

authorizes SBA to establish the terms and conditions for providing surety bond guarantee assistance and for paying claims resulting from any contractor defaults.

This information collection consists of forms relating to the application process for an SBA-guaranteed bond and claims for the reimbursement of losses, including SBA Forms 990, 991, 994, 994B, 994F, and 994H. Except in the case of SBA Form 994H, SBA uses the information to evaluate whether the small business applicant meets the eligibility requirements for a surety bond, as well as the likelihood that the small business will successfully complete the bonded contract. The information collected for this purpose includes: demographics on all owners of the bond applicant; the status of any current or past SBA financial assistance provided to the applicant; NAICS code for applicant's industry; financial statements; contract amount and nature of contract performance; and in the event performance has begun, evidence that applicant has paid all suppliers and subcontractors. With respect to SBA Form 994H, SBA uses the information collected to evaluate the surety's claim for reimbursement of losses. Surety is required to provide information regarding the date the small business defaulted on the contract; the reason for the default, the amount of any recoveries, and any additional information that would support the surety's claim for reimbursement.

Solicitation of Public Comments

SBA is requesting comments on (a) Whether the collection of information is necessary for the agency to properly perform its functions; (b) whether the burden estimates are accurate; (c) whether there are ways to minimize the burden, including through the use of automated techniques or other forms of information technology; and (d) whether there are ways to enhance the quality, utility, and clarity of the information.

Interest Rates

The Small Business Administration publishes an interest rate called the optional "peg" rate (13 CFR 120.214) on a quarterly basis. This rate is a weighted average cost of money to the government for maturities similar to the average SBA direct loan. This rate may be used as a base rate for guaranteed fluctuating interest rate SBA loans. This rate will be 2.88 percent for the April-June quarter of FY 2019.

Pursuant to 13 CFR 120.921(b), the maximum legal interest rate for any third party lender's commercial loan which funds any portion of the cost of a 504 project (see 13 CFR 120.801) shall be 6% over the New York Prime rate or, if that exceeds the maximum interest rate permitted by the constitution or laws of a given State, the maximum interest rate will be the rate permitted by the constitution or laws of the given State.
