

requirements for a project receiving Department of Commerce (DOC) bureau-level funding, DOC must assess information which can only be provided by the applicant for federal financial assistance (grant). These include mainly grants to applicants for federal assistance and federal entities proposing construction or infrastructure projects. NEPA requires that a number of items be considered prior to funding and conducting any activity.

The Environmental Questionnaire and Checklist (EQC) provides federal financial assistance applicants and DOC staff with a tool to ensure that the necessary project and environmental information is obtained. The EQC was developed to collect data concerning potential environmental impacts and help educate the Federal reviewer about the project, streamline the collection of data, and maintain consistency in quality and quantity of information received. The EQC will allow for a more rapid review of infrastructure projects and facilitate DOC in evaluating the potential environmental impacts of a project and level of NEPA required. DOC staff will use the information provided in answers to the questionnaire to determine compliance requirements for NEPA and conduct subsequent NEPA analysis as needed. Information provided in the questionnaire may also be used for other regulatory review requirements associated with the proposed project, such as the National Historic Preservation Act.

Revision: The checklist is being revised to improve understanding and clarity of the questions.

Affected Public: \$1,000 in miscellaneous costs (\$5 x approximately 200 respondents who would mail attachments rather than emailing them).

Frequency: On occasion.

Respondent's Obligation: Required to obtain or maintain benefits.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or faxed to (202) 395-5806.

Dated: April 23, 2014.

Gwellnar Banks,
Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-NW-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Office of the Secretary, Office of the Chief Information Officer.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 0690-0030.

Form Number(s): Not applicable.

Type of Request: Regular submission (extension of a currently approved information collection).

Number of Respondents: 244,710.

Average Hours per Response: 5 to 30 minutes for surveys; 1 to 2 hours for focus groups; 30 minutes to 1 hour for interviews (Other response times will depend on the type of information collected).

Burden Hours: 63,134.

Needs and Uses: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that the Department of Commerce (DOC) programs are effective and meet our customers' needs we use a generic clearance process to collect qualitative feedback on our service delivery. This collection of information is necessary to enable DOC to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services.

Affected Public: Individuals or households; Businesses or other for-profit organizations; Not-for-profit institutions; State, Local or Tribal Government; Federal Government.

Frequency: One-time; Annually.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: April 23, 2014.

Gwellnar Banks,
Management Analyst, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-489-815]

Light-Walled Rectangular Pipe and Tube From Turkey; Preliminary Results of Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Yücel Boru ve Profil Endüstrisi A.S. and Yücelboru ihracat İthalat ve Pazarlama A.S. (collectively, Yücel), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on light-walled rectangular pipe and tube from Turkey. The period of review (POR) is May 1, 2012, through April 30, 2013. We preliminarily find that Yücel did not make sales at prices below normal value (NV) during the POR. We invite interested parties to comment on these preliminary results.

DATES: *Effective Date:* April 29, 2014.

FOR FURTHER INFORMATION CONTACT: Mark Flessner or Robert James, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6312 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by the order is certain welded carbon quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 millimeters. The merchandise subject to the order is classified in the Harmonized Tariff Schedule of the United States at subheadings 7306.61.50.00 and 7306.61.70.60.

For a full description of the scope of the order, see the memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul

Piquado, Assistant Secretary for Enforcement and Compliance, entitled "Light-Walled Rectangular Pipe and Tube from Turkey: Decision Memorandum for the Preliminary Results of Antidumping Duty Administrative Review; 2012–2013" (Preliminary Decision Memorandum), which is dated concurrently with this notice and is hereby incorporated by reference.¹ The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Methodology

The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). EP is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Results of the Review

As a result of this review, we preliminarily determine the following weighted-average dumping margin for the period May 1, 2012, through April 30, 2013:

Exporter or producer	Weighted-average dumping margin (percent)
Yücel Boru ve Profil Endustrisi A.S	0.00

Disclosure and Public Comment

The Department intends to disclose to interested parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice.² Pursuant to 19 CFR 351.309(c),

interested parties may submit cases briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.³ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁴ Case and rebuttal briefs should be filed using IA ACCESS.⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via IA ACCESS. An electronically filed document must be received successfully in its entirety by the Department's electronic records system, IA ACCESS, by 5:00 p.m. Eastern Standard Time within 30 days after the date of publication of this notice.⁶ Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. If a request for a hearing is made, parties will be notified of the date and time of the hearing to be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

The Department intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in all written case briefs, within 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon completion of the administrative review, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries.⁷ If Yücel's weighted-average dumping margin is not zero or *de minimis* in the final results of this review, we will calculate importer-

specific assessment rates on the basis of the ratio of the total amount of dumping calculated for an importer's examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1). If Yücel's weighted-average dumping margin is zero or *de minimis* in the final results of review, or an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of light-walled rectangular pipe and tube from Turkey entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Yücel will be the weighted-average dumping margin established in the final results of this administrative review except if the rate is *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 27.04 percent *ad valorem*, the all-others rate established in the less-than-fair-value investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation

³ See 19 CFR 351.309(d).

⁴ See 19 CFR 351.309(c)(2) and (d)(2).

⁵ See 19 CFR 351.303.

⁶ See 19 CFR 351.310(c).

⁷ In these preliminary results, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

¹ A list of the topics discussed in the Preliminary Decision Memorandum appears in the Appendix to this notice.

² See 19 CFR 351.224(b).

⁸ See *Notice of Antidumping Duty Order: Light-Walled Rectangular Pipe and Tube From Turkey*, 73 FR 31065 (May 30, 2008).

of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h)(1).

Dated: April 21, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration

Infrastructure Business Development Mission to Morocco, Egypt, and Jordan December 3–11, 2014

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

Mission Description

The United States Department of Commerce, International Trade Administration is organizing an Executive-led Infrastructure Business Development Mission to Morocco, Egypt, and Jordan from December 3–11, 2014.

The purpose of the mission is to introduce U.S. firms and trade associations to Morocco, Egypt, and Jordan's rapidly expanding infrastructure markets and to assist U.S. companies to pursue export opportunities in these markets. The mission is intended to include representatives from U.S. companies and U.S. trade associations with members that provide infrastructure-related technologies, project managers and implementers, as well as companies with efficient energy equipment and

technologies. The mission will visit three countries, Morocco, Egypt and Jordan, where the delegates will receive market briefings and participate in customized meetings with key port officials and prospective partners. Participants may also opt to receive briefings on opportunities and have meetings in the efficient energy infrastructure market in the West Bank for an additional cost.

Targeted sectors include:

- *Efficient Energy Technologies, Equipment and Services*
 - Electrical generating equipment
 - Gas and steam turbine units
 - Clean coal technology
 - Transmission and distribution equipment and services
 - Wind and solar energy technology and equipment
 - Products and services related to power industries and electricity grid
 - Compressed Natural Gas (CNG) and Liquefied Natural Gas (LNG) technologies and peripherals
- *Transportation Infrastructure and Equipment*
 - New and refurbished locomotives
 - New bulk car and other dedicated rolling fleets
 - Smart Signaling and operations' automation
 - Business model analysis
 - Strategic route design and network planning
 - Road/Freight Transport
 - Public Transport/Public Transit link
- *Water and Waste Treatment*
 - Water Demand Projects
 - Water Supply Projects
 - Wastewater technology
 - Sanitation equipment
 - Water desalination
- *Marine and Ports Infrastructure*
 - Dredging equipment
 - Conveyors
 - Freight handling equipment
 - Storage equipment
 - Cranes
 - Navigation equipment
 - Stevedoring
 - Warehousing
 - Cold storage facilities
- *Tourism and Building Construction*
 - Entertainment technology (Resorts and parks)
 - Pipeline equipment
 - Green Building Technologies
 - Utilities and Infrastructure

Although focused on the sectors above, the mission also will consider participation from companies in other appropriate sectors as space permits.

Commercial Setting

Governments across the Middle East and North Africa are increasingly aware that continual change is needed to meet the growing demand of a total population of 124.5 million (33m Morocco, 85m Egypt, 6.5m Jordan) for infrastructure expansion and upgrade. Infrastructure expansion in the region is expected to grow at an annual rate of 5–7% in 2014. Many of the region's governments have issued aggressive targets for infrastructure development in energy, transportation, aviation, ports, and water treatment, construction of housing, and roads & bridges, which could mean great opportunities for U.S. exporters.

Over the next few years, the private sector can play a big role in further realizing the potential in infrastructure projects throughout North Africa and the Levant. U.S. companies will benefit from exploring the market at early stages and introducing their advanced technologies. The governments of Morocco, Egypt, and Jordan are in various stages of tendering infrastructure projects. Several financial institutions have noted the growing appetite for investments in infrastructure and have developed tailored programs to meet the demand. The European Bank for Reconstruction and Development, Overseas Private Investment Corporation and the U.S. Trade and Development Agency are all exploring opportunities to invest in infrastructure projects in North Africa and the Levant.

Morocco

Morocco is solidifying its age-old position as a commercial bridge between Europe and West Africa, and modern infrastructure in the form of world-class ports, airports, and rail links are key to realizing this goal. Strategically located along the Strait of Gibraltar just a seven-hour flight from New York, NY and three hours from Paris, Morocco is seen more and more as a regional hub in North West Africa for transportation and business. Morocco's moderate Mediterranean climate on 2,750 miles (3,500 kilometers (km)) of coastline and its developing infrastructure make it an attractive location for business and leisure. To meet the domestic demand for infrastructure, the Moroccan government plans to invest, by 2015, more than \$15 billion to upgrade its basic infrastructure. In addition, given Morocco's growing population and the economic importance of agriculture, a plethora of projects are underway in water technologies including
