

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change amends the BVR to raise a rebate and no longer apply a rebate when the COPIP Order only trades with its contra order. The Exchange does not believe that the proposed changes burden competition and will instead help promote competition by providing additional incentives for market participants to submit customer order flow to BOX and thus, create a greater opportunity for retail customers to receive additional price improvement.

The Exchange believes this proposal will not cause unnecessary burden on intermarket competition because the proposed changes will actually enhance the competitiveness of the Exchange relative to other exchanges which offer comparable fees and rebates for QCC transactions. To the extent that the proposed changes make the Exchange a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become market participants on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Exchange Act¹⁴ and Rule 19b-4(f)(2) thereunder,¹⁵ because it establishes or changes a due, or fee.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend the rule change if it appears to the Commission that the action is necessary or appropriate in the public interest, for the protection of investors, or would otherwise further the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
