Small Business Investment Companies; Increase in Maximum Leverage Ceiling

13 CFR 107.1150(a) sets forth the maximum amount of Leverage (as defined in 13 CFR 107.50) that a Small Business Investment Company may have outstanding at any time. The maximum Leverage amounts are

adjusted annually based on the increase in the Consumer Price Index published by the Bureau of Labor Statistics. The cited regulation states that SBA will publish the indexed maximum Leverage amounts each year in a Notice in the **Federal Register**.

Accordingly, effective the date of publication of this notice, and until further notice, the maximum Leverage amounts under 13 CFR 107.1150(a) are as stated in the following table:

If your leverageable capital is:	Then your maximum leverage is:
(1) Not over \$21,200,000	300 percent of Leverageable Capital.

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of denial to waive the Nonmanufacturer Rule for Personal Computers.

SUMMARY: The U.S. Small Business Administration (SBA) is denying a request for a waiver of the Nonmanufacturer Rule for Personal Computers based on our discovery of small business manufacturers for this class of product. Denying this waiver will require recipients of contracts set aside for small businesses, service-disabled veteran-owned small businesses, or SBA's 8(a) Business Development Program to provide the products of small business manufacturers or processors on such contracts.

DATE: This notice of denial is effective November 28, 2006.

FOR FURTHER INFORMATION CONTACT: Edith Butler, Program Analyst, by telephone at (202) 619-0422; by fax at (202) 481-1788; or by e-mail at edith.butler@sba.gov.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act (Act), 15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside

for small businesses, service-disabled veteran-owned small businesses, or SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule.

The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1202(c), in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal Government within the last 24 months. The SBA defines "class of products" based on a six digit coding system. The coding system is the Office of Management and Budget North American Industry Classification System (NAICS).

The SBA received a request on September 21, 2006, to waive the Nonmanufacturer Rule for Personal Computers. In response, on October 12, 2006, SBA published in the **Federal Register** a notice of intent to waive the Nonmanufacturer Rule for Personal Computers. SBA explained in the notice that it was soliciting comments and sources of small business manufacturers of this class of product. In response to that October 12, 2006 notice, SBA received comments from small business manufacturers indicating that they have

furnished this product to the Federal Government.

Accordingly, based on the available information, SBA has determined that there are small business manufacturers of this class of product, and, is therefore denying the class waiver of the Nonmanufacturer Rule for Personal Computers, NAICS code 334111.

Dated: November 6, 2006.

Arthur E. Collins,
Acting Associate Administrator for Government Contracting.
