II. Contractor Requirements

EPA requires technical and program support for the Agency's Endocrine Disruptor Screening Program (EDSP). This procurement entails services in the following areas: (1) Comprehensive toxicological and ecotoxicological testing and analysis; (2) toxicokinetics and dosimetry testing and analysis; (3) systematic literature reviews; (4) workshops/meeting support; (5) information/records management support; and (6) special studies/projects. Skills needed include, but are not limited to, technical experience and/or capability with performing Tier 1 and Tier 2 EDSP studies, *in vitro* toxicokinetics and dosimetry, risk assessment, development and evaluation of computational toxicity or exposure models, analytical chemical analysis, biochemical analyses, statistical analyses, information/records management, report-writing, meeting support and quality assurance/quality control support.

OPP has determined that the contracts described in this document involve work that is being conducted in connection with FIFRA, in that

pesticide chemicals will be the subject of certain evaluations to be made under this contract. These evaluations may be used in subsequent regulatory decisions under FIFRA.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under FIFRA sections 3, 4, 6, and 7 and under FFDCA sections 408 and 409.

In accordance with the requirements of 40 CFR 2.307(h)(3), the contracts with Research Triangle Institute, prohibits use of the information for any purpose not specified in these contracts; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the *FIFRA Information Security Manual*. In addition, Research Triangle Institute is required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Research Triangle Institute until the requirements in this document have been fully satisfied. Records of information provided to Research Triangle Institute will be maintained by EPA Project Officers for these contracts. All information supplied to Research Triangle Institute by EPA for use in connection with these contracts will be returned to EPA when Research Triangle Institute has completed its work.

EXPORT-IMPORT BANK

[Public Notice: EIB-2020-0011]

Proposal To Consider Changes to EXIM's Content Policy With Respect to the Program on China and Transformational Exports

AGENCY: Export-Import Bank of the United States.

ACTION: Notice.

SUMMARY: This Notice is to inform the public that the Export-Import Bank of the United States (EXIM), in implementation of its historic seven-

year reauthorization and directive to establish a new "Program on China and Transformational Exports" ("directive") is considering changes to its U.S. medium- and long-term content policy ("content policy"). Any changes to the content policy would be specifically with respect to the new directive.

EXIM is considering whether changes to its content policy would improve the competitiveness of American exporters, and, by definition, their workers, as they face intense competition in transformational export sectors from China.

DATES: Comments must be received on or before December 14, 2020, to be assured of consideration before final consideration by the Board of Directors of EXIM.

ADDRESSES: Comments may be submitted through [Regulations.gov](https://www.regulations.gov) at [WWW.REGULATIONS.GOV](https://www.regulations.gov). To submit a comment, enter Public Notice: EIB-2020-0011 under the heading "Enter Keyword or ID" and select Search. Follow the instructions provided at the Submit a Comment screen. Please include your name, company name (if any) and Public Notice: EIB-2020-0011 on any attached document.

SUPPLEMENTARY INFORMATION: U.S. stakeholders and financial institutions regularly identify EXIM's content policy as the greatest challenge to EXIM support of their exports. This concern has been further validated through extensive discussions with exporters across numerous sectors, including during EXIM's 2020 "Strengthening American Competitiveness" initiative—where more than 1,000 stakeholders participated—specifically when it comes to neutralizing China and supporting transformational exports.

EXIM's historic seven-year reauthorization (Pub. L. 116-94), signed into law December 20, 2019, directed EXIM to establish a new "Program on China and Transformational Exports" (Sec. 402). The Program's purpose is to support the extension of loans, guarantees, and insurance, at rates and on terms and other conditions, to the extent practicable, that are fully competitive with rates, terms, and other conditions established by the People's Republic of China or by other covered countries (as designated by the Secretary of the Treasury). The law charges EXIM with a goal of reserving not less than 20 percent of the agency's total financing authority (*i.e.*, \$27 billion out of a total of \$135 billion) for support made pursuant to the program.

Pursuant to EXIM's reauthorization, the China Program has two aims: (1) To directly neutralize export subsidies for
