate in VCCEP. The ICR describes the nature of the information collection activity and its expected burden and costs. Before submitting this ICR to the Office of Management and Budget (OMB) for review and approval under the PRA, EPA is soliciting comments on specific aspects of the collection.

DATES: Written comments, identified by the docket identification (ID) number EPA-HQ-OPPT-2005-0061, must be received on or before February 13, 2006.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: For general information contact: Colby Lintner, Regulatory Coordinator, Environmental Assistance Division (7408M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: TSKA-Hotline@epa.gov.

For technical information contact: Catherine Roman, Chemical Control Division (7405M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460;

telephone number: (202) 564-8172; fax number: (202) 564-4755; e-mail address: roman.catherine@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are a manufacturer or importer of certain chemicals and have volunteered to sponsor your chemical in the VCCEP. Potentially affected entities may include, but are not limited to:

- Chemical manufacturing (NAICS 325), e.g., basic chemical manufacturing; resin, synthetic rubber and artificial and synthetic fibers and filaments manufacturing; pesticide, fertilizer, and other agricultural chemical manufacturing; soap, cleaning compound, and toilet preparation manufacturing, etc.
- Paint and coating manufacturing (NAICS 32551), e.g., enamel paints manufacturing, latex paint manufacturing, paints manufacturing, stains manufacturing, varnishes manufacturing, etc.
- Adhesive manufacturing (NAICS 32552), e.g., adhesives manufacturing, caulking compounds manufacturing, epoxy adhesives manufacturing, glues manufacturing, rubber cements manufacturing, tile adhesives manufacturing, etc.
- Textile mills (NAICS 313), e.g., acetate spun yarns, acrylic spun yarns, cotton spun yarns, flax spun yarns, hard fiber spun yarns, natural fiber spun yarns, nylon spun yarns, rayon spun yarns, wool spun yarn, etc.
- Petroleum refineries (NAICS 324110), e.g., aviation fuels manufacturing, crude oil refining, diesel fuels manufacturing, fuel oils manufacturing, gasoline made in petroleum refineries, kerosene manufacturing, petroleum refineries, etc.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket ID number EPA-HQ-OPPT-2005-0061. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The EPA Docket Center Reading Room telephone number is (202) 566-1744 and the telephone number for the OPPT Docket, which is located in the EPA Docket Center, is (202) 566-0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>.

Agency Website: EDOCKET, EPA’s electronic public docket and comment system was replaced on November 25, 2005, by an enhanced federal-wide electronic docket management and comment system located at <http://www.regulations.gov/>. Follow the on-line instructions.

An electronic version of the public docket is available through EPA’s electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select “search,” then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA’s electronic public docket. EPA’s policy is that copyrighted material will

not be placed in EPA’s electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA’s electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA’s electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA’s electronic public docket.

For public commenters, it is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA’s electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA’s electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA’s electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA’s electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA’s electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit the Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please

follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number EPA-HQ-OPPT-2005-0061. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to oppt.ncic@epa.gov, Attention: Docket ID Number EPA-HQ-OPPT-2005-0061. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in

WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

3. *By hand delivery or courier.* Deliver your comments to: OPPT Document Control Office (DCO) in EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number EPA-HQ-OPPT-2005-0061. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930.

D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA's electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider when I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.

4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Provide specific examples to illustrate your concerns.

6. Offer alternative ways to improve the collection activity.

7. Make sure to submit your comments by the deadline in this notice.

8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

F. What Information is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.

2. Evaluate the accuracy of the Agency's estimates of the burdens of the proposed collections of information.

3. Enhance the quality, utility, and clarity of the information to be collected.

4. Minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

II. What Information Collection Activity or ICR Does this Action Apply to?

EPA is seeking comments on the following ICR:

Title: Data Submissions for the Voluntary Children's Chemical Evaluation Program (VCCEP).

ICR numbers: EPA ICR No. 2055.02, OMB Control No. 2070-0165.

ICR status: This ICR is currently scheduled to expire on September 30, 2006. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register**, are listed in 40 CFR part 9, and included on the related collection instrument or form, if applicable.

Abstract: VCCEP is a voluntary program intended to provide data to

enable the public to understand the potential health risks to children associated with certain chemical exposures. EPA has asked companies that manufacture and/or import 20 chemicals that have been found in human tissues and the environment to volunteer to sponsor their evaluation in VCCEP. VCCEP consists of three tiers that a sponsor may commit to separately. As part of their sponsorship, companies submit commitment letters, collect and/or develop health effects and exposure information on their chemical(s), integrate that information in a risk assessment, and develop a "Data Needs Assessment." The Data Needs Assessment discusses the need for additional data, which could be provided by the next tier, to fully characterize the risks the chemical may pose to children.

The information submitted by the sponsor will be evaluated by a group of scientific experts with extensive, relevant experience in toxicity testing and exposure evaluations, a Peer Consultation Group. This group will forward its opinions to EPA and the sponsor(s) concerning the adequacy of the assessments and the need for development of any additional information to fully assess risks to children. EPA will consider the opinions of the Peer Consultation Group and announce whether additional higher tier information is needed. Sponsors and the public will have an opportunity to comment on EPA's decision concerning data needs. EPA will consider these comments and issue a final decision. If the final decision is that additional information is needed, sponsors will be asked to volunteer to provide the next tier of information. If additional information is not needed, the risk communication and, if necessary, risk management phases of the program will be initiated.

III. What are EPA's Burden and Cost Estimates for this ICR?

Under PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of

information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this collection of information is estimated to average 231 hours per response. The following is a summary of the estimates taken from the ICR:

Respondents/affected entities:

Manufacturers or importers of certain chemicals who have volunteered to sponsor chemicals in the VCCEP.

Estimated total number of potential respondents: 20.

Frequency of response: On occasion.

Estimated total/average number of responses for each respondent: 3.5 responses per respondent annually.

Estimated total annual burden hours: 106,256 hours.

Estimated total annual burden costs: \$8,973,067.

IV. Are There Changes in the Estimates from the Last Approval?

There is a decrease of 48,076 hours (from 154,332 hours to 106,256 hours) in the total estimated respondent burden compared with that identified in the information collection most recently approved by OMB. This decrease represents the net effect of many changes in estimates and assumptions made from the previous VCCEP ICR, based on recent experiences with the VCCEP pilot. First, the estimated number of chemicals participating in the program was reduced from 23 to 20, based on actual participation. Second, because the Tier 1 Peer Consultation Documents submitted thus far to EPA have been so comprehensive (e.g., many have contained information on Tier 2 and Tier 3 level tests), EPA is estimating that fewer chemicals will advance to the higher tiers.

V. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

FEDERAL RESERVE SYSTEM

Agency Information Collection Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB

SUMMARY:

Background

Notice is hereby given of the final approval of a proposed information collection by the Board of Governors of the Federal Reserve System (Board) under OMB delegated authority, as per 5 CFR 1320.16 (OMB Regulations on Controlling Paperwork Burdens on the Public). Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the OMB 83-Is and supporting statements and approved collection of information instrument(s) are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

FOR FURTHER INFORMATION CONTACT:

Federal Reserve Board Clearance Officer—Michelle Long—Division of Research and Statistics, Board of Governors of the Federal Reserve System, Washington, DC 20551 (202-452-3829). OMB Desk Officer—Mark Menchik—Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503, or e-mail to mmenchik@omb.eop.gov.

Final approval under OMB delegated authority of the revision, without extension, of the following reports:

Report titles: Report of Changes in Organizational Structure, Report of Changes in FBO Organizational Structure.

Agency form number: FR Y-10, FR Y-10F, and FR Y-10S.

OMB control number: 7100-0297.

Frequency: Event-generated.
