Description: Information sought under this submission will comprise the grant application for the Staffing for Adequate Fire and Emergency Response (SAFER) grant program. This submission is necessary in order for DHS to effectively implement a competitive grant program. The SAFER program provides for \$110,000,000 in grant funding to be distributed directly to individual fire departments on a competitive basis. The law allows DHS to provide funds to pay the salaries and benefits of newly hired firefighters with decreasing Federal contributions over the span of five years. The law also allows DHS to provide funding to volunteer and combination fire departments to create or expand a recruitment and retention program for volunteer firefighters. The funding is available for up to four years depending on the original proposal

submitted by the grantee. The information collected through the program's application is the minimum necessary to evaluate grant applications authorized under the SAFER grant program or is necessary for DHS to comply with mandates delineated in the law. The Assistance to Firefighters Program Office has created an online tutorial and drafted program guidance which will be available prior to the application period at www.firegrantsupport.com.
