DEPARTMENT OF COMMERCE**Bureau of Industry and Security**

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Procedures for Submitting Request for Exclusions From the Section 232 National Security Adjustments of Imports of Steel and Aluminum

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on November 22, 2021, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: Bureau of Industry and Security.

Title: Procedures for Submitting Request for Exclusions from the Section 232 National Security Adjustments of Imports of Steel and Aluminum.

OMB Control Number: 0694–0139.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 84,401.

Average Hours per Response: 4 hours.

Burden Hours: 337,604.

Needs and Uses: On March 8, 2018, the President issued Proclamations 9704 and 9705 concurring with the findings of the two reports and determining that adjusting imports through the imposition of duties on steel and aluminum is necessary so that imports of steel and aluminum will no longer threaten to impair the national security. The Proclamations also authorized the Secretary of Commerce, in consultation with the Secretary of Defense, the Secretary of the Treasury, the Secretary of State, the United States Trade Representative, the Assistant to the President for Economic Policy, the Assistant to the President for National Security Affairs, and other senior executive branch officials as appropriate, to grant exclusions from the duties for domestic parties affected by the duties. This could take place if the Secretary determines the steel or aluminum for which the exclusion is requested is not produced in the United States in a sufficient and reasonably available amount or of a satisfactory quality or should be excluded based upon specific national security considerations. The President directed the Secretary to promulgate regulations as may be necessary to implement an exclusion process. The purpose of this information collection is to allow for submission of exclusions requests from the remedies instituted in presidential proclamations adjusting imports of steel into the United States and adjusting imports of aluminum into the United States.

Affected Public: Business or other for-profit organizations.

Frequency: On Occasion.

Respondent's Obligation: Voluntary.

Legal Authority: Section 232 of the Trade Expansion Act of 1962, Presidential Proclamations 9704 and 9705.
