

Conservationist, Natural Resources Conservation Service, 3737 Government Street, Alexandria, Louisiana 71302; Telephone number (337) 473-7751.

SUPPLEMENTARY INFORMATION: The environmental assessment of the federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Donald W. Gohmert, State Conservationist, has determined that the preparation and review of an Environmental Impact Statement is not needed for this project.

This project proposes to reduce the erosion rates of the shoreline at Cheniere Au Tigre by constructing a series of segmented, rock breakwaters. This project will provide protection to approximately 75 acres of brackish marsh, upland shrub/scrub, and upland forest against loss.

The notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various federal, state, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Donald W. Gohmert.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Donald W. Gohmert,
State Conservationist.

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Notice of Finding of No Significant Impact

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of finding of no significant impact.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS), has made a finding of no significant impact (FONSI) regarding its approval of front end financing for purchase of combustion turbines by borrowers prior to the completion of a site specific environmental review.

FOR INFORMATION CONTACT: Lawrence R. Wolfe, Engineering and Environmental Staff, Rural Utilities Service, Stop 1571, 1400 Independence Avenue, SW., Washington, DC 20250-1571, telephone

(202) 720-1784. The E-mail address is lwolfe@rus.usda.gov.

SUPPLEMENTARY INFORMATION: On December 11, 2000, the Rural Utilities Service (RUS) issued a programmatic analysis that reconciles RUS procedural requirements for environmental analysis with the emerging needs of a deregulating electric utility industry.

No potential significant impacts resulting from the implementation of this proposed action have been identified. Therefore, RUS has determined that this finding of no significant impact fulfills its obligations under the National Environmental Policy Act, as amended (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality Regulations (40 CFR parts 1500-1508), and RUS' Environmental Policies and Procedures (7 CFR part 1794) for the proposed action.

RUS has determined that its action will not have a significant impact on the quality of the human environment. Therefore, an environmental impact statement will not be prepared for this action.

Dated: January 18, 2001.

Blaine D. Stockton, Jr.,

Assistant Administrator-Electric Rural Utilities Service.

BILLING CODE 3410-15-P

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Georgia Transmission Corporation; Notice of Finding of No Significant Impact

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of finding of no significant impact.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact (FONSI) with respect to a request from Georgia Transmission Corporation for assistance from the RUS to finance the construction of a 230 kV transmission line in Cobb County, Georgia.

FOR FURTHER INFORMATION CONTACT: Bob Quigel, Environmental Protection Specialist, Engineering and Environmental Staff, RUS, Stop 1571, 1400 Independence Avenue, SW., Washington, DC 20250-1571, telephone (202) 720-0468, e-mail at bquigel@rus.usda.gov.

SUPPLEMENTARY INFORMATION: The project will consist of a 230 kV electric transmission line that will interconnect the existing South Acworth Substation

and the existing Hawkins Store Road Substation. It will be 7.1 miles long and will be located near Acworth and Kennesaw, Georgia, in northern Cobb County. The transmission line will require a 25 to 35-foot wide corridor adjacent to existing rights-of-way such as roads and railroads. Where the transmission line will not be adjacent to an existing right-of-way, a 100-foot wide corridor will be necessary. The transmission line will be suspended via concrete or steel single-pole structures which will support three conductors and an overhead ground wire. The support structures will average 75 to 80 feet in height and will be spaced approximately 500 to 600 feet apart.

Copies of the FONSI are available for review at, or can be obtained from, RUS at the address provided herein or from Ms. Susan Ingall, Georgia Transmission Corporation, 2100 East Exchange Place, Tucker, Georgia 30085-2088, telephone (770) 270-7425. Susan's e-mail address is susan.ingall@gatrans.com.

Dated: January 17, 2001.

Blaine D. Stockton,

Assistant Administrator, Electric Program.

DEPARTMENT OF COMMERCE

[I.D. 011901A]

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Management and Oversight of the National Estuarine Research Reserve System.

Form Number(s): None.

OMB Approval Number: 0648-0121.

Type of Request: Regular submission.

Burden Hours: 14,180.

Number of Respondents: 27.

Average Hours Per Response: 2,000 hours for a management plan; 2,000 hours for a site nomination; 15 hours for an annual report/work plan; and 2 hours for a categorical exclusion checklist, for comments from a state Historic Preservation Office, for a preliminary engineering report for projects involving construction, or for a Federal Consistency Certification.

Needs and Uses: The National Estuarine Research Reserve System
