SUPPLEMENTARY INFORMATION:

Background

When the FAA issued the final rule, "Establishment of Organization Designation Authorization Program" in October 2005, we inadvertently omitted two section references from paragraph (b) of § 183.15. This paragraph provides for the duration of certificates for Flight Standards or Aircraft Certification Service Designated Representatives. The references omitted were to the sections describing the privileges of pilot examiners (§ 183.23) and technical personnel examiners (§ 183.25). This correction adds those two references to § 183.15(b).

Need for Correction

The omission of these two references could cause confusion with regard to the duration of the two referenced delegations.

List of Subjects in 14 CFR Part 183

Aircraft, Airmen, Authority delegations (Government agencies), Health professions, Reporting and recordkeeping requirements.

■ Accordingly, 14 CFR part 183 is corrected as follows:

PART 183—REPRESENTATIVES OF THE ADMINISTRATOR

■ 1. The authority citation for part 183 continues to read as follows:

Authority: 31 U.S.C. 9701; 49 U.S.C. 106(g), 40113, 44702, 45303.

■ 2. Revise § 183.15(b) to read as follows:

§ 183.15 Duration of certificates.

* * * * *

(b) Unless sooner terminated under paragraph (c) of this section, a designation as Flight Standards or Aircraft Certification Service Designated Representative as described in §§ 183.23, 183.25, 183.27, 183.29, 183.31, or 183.33 is effective until the

expiration date shown on the document granting the authorization.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

14 CFR Part 1260

RIN 2700-AD24

NASA Grant and Cooperative Agreement Handbook—Patent Rights and Rights in Data, CSC Programs

AGENCY: National Aeronautics and Space Administration.

ACTION: Final rule.

SUMMARY: This final rule amends 14 CFR 1260.20(e), "Provisions," and the introductory paragraph to Exhibit E (Commercial Space Centers Program Grants/Cooperative Agreements Intellectual Property) to clarify that the "Patent Rights" and "Rights in Data—CSC Program" special conditions in Exhibit E are to be used in all grants or cooperative agreements awarded to Commercial Space Centers (CSC) under the Space Development and Commercial Research (SDCR) Program instead of (rather than in addition to) the general conditions for Patent Rights (§ 1260.28) and Rights in Data (§ 1260.30).

In addition, this final rule makes an administrative change to correct a cross-reference error in paragraph (e) of the general condition entitled, "Patent Rights," § 1260.28.

DATES: *Effective Date:* May 18, 2006.

FOR FURTHER INFORMATION CONTACT: Paul Brundage, NASA Headquarters, Contract Management Division, Washington, DC, (202) 358-0481, e-mail: paul.d.brundage@nasa.gov.

SUPPLEMENTARY INFORMATION:

A. Background

The Grant Handbook at § 1260.20(e) requires use of Exhibit E, Special Conditions for Cooperative Agreements between NASA and the Commercial Space Centers. However, Exhibit E also requires use of the general conditions which include § 1260.28, Patent Rights, and § 1260.30, Rights in Data. This coverage may have the unintentional consequence of requiring use of both the Exhibit E special conditions and the general conditions. In such case, the

Exhibit E special conditions would take precedence since they are structured as stand-alone special conditions that supersede the general conditions. However, to avoid any potential misinterpretation or confusion, this change clarifies that the special conditions in Exhibit E replace the general conditions for patent and data rights.

B. Regulatory Flexibility Act

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the changes are merely clarifying existing coverage in the Grant Handbook.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this rule does not impose any new recordkeeping or information collection requirements, or collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501 *et seq.*

List of Subjects in 14 CFR Part 1260

Grant programs—science and technology.

Tom Luedtke,

Assistant Administrator for Procurement.

■ Accordingly, 14 CFR part 1260 is amended as follows:

■ 1. The authority citation for 14 CFR part 1260 continues to read as follows:

Authority: 42 U.S.C. 2473(c)(1), Pub. L. 97-258, 96 Stat. 1003 (31 U.S.C. 6301 *et seq.*), and OMB Circular A-110.

PART 1260—GRANTS AND COOPERATIVE AGREEMENTS

■ 2. Amend § 1260.20 by revising paragraph (e) to read as follows:

§ 1260.20 Provisions.

* * * * *

(e) Grants or cooperative agreements awarded by NASA to the Commercial Space Centers under the Space Development and Commercial Research (SDCR) Program require special conditions in lieu of those set forth at §§ 1260.28, Patent Rights, and 1260.30, Rights in Data. SDCR Special Conditions are required to be included in full text for all SDCR Grants and Cooperative Agreements (Exhibit E to subpart A of this part 1260). Changes or additions to these Special Conditions must be approved by the Office of Space Utilization and Product Development before the award of the grant or

cooperative agreement. Requests for changes or additions are to be coordinated through the Office of Procurement, Program Operations Division.

* * * * *

■ 3. Amend § 1260.28 by revising the date and paragraph (e) to read as follows:

§ 1260.28 Patent rights.

Patent Rights

May 2006

* * * * *

(e) The NASA implementing regulation for paragraph (g)(2) of the "Patent Rights" clause is at 48 CFR 1827.304-4(a)(i).

* * * * *

■ 4. Amend Exhibit E to subpart A of part 1260 by revising the introductory paragraph to read as follows:

The following Space Development and Commercial Research (SDCR) Special Conditions replace General Conditions §§ 1260.28, Patent Rights, and 1260.30, Rights in Data. Insert these Special Conditions in full text in all SDCR Grants and Cooperative Agreements in addition to the General Conditions in the NASA Grant and Cooperative Agreement Handbook (except for §§ 1260.28 and 1260.30). Any changes or additions to these Special Conditions must be approved by the Office of Procurement, NASA Headquarters, Procurement Operations Division, before award of the agreement.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[COTP Guam 06-008]

RIN 1625-AA00

Safety Zone; Tarague Basin and Adjacent Waters, GU

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone in the waters of the North Pacific Ocean bounded by a circle with a 2077-yard radius, centered at 13°35'35" North Latitude and 144°56'29" East Longitude (NAD 1983) in the vicinity of Pati Point, Guam. This safety zone is necessary to protect mariners who would otherwise transit or be within this area from possible safety hazards associated with U.S. Air Force detonation range

operations. Entry of persons or vessels into this temporary safety zone is prohibited unless authorized by the Captain of the Port (COTP).

DATES: This safety zone is effective from 8 a.m. on May 4, 2006 to 4 p.m. on July 30, 2006. The zone will be enforced every Sunday from 8 a.m. to 4 p.m. from May 4, 2006 to July 30, 2006. All times are Kilo, Local Time.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket COTP Guam 06-008 and are available for inspection or copying at Coast Guard Sector Guam between 7:30 a.m. and 3:30 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant (Junior Grade) Jose M. Rosario, U.S. Coast Guard Sector Guam at (671) 339-2001 Extension 159.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. The precise location of this detonation operation site, and the need for this safety zone, was not determined until less than 30 days before the range operations were scheduled to begin. Publishing an NPRM and delaying the effective date would be contrary to the public interest because the Air Force operations would begin before the rulemaking process was complete, thereby jeopardizing the safety of people and property unknowingly transiting or remaining in the area.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The COTP finds this good cause to be the immediate need for a safety zone to allay the aforementioned safety concerns surrounding the detonation operations.

Background and Purpose

The Coast Guard expects that, every Sunday from 8 a.m. to 4 p.m. from May 4, 2006 to July 30, 2006, the U.S. Air Force will conduct range operations within the Guam Captain of the Port Zone. The Coast Guard has determined that a temporary safety zone in the waters of Tarague Basin bounded by a circle with a 2077-yard radius in the vicinity of Pati Point, Guam is necessary to protect people and property from hazards associated with the operation.

Discussion of Rule

This temporary safety zone will be enforced every Sunday from 8 a.m. to 4 p.m. from May 4, 2006 to July 30, 2006. It is located within the Guam Captain of the Port Zone (See 33 CFR 3.70-15) and covers all waters bounded by a circle with a 2077-yard radius, centered at 13°35'35" North Latitude and 144°56'29" East Longitude (NAD 1983), from the surface of the water to the ocean floor.

The general regulations governing safety zones contained in 33 CFR 165.23 apply. Entry into, transit through, or anchoring within this zone is prohibited unless authorized by the Captain of the Port or a designated representative thereof. Any Coast Guard commissioned, warrant, or petty officer, and any other Captain of the Port representative permitted by law, may enforce the zone. The Captain of the Port may waive any of the requirements of this rule for any person, vessel, or class of vessel upon finding that application of the safety zone is unnecessary or impractical for the purpose of maritime safety.

Regulatory Evaluation

This rule is not a "significant regulatory action" under § 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under § 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. This expectation is based on the short durations of the zone and the limited geographic area affected by it.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule will have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. We expect that there will be little or no impact to small entities due to the narrowly tailored scope of this safety zone.
