

financial risks and their climate risk management practices may vary substantially based on institutions' size, complexity of operations, geographic footprint, business model, and risk profile. The range of practice will not result in an adequacy assessment as to the banks' current climate risk management program. The range of practice will:

- Inform the need for clarification or development of necessary supervisory expectations;
- Start to establish baseline supervisory knowledge;
- Help identify challenges and gaps in risk management frameworks; and
- Inform the agency on plans to evolve current practices.

Type of Review: Extension, without change, of a currently approved collection.

Affected Public: Businesses or other for-profit; individuals.

Estimated Number of Respondents: 20.

Estimated Burden per Respondent: 170 hours.

Total Burden: 3,400 hours.

On January 18, 2022, the OCC published a 60-day notice for this information collection, 87 FR 2667. The OCC received one comment, which was not directly relevant. Comments continue to be solicited on:

- Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- The accuracy of the OCC's estimates of the burden of the collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected;
- Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and
- Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
