

to modify the application of 30 CFR 75.1200(d) & (i) (Mine map) to its Rocky Top Mine (MSHA I.D. No. 36-09072) located in Schuylkill County, Pennsylvania. The petitioner proposes to use cross-sections instead of contour lines through the intake slope, at locations of rock tunnel connections between veins, and at 1,000 foot intervals of advance from the intake slope. The petitioner also proposes to limit the required mapping of the mine workings above and below to those present within 100 feet of the vein being mined except those veins that are interconnected to other veins beyond the 100-foot limit through rock tunnels. The petitioner asserts that due to the steep pitch encountered in mining anthracite coal veins, contours provide no useful information and their presence would make portions of the map illegible. The petitioner further asserts that use of cross-sections in lieu of contour lines has been practiced since the late 1800's thereby providing critical information relative to the spacing between veins and proximity to other mine workings that fluctuate considerably. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

10. H & M Coal Company

[Docket No. M-2002-122-C]

H & M Coal Company, 48 Meadowview Road, Pine Grove, Pennsylvania 17963 has filed a petition to modify the application of 30 CFR 75.1202 and 30 CFR 75.1202-1(a) (Temporary notations, revisions, and supplements) to its Rocky Top Mine (MSHA I.D. No. 36-09072) located in Schuylkill County, Pennsylvania. The petitioner proposes to revise and supplement mine maps annually instead of every 6 months as required, and to update maps daily by hand notations. The petitioner also proposes to conduct surveys prior to commencing retreat mining and whenever either a drilling program under 30 CFR 75.388 or plan for mining into inaccessible areas under 30 CFR 75.389 is required. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

Request for Comments

Persons interested in these petitions are encouraged to submit comments via e-mail to comments@msha.gov, or on a computer disk along with an original hard copy to the Office of Standards, Regulations, and Variances, Mine Safety and Health Administration, 1100 Wilson Boulevard, Room 2352,

Arlington, Virginia 22209. All comments must be postmarked or received in that office on or before February 10, 2003. Copies of these petitions are available for inspection at that address.

Dated at Arlington, Virginia this 3rd day of January 2003.

Marvin W. Nichols, Jr.,

Director, Office of Standards, Regulations, and Variances.
