DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Agency Information Collection Activities: Proposed Collection; Comment Request**

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed

projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443–7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Community Mental Health Services Block Grant Application Guidance and Instructions, FY 2005–2007 (OMB No. 0930–0168, Revision)—Sections 1911 through 1920 of the Public Health Service Act (42 U.S.C. 300x through 300x–9) provide for annual allotments to assist States to establish or expand an organized, community-based system of care for adults with serious mental illness and children with serious emotional disturbances. Under the provisions of the law, States may receive allotments only after an application is submitted and approved by the Secretary of the Department of Health and Human Services.

For the Federal fiscal years 2005–2007 Community Mental Health Services Block Grant application cycles, SAMHSA will provide States with revised application guidance and instructions. Proposed revisions to the previously approved application include: (1) Additional introductory text on the history and goals of federal mental health funding and an orientation to the transition to Performance Partnerships Grants, (2) changes in the format of the plan, and (3) the introduction of ten performance indicators as CMHS Core Performance Indicators. With the exception of one indicator, all are currently reported through the Uniform Reporting System (URS) and will not increase the State's burden; one indicator is currently in developmental status and beginning in FY 2004, States were given three years to develop capacity to report data for this indicator. The following table summarizes the annual burden for the revised application.

Part of application	Number of responses	Responses respondent	Burden response (hrs.)	Total burden hours
Plan—(Parts B and C):				
1 year	33	1	190	6,270
2 year	12	1	160	1,920

Dated: December 9, 2003.

Anna Marsh,

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed continuing information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the information collection outlined in 44 CFR Part 61, as it pertains to application

for National Flood Insurance Program (NFIP) insurance.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) is authorized by Public Law 90-448 (1968) and expanded by Public Law 93-234 (1973). The National Flood Insurance Act of 1968 requires that the Federal Emergency Management Agency (FEMA) provide flood insurance at full actuarial rates reflecting the complete flood risk to structures built or substantially improved on or after the effective date for the initial Flood Insurance Rate Map (FIRM) for the community, or after December 31, 1974, whichever is later, so that the risks associated with buildings in flood-prone areas are borne by those located in such areas and not by the taxpayers at large. In accordance with Public Law 93-234, the purchase of flood insurance is mandatory when Federal or federally related financial assistance is being provided for acquisition or construction of buildings located, or to be located, within FEMA-identified special flood hazard areas of communities that are participating in the NFIP. When flood damage occurs to insured property, information is collected to report, investigate, negotiate and settle the claim.
