AGENCY: Millennium Challenge Corporation.

ACTION: Notice.

SUMMARY: In accordance with Section 610(b)(2) of the Millennium Challenge Act of 2003 (Pub. L. 108-199, Division D), the Millennium Challenge Corporation (MCC) is publishing a summary and the complete text of the Millennium Challenge Compact between the United States of America, acting through the Millennium Challenge Corporation, and the Republic of Indonesia. Dated: November 23, 2011.

Melvin F. Williams, Jr.,

VP/General Counsel and Corporate Secretary, Millennium Challenge Corporation.

Summary of Millennium Challenge Compact With the Republic of Indonesia

The five-year, \$600 million compact with the Government of Indonesia (the "GOI") is aimed at reducing poverty through economic growth (the "Compact"). To this end, the Compact's three projects are intended to increase incomes of households in project areas through increased productivity of labor and enterprises, reduced household energy costs, and improved provision of growth-enhancing goods and services by the public sector.

1. Project Overview and Activity Descriptions

To advance the Compact goal of reducing poverty through economic growth, the Compact will fund three projects. The *Green Prosperity Project* aims to (i) increase productivity and reduce reliance on fossil fuels by expanding renewable energy; and (ii) increase productivity by improving land use practices and management of natural resources. These objectives are consistent with GOI development plans to support low carbon economic development and the protection of natural capital leading to increased household incomes in project areas. The *Community-Based Health and Nutrition to Reduce Stunting Project* aims to reduce and prevent low birth weight, childhood stunting, and
