

(ii) The amount obligated for the project exceeds the current estimated cost of the project.

(4) If the State fails to take prompt action to reduce Federal obligations as required in paragraph (a)(3) of this section, then FHWA shall revise the obligations or take such other action as authorized by 23 CFR 1.36.

3. Amend § 630.108 by adding paragraphs (b)(9) and (10) and (e) to read as follows:

**§ 630.108 Preparation of agreement.**

(b) \* \* \*

(9) The agreement shall specify a project completion date. The project completion date will be the date when work on the project is expected to be completed. Within 90 days after the project completion date, the State shall submit a request to FHWA to close the project and release any unexpended obligations on the project.

(10) If the State does not close the project within 90 days after the project completion date, then the FHWA shall reduce the Federal obligation to the amount expended unless justification is provided by the State for maintaining a certain amount of unexpended obligation necessary to complete the project.

(e) The State is responsible for assuring that third party contracts and agreements provide for the timely billing and processing of final claims following the completion of work by the third party. A delay in receiving or processing third party claims will not be justification for extending the project completion date as permitted in § 630.110(d) of this subpart unless the delay is the result of an unusual circumstance beyond the control of the State and the third party.

4. Amend § 630.110 by adding paragraph (d) to read as follows:

**§ 630.110 Modification of the original agreement.**

\* \* \* \* \*

(d) The modification may include a revised project completion date provided the State submits a revised project schedule and support that the remaining unexpended obligation amount is still needed.
