DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. AD14-6-000]

New York Independent System Operator, Inc.; Supplemental Notice of Technical Conference

As announced in the Notice issued on January 28, 2014, the Federal Energy Regulatory Commission (Commission) staff will hold a technical conference on February 26, 2014, from 9:00 a.m. to approximately 1:00 p.m. (Eastern Time), to discuss with interested parties whether to model Load Zone K as an export-constrained zone for future Demand Curve reset proceedings.¹

The conference will be held at the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The technical conference will be led by staff, and will be open for the public to attend. The conference will include a background presentation by New York Independent System Operator, Inc. as well as technical questions from Commission Staff. There

will also be opportunities for comments and questions from other conference attendees. The specific agenda and procedures to be followed at the conference will be announced by staff at the opening of the conference. Attendees should be prepared to discuss the following:

1. Whether Zone K (Long Island) can be modeled as export constrained Load Zone.

2. Whether Zone K should be included as a nested zone within the current G-J Locality so that the larger zone would become a G-K Locality. If not, what rationale supports allowing Zone K to be a nested zone within NYCA, but not a nested zone within the G-J Locality? Specifically, how can generation capacity located in Zone K be made available to serve the reliability needs of Zones A-F but not the reliability needs of Zones G-J?

3. Whether sufficient transmission capability exists to allow at least some capacity located in Zone K to reliably serve the needs of loads in Zones G-J. If so, what limits, if any, should be placed on the amount of capacity in Zone K that could be relied upon to serve the needs of loads in Zones G-J? How should those limits be determined?

The January 28, 2014 Notice of Technical Conference stated that there will be a free webcast of the conference available. We will not be able to provide webcasting for this event. However, those wishing to receive teleconferencing should inform us by Monday, February 24, by sending an email request to sarah.mckinley@ferc.gov. Please put "teleconference request" on the subject line, and include your name, email and telephone number. Teleconference information will be emailed to you by February 25, 2014. The technical conference will be transcribed.

Attendees may register in advance at the following Web page: <https://www.ferc.gov/whats-new/registration/zone-k-02-26-14-form.asp>. Advance registration is not required, but is encouraged. Parties attending in person should still allow time to pass through building security procedures before the 9:00 am (Eastern Time) start time of the conference.

Following the conference, the Commission will consider post-technical conference comments submitted on or before March 26, 2014. Answers to post-technical conference comments are due by close of business on or before April 16, 2014.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please

send an email to accessibility@ferc.gov or call toll free 1-866-208-3372 (voice) or 202-502-8659 (TTY), or send a FAX to 202-208-2106 with the required accommodations.

All interested persons are permitted to attend. For more information about the technical conference, please contact:

ENVIRONMENTAL PROTECTION AGENCY

[Petition IV-2011-1; FRL-9907-12-Region 9]

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Hu Honua Bioenergy Facility, LLC; Pepeekeo, Hawaii

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition to object to a state operating permit.

SUMMARY: Pursuant to Clean Air Act (CAA) Section 505(b)(2) and 40 CFR 70.8(d), the EPA Administrator signed an Order, dated February 7, 2014, partially granting and partially denying a petition to object to a CAA title V operating permit proposed by the Clean Air Branch, Environmental Management Division, Hawaii Department of Health (HDOH) for the Hu Honua Bioenergy Facility, LLC (Hu Honua) in Pepeekeo, Hawaii. For the Issues that EPA denied, the Order constitutes a final action on the petition submitted by the Law Office of Marc Chytilo, on behalf of Preserve Pepeekeo Health & Environment (Petitioner), on August 26, 2011. Pursuant to section 505(b)(2) of the CAA, a petitioner may seek judicial review in the United States Court of Appeals for the appropriate circuit of those portions of the petition which EPA denied. Any petition for review shall be filed within 60 days from the date this notice appears in the Federal

¹ New York Indep. Sys. Operator, Inc., 144 FERC ¶61,126 (2013).

Register, pursuant to section 307 of the CAA.

ADDRESSES: Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 9; Air Division; 75 Hawthorne Street; San Francisco, California 94105.

FOR FURTHER INFORMATION CONTACT: Gerardo Rios, Air Permits Office, EPA Region 9, at (415) 972-3974 or rios.gerardo@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

The petitioner submitted a petition regarding Hu Honua on August 26, 2011, requesting that EPA object to the CAA title V operating permit, identified as Covered Source Permit Number 0724-01-C. The Petitioner alleged that the permit was not consistent with the CAA because: (1) EPA raised objectionable issues in its comment letter on the proposed permit; (2) the permit fails to ensure compliance with criteria air pollutant emission limits; (3) the permit fails to ensure compliance with Best Available Control Technology (BACT) requirements for CO; (4) the permit fails to ensure compliance with hazardous air pollutant (HAP) emission limits; (5) the baghouse is not adequately described or monitored; (6) the permit fails to ensure compliance with applicable state law and State Implementation Plan (SIP) requirements; (7) the permit fails to ensure compliance with Maximum Achievable Control Technology (MACT) requirements for major sources of HAPs; (8) the permit impermissibly exempts startups and shutdowns from emissions limits; (9) the facility's biomass handling, chipping, and storage

operations do not qualify as an "insignificant activity"; (10) the permit fails to address emissions from trona or lime and ash handling; (11) HDOH failed to address ammonia slip and sulfuric acid mist emissions; (12) HDOH failed to directly regulate and evaluate the impacts of PM_{2.5}; and (13) HDOH failed to adequately respond to significant public comments.

On February 7, 2014, the Administrator issued an Order partially granting and partially denying the petition. The Order explains EPA's rationale for partially granting and partially denying the petition.

Dated: February 11, 2014.

Jared Blumenfeld,

Regional Administrator, Region IX.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2013-0611; FRL-9905-34]

Pesticide Maintenance Fee; Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellation, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a June 26, 2013, **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II., to voluntarily cancel these product registrations. In the June 26, 2013 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 180-day comment period that would merit further review of these requests, or unless the registrants withdrew their requests. The Agency received three requests from registrants withdrawing their requests for EPA Reg. Nos. 432-1473, 1677-90 and WA030027. Also, EPA Reg. No. OR030037 was cancelled under another **Federal Register** notice published on September 13, 2013. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any

distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including existing stocks provisions.

DATES: The cancellations are effective January 15, 2014.

FOR FURTHER INFORMATION CONTACT: Michael Yanchulis, Information Technology and Resources Management Division (7502P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 347-0237; email address: yanchulis.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general. Although this action may be of particular interest to persons who produce or use pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2013-0611. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), EPA West Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

II. What action is the Agency taking?

This notice announces the cancellation, as requested by registrants, of 261 products registered under FIFRA section 3 and FIFRA section 24(c) which are listed in sequence by registration number in Table 1 of this unit.
