## DEPARTMENT OF DEFENSE

### Department of the Army

#### Board of Visitors for the U.S. Army Command and General Staff College Meeting Notice

**AGENCY:** Department of the Army, Department of Defense (DoD).

**ACTION:** Notice of open meeting.

**SUMMARY:** The Department of the Army is publishing this notice to announce the following Federal Advisory Committee meeting of the Board of Visitors for the U.S. Army Command and General Staff College (CGSC), Fort Leavenworth, KS. This meeting is open to the public.

**DATES:** The Board of Visitors will meet from 8:30 a.m. to 4:30 p.m. on Monday, March 3, 2025, and Thursday, March 4, 2025. The Board of Visitors will meet from 8:30 a.m. to 11:00 a.m. on Wednesday, March 5, 2025.

**ADDRESSES:** Lewis and Clark Center, 100 Stimson Ave., Fort Leavenworth, KS 66027.

**FOR FURTHER INFORMATION CONTACT:** Dr. Dale Spurlin, Alternate Designated Federal Officer for the Committee, by email at [dale.f.spurlin.civ@army.mil](mailto:dale.f.spurlin.civ@army.mil), or by telephone at (913) 684-2742.

**SUPPLEMENTARY INFORMATION:** The committee meeting is being held under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of

1976 (5 U.S.C. 552b, as amended), 41 CFR 102-3.140(c), and 41 CFR 102-3.150.

**Purpose of the Meeting:** The Board of Visitors for the U.S. Army Command and General Staff College (CGSC) is a subcommittee of the Army Education Advisory Committee—a non-discretionary Federal Advisory Committee. The CGSC Board of Visitors is chartered to provide the Secretary of Defense, through the Secretary of the Army, independent advice and recommendations on matters pertaining to the Command and General Staff College's mission, specifically academic policies, staff and faculty development, student success indicators, curricula, educational methodology and objectives; other matters relating to the CGSC that the board decides to consider; and other items that the Secretary of Defense determines appropriate. The board provides expert and continuous advice on ways to improve the CGSC educational program, especially with regard to its master's degree programs and the maintenance of regional academic accreditation by the Higher Learning Commission. The Secretary of Defense may act on the committee's advice and recommendations.

**Agenda:** Overview briefing from the CGSC Dean of Academics; updates on and observations of CGSC operations, curricula, and educational initiatives; briefing and discussion on current challenges within the CGSC; and presentation of other information appropriate to the board and CGSC interests.

**Public Accessibility to the Meeting:** Pursuant to 5 U.S.C. 552b, as amended, and 41 CFR 102-3.140 through 102-3.165, and subject to the availability of space, this meeting is open to the public. A 30-minute period between 10:30 a.m. to 11:00 a.m. on March 5, 2025, will be available for verbal public comments. Seating is on a first to arrive basis. Attendees are requested to submit their name, affiliation, and daytime phone number seven business days prior to the meeting to Dr. Spurlin, via electronic mail at the address listed in the **FOR FURTHER INFORMATION CONTACT** section. Because the meeting of the committee will be held in a Federal Government facility on a military base, security screening is required. A photo ID is required to enter the base. Please note that security and gate guards have the right to inspect vehicles and persons seeking to enter and exit the installation. The Lewis and Clark Center is fully handicap accessible. Wheelchair access is available in front at the main entrance of the building. For additional

information about public access procedures, contact Dr. Spurlin at the email address or telephone number listed in the **FOR FURTHER INFORMATION CONTACT** section.

**Written Comments and Statements:** Pursuant to 41 CFR 102-3.105(j) and 102-3.140 and section 10(a)(3) of the Federal Advisory Committee Act, the public or interested organizations may submit written comments or statements to the committee, in response to the stated agenda of the open meeting or regarding the committee's mission in general. Written comments or statements should be submitted to Dr. Spurlin via electronic mail at the address listed in the **FOR FURTHER INFORMATION CONTACT** section. Written comments or statements being submitted in response to the agenda set forth in this notice must be received at least five business days prior to the meeting to be considered by the committee. The Designated Federal Officer will review all timely submitted written comments or statements with the committee chairperson, and ensure the comments are provided to all members of the committee before the meeting. Written comments or statements received after this date will be filed and presented to the committee during its next meeting.

**James W. Satterwhite, Jr.**

*Army Federal Register Liaison Officer.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 1988-104]

#### Pacific Gas & Electric Company; Notice of Availability of Final Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Pacific Gas & Electric's (licensee) application for a temporary variance from flow releases under Article 402 of the Haas-Kings Hydroelectric Project No. 1988 and have prepared an Environmental Assessment (EA) for the project.<sup>1</sup> The licensee

<sup>1</sup> In accordance with the Council on Environmental Quality's regulations, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1735547792. 40 CFR 1501.5(c)(4) (2024).

respondent. The estimated average burden hours increased from 1,148.5 to 1,149.5. In the prior renewal, two functions were combined and used for calculating the estimated burden hours. Separating these functions resulted in an adjustment to burden hours.

proposes to eliminate its supplemental release of 15 cubic feet per second (cfs) into Dinkey Creek, as measured at the discharge point by gage KI-31, from January 6 through May 31, 2025, so that it could replace and test a turbine shut-off valve. This replacement requires the dewatering of the Kings River tunnel and penstock, from which the supplemental flows are discharged, and that all other minimum flow requirements in other waterbodies will be maintained. The project is located on Dinkey Creek, 0.31 miles upstream of its connection with the Nork Fork Kings River, in Fresno County, California. The project occupies Federal lands within the Sierra National Forest managed by the U.S. Forest Service, and lands managed by U.S. Army Corps of Engineers, and Bureau of Land Management.

The final EA contains Commission staff's analysis of the potential environmental effects of the proposed temporary flow variance, alternatives to the proposed action, and concludes that the proposed variance, would not constitute a major Federal action that would significantly affect the quality of the human environment.

The final EA may be viewed on the Commission's website at <https://www.ferc.gov> using the "elibrary" link. Enter the docket number (P-1988-104) in the docket number field to access the document. For assistance, contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

For further information, contact Katie Schmidt at (415) 369-3348 or [katherine.schmidt@ferc.gov](mailto:katherine.schmidt@ferc.gov).

Dated: January 30, 2025.

**Debbie-Anne A. Reese,**  
Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP25-30-000]

#### Florida Gas Transmission Company, LLC: Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed South Central Louisiana Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental document, that will discuss the environmental impacts of the South Central Louisiana Project involving construction and operation of facilities by Florida Gas Transmission Company, LLC (FGT) in St. Landry and East Baton Rouge Parishes, Louisiana. The Commission will use this environmental document in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies regarding the project. As part of the National Environmental Policy Act (NEPA) review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. This gathering of public input is referred to as "scoping." The main goal of the scoping process is to focus the analysis in the environmental document on the important environmental issues. Additional information about the Commission's NEPA process is described below in the *NEPA Process and Environmental Document* section of this notice.

By this notice, the Commission requests public comments on the scope of issues to address in the environmental document. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC on or before 5 p.m. Eastern Time on March 1, 2025. Comments may be submitted in written form. Further details on how to submit comments are provided in the *Public Participation* section of this notice.

Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission

staff determine what issues they need to evaluate in the environmental document. Commission staff will consider all written comments during the preparation of the environmental document.

If you submitted comments on this project to the Commission before the opening of this docket on December 13, 2024, you will need to file those comments in Docket No. CP25-30-000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable easement agreement. You are not required to enter into an agreement. However, if the Commission approves the project, the Natural Gas Act conveys the right of eminent domain to the company. Therefore, if you and the company do not reach an easement agreement, the pipeline company could initiate condemnation proceedings in court. In such instances, compensation would be determined by a judge in accordance with state law. The Commission does not subsequently grant, exercise, or oversee the exercise of that eminent domain authority. The courts have exclusive authority to handle eminent domain cases; the Commission has no jurisdiction over these matters.

FGT provided landowners with a fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" which addresses typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. This fact sheet along with other landowner topics of interest are available for viewing on the FERC website ([www.ferc.gov](http://www.ferc.gov)) under the Natural Gas, Landowner Topics link.

#### Public Participation

There are three methods you can use to submit your comments to the Commission. Please carefully follow these instructions so that your comments are properly recorded. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov).
