Our estimate of eight ABs is based on the number of International Laboratory Accreditation Cooperation signatories in the U.S. economy. We estimate that approximately 150 testing laboratories will seek accreditation. Our estimate of test reports is based on the number of premarket submissions we expect per year with testing from an ASCA accredited testing laboratory as part of the ASCA Pilot Program.

Our estimates for the average burden per response, recordkeeping, and disclosure are based on the burden for similar programs.
