

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket No. AD24-7-000]****Federal and State Current Issues Collaborative; Notice Announcing Meeting**

On March 21, 2024, the Commission established a Federal and State Current Issues Collaborative (Collaborative) to explore cross-jurisdictional issues relevant to FERC and state utility commissions.<sup>1</sup>

The second public meeting of the Collaborative will be held on April 30, 2025, from approximately 9:00 a.m.–1:00 p.m. EST, in the Kevin J. McIntyre Commission Meeting Room at the Federal Energy Regulatory Commission in Washington, DC. The meeting will be open to the public for listening and observing and on the record. There is no fee for attendance and registration is not required. The public may also attend via Webcast. This conference will be transcribed. Transcripts will be available for a fee from Ace Reporting, 202-347-3700.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to [accessibility@ferc.gov](mailto:accessibility@ferc.gov) or call toll free 1-866-208-3372 (voice) or 202-208-8659 (TTY), or send a fax to 202-208-2106 with the required accommodations.

The overarching topic the Collaborative will discuss is gas-electric coordination. As explained in the Establishing Order, the Commission will issue agendas for each meeting, after consulting with members of the Collaborative and considering suggestions from state commissions.<sup>2</sup> The Commission will issue the specific agenda for the second public meeting no later than April 16, 2025.

More information about the Collaborative is available here: <https://www.ferc.gov/federal-state-current-issues-collaborative>. For questions related to the Collaborative, please contact: Rob Thormeyer, 202-502-8694, [robert.thormeyer@ferc.gov](mailto:robert.thormeyer@ferc.gov), CeCe Coffey, 202-502-8040, [cecelia.coffey@ferc.gov](mailto:cecelia.coffey@ferc.gov), or J. Bradford Ramsey, 202-898-2207, [jramsay@naruc.org](mailto:jramsay@naruc.org).

Dated: February 20, 2025.

Debbie-Anne A. Reese,  
*Secretary.*

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket No. CP25-30-000]****Florida Gas Transmission, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the South Central Louisiana Project**

On December 13, 2024, Florida Gas Transmission Company, LLC (FGT) filed an application in Docket No. CP25-30-000 requesting a Certificate of Public Convenience and Necessity pursuant to section 7(c) the Natural Gas Act to construct and operate certain natural gas pipeline facilities. The proposed project is known as the South Central Louisiana Project (Project). FGT would construct, modify, install, own, operate and maintain certain natural gas compressor stations and auxiliary facilities in St. Landry and East Baton Rouge Parishes, Louisiana.

On December 31, 2024, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a Federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.<sup>1</sup> The EA will be issued for a 30-day comment period.

**Schedule for Environmental Review**

Issuance of EA—July 25, 2025

90-day Federal Authorization Decision

Deadline<sup>2</sup>—October 23, 2025

<sup>1</sup> For tracking purposes, the Council on Environmental Quality unique identification number for documents relating to this environmental review is EAXX-019-20-000-1739964549. 40 CFR 1501.5(c)(4) (2024).

<sup>2</sup> The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

**Project Description**

The South Central Louisiana Project would update one existing natural gas-fired compressor turbine unit and re-wheel three existing natural gas-fired compressor turbine units in St. Landry Parish, Louisiana; construct one new natural gas-fired turbine compressor unit East Baton Rouge Parish, Louisiana; construct approximately 700 feet of new 30-inch suction and 30-inch discharge header piping at CS8; and install/modify auxiliary facilities as needed. The purpose of the Project is to provide an additional firm transportation capacity of up to 75,000 million British thermal units per day of natural gas.

**Background**

On January 30, 2025, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed South Central Louisiana Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. All substantive comments will be addressed in the EA.

**Additional Information**

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

Additional information about the Project is available from the Commission's Office of External Affairs
