Modification of the San Francisco Class B Airspace Area; CA; Correction

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correction.

SUMMARY: This action corrects a final rule published in the **Federal Register** on June 7, 2000 (65 FR 36060). In that rule, the legal description of the San Francisco, CA, Class B airspace, Area E, contained an inadvertent error that failed to exclude airspace within the Travis Air Force (AFB) approach control area. This action corrects that error.

EFFECTIVE DATE: October 11, 2000.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules Division, ATA-400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION: On June 7, 2000, Airspace Docket No. 97-AWA-1, FR Doc. 00-14046, was published amending the legal description of the San Francisco, CA, Class B airspace area. This rule included a legal description of the San Francisco, CA, Area E airspace that included a small area within the Travis AFB approach control area, which should have been omitted. This action excludes that airspace from the San Francisco Class B airspace area, thereby correcting this error.
