BILLING CODE 3510–13–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Permits for Incidental Taking of Endangered or Threatened Species

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before January 13, 2012.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Larissa Plants, (301) 427–8403 or Larissa.Plants@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection.

The Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*) imposed prohibitions against the taking of endangered species. In 1982, Congress revised the ESA to allow permits authorizing the taking of endangered species incidental to otherwise lawful activities. The corresponding regulations (50 CFR 222.222) established procedures for persons to apply for such a permit. In addition, the regulations set forth specific reporting requirements for such permit holders.

The regulations contain three sets of information collections: (1) Applications for incidental take permits, (2) applications for certificates of inclusion, and (3) reporting requirements for permits issued. Certificates of inclusion are only required if a general permit is issued to a representative of a group of potential permit applicants, rather than requiring each entity to apply for and receive a permit.

When a species is listed as threatened, section 4(d) of the ESA requires the Secretary of Commerce to issue whatever regulations are deemed necessary or advisable to provide for conservation of the species. In many cases those regulations reflect blanket application of the section 9 take prohibition. However, the National Marine Fisheries Service (NMFS) recognizes certain exceptions to that prohibition, including habitat restoration actions taken in accord with approved state watershed action plans. While watershed plans are prepared for other purposes in coordination with or fulfillment of various state programs, a watershed group wishing to take advantage of the exception for

restoration activities (rather than obtaining a section 10 permit) would have to submit the plan for NMFS review.

The required information is used to evaluate the impacts of the proposed activity on endangered species, to make the determinations required by the ESA prior to issuing a permit, and to establish appropriate permit conditions.

II. Method of Collection

Currently, most information is collected on paper, but in some instances, there is electronic access and capability.

III. Data

OMB Control Number: 0648–0230.

Form Number: None.

Type of Review: Regular submission (extension of a currently approved collection).

Affected Public: Individuals or households, business or other for-profit organizations, not-for-profit institutions, and state, local, or tribal government.

Estimated Number of Respondents: 13.

Estimated Time per Response: 80 hours for a permit application (including Habitat Conservation Plans), 40 minutes for transfer of an incidental take permit; 8 hours for a permit report, 30 minutes for a Certificate of Inclusion and 10 hours for a watershed plan.

Estimated Total Annual Burden Hours: 472.

Estimated Total Annual Cost to Public: \$450.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden

(including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 8, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XA817

Marine Mammals; File No. 16124

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that Sea World, Inc., Sea World, Inc., 9205 South Park Center Loop, Suite 400, Orlando, FL 32819 (Brad Andrews, Responsible Party), has applied in due form for a permit to conduct research on and enhancement of Hawaiian monk seals (*Monachus schauinslandi*) in permanent captivity.

DATES: Written, telefaxed, or email comments must be received on or before December 14, 2011.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the *Features* box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 16124 from the list of available applications.

These documents are also available upon written request or by appointment in the following offices:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; *phone* (301) 427-8401; *fax* (301) 713-0376;

Pacific Islands Region, NMFS, 1601 Kapiolani Blvd., Room 1110, Honolulu,

HI 96814-4700; *phone* (808) 944-2200; *fax* (808) 973-2941; and

Southeast Region, NMFS, 263 13th Avenue South, Saint Petersburg, Florida 33701; *phone* (727) 824-5312; *fax* (727) 824-5309.

Written comments on this application should be submitted to the Chief, Permits, Conservation and Education Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include File No. 16124 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Amy Sloan or Jennifer Skidmore, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The applicant proposes to continue long-term holding of six adult female monk seals that were deemed non-releasable in 1997 due to an eye disease of unknown etiology; release of the seals would have presented a risk to the health of wild monk seals. The objectives of this request are to allow captive maintenance of the seals at Sea World, San Antonio, TX, to enhance survival of the species and conduct scientific research. In addition to the continued captive maintenance of the seals to prevent disease risk to the wild population, the applicant requests authorization to allow continued public awareness through education and public observation of the seals. Research proposed includes vaccination trials involving administration of two vaccines and up to four blood samples and four nasal swabs per seal per year. Non-intrusive research concurrent with husbandry and medical procedures is also proposed. The permit is requested for a 5-year period.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the

activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: November 7, 2011.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-BB57

Pacific Fishery Management Council; Notice of Intent

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent to prepare an environmental impact statement (EIS); request for comments; notice of public scoping meetings.

SUMMARY: NMFS and the Pacific Fishery Management Council announce their intent to prepare an EIS in accordance with the National Environmental Policy Act (NEPA) of 1969 to analyze the impacts on the human (biological, physical, social, and economic) environment of setting harvest specifications (including Overfishing Limits (OFLs), Acceptable Biological Catches (ABCs), and Annual Catch Limits (ACLs)) and management measures for 2013 and 2014, pursuant to the Pacific Coast Groundfish Fishery Management Plan.

DATES: Public scoping will be conducted through regular meetings of the Pacific Fishery Management Council and its advisory bodies continuing through the June 2012 meeting (see <http://www.pcouncil.org/council-operations/council-meetings/future-meetings/>). Written comments on the scope of the analysis will be accepted through December 14, 2011 (see **SUPPLEMENTARY INFORMATION**). Written, faxed or emailed comments must be received by 5 p.m. Pacific Daylight time on December 14, 2011.

ADDRESSES: You may submit comments, on issues and alternatives, identified by
