AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Clifford Taffet, room 7266, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized building and real property controlled by such agencies or by GSA regarding its

inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88–2503–OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B–41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443–2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should

call the toll free information line at 1–800–927–7588 for detailed instructions or write a letter to Clifford Taffet at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses; DOT: Mr. Eugene Spruill, Space Management, SVC–140, Transportation Administrative Service Center, Department of Transportation, 400 7th Street, SW, Room 2310, Washington, DC 20590; (202) 366–4246; GSA: Mr. Brian K. DEPARTMENT OF THE INTERIOR

Central Utah Project Completion Act

AGENCY: Office of the Assistant Secretary—Water and Science, Department of the Interior.

ACTION: Notice of termination of a lease of the power privilege process for the Diamond Fork Area of the Central Utah Project.

SUMMARY: The process for non-federal development of hydroelectric power in the Diamond Fork area was established through a **Federal Register** Notice (FRN)

published December 19, 1994. The FRN announced the Department of Interior's (Interior) intent to issue a lease of power privilege in the Diamond Fork area, Utah.

The FRN presented background information, proposal content guidelines, information concerning the selection of a non-federal entity to develop hydroelectric power in the Diamond Fork area, and power purchasing and/or marketing considerations. The FRN also established a deadline for a potential lessee to enter into a lease with the United States as 5 years after notification of the selection of a potential lessee.

On May 1, 1995, two proposals were received in response to the FRN that specifically focused on CUP Diamond Fork System facilities. One proposal was submitted by the Western States Power Corporation and another by a joint partnership of the Strawberry Water Users Association (SWUA) and the Central Utah Water Conservancy District (CUWCD). The proposals were reviewed, and a recommendation was made, by a team consisting of individuals from the Bureau of Reclamation, Western Area Power Administration, Bonneville Power Administration, and the Army Corps of Engineers.

On May 1, 1996, Interior made notification of the selection of SWUA/CUWCD as the successful potential joint lessee for the Diamond Fork System lease of power privilege. This notification established the deadline for entering into a lease with the United States as May 1, 2001.

Since the deadline for entering into a lease has now passed and a lease has not been negotiated and executed, Interior has rescinded the selection of SWUA/CUWCD as the successful potential joint lessee and has terminated this lease of power privilege process for the Diamond Fork System.
