

poll the domestic industry. On October 7, 2005, we issued polling questionnaires to all known domestic producers of liquid sulfur dioxide identified in the petition. On October 12, 2005, we sent a letter to the domestic producers transmitting revised scope language provided by the petitioner on October 11, 2005. The questionnaires are on file in the Central Records Unit in room B-099 of the main Department of Commerce building. We requested that each company complete the polling questionnaire and fax their responses to the Department.

We will need additional time to analyze the domestic producers' responses to our request for information. See the "Determination of Industry Support for the Petition" section of this notice, above. Therefore, it is necessary to extend the deadline determining the adequacy of the petition for a period not to exceed 40 days from the filing of the petition. As a result, the initiation determination is due no later than November 9, 2005.

International Trade Commission Notification

Because the Department has extended the deadline of the initiation determination, the Department will contact the International Trade Commission ("ITC") and will make this extension notice available to the ITC.

Dated: October 20, 2005.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.
