#### Public Notice for Waiver of Aeronautical Land-Use Assurance; Gerald R. Ford International Airport; Grand Rapids, MI

**AGENCY:** Federal Aviation  
Administration, DOT.

**ACTION:** Notice of intent of waiver with  
respect to land.

**SUMMARY:** The Federal Aviation  
Administration (FAA) is considering a  
proposal to change a portion of the  
airport from aeronautical use to non-  
aeronautical use and to authorize the  
sale of the airport property. The  
proposal consists of a parcel of land  
totaling approximately 5.76 acres.  
Current use and present condition is  
vacant grassland. The parcel is hilly and  
partially wooded. The land was  
acquired under FAA Project No. 9-20-  
072-6001. There are no impacts to the  
airport by allowing the airport to  
dispose of the property. The proposal  
concerns selling the land to the  
Michigan Department of Transportation  
to provide a right-of-way for the  
proposed Interstate-96 interchange with  
36th Street. The project will improve  
traffic flow to areas along the northern  
boundary of the airport. Approval does  
not constitute a commitment by the  
FAA to financially assist in the disposal  
of the subject airport property nor a  
determination of eligibility for grant-in-  
aid funding from the FAA. The  
disposition of proceeds from the  
disposal of the airport property will be  
in accordance FAA's Policy and  
Procedures Concerning the Use of  
Airport Revenue, published in the  
**Federal Register** on February 16, 1999.

In accordance with section 47107(h)  
of title 49, United States Code, this  
notice is required to be published in the

modifying the land-use assurance that  
requires the property to be used for an  
aeronautical purpose.

**DATES:** Comments must be received on  
or before July 22, 2005.
