

mitigation that is planned as additional details become available.

Non-routine mitigation measures associated with cultural resources, specifically the historic Henry Hollister House, include adherence to the project specific MOA that has been executed for the Cumberland Retirement project. These mitigation measures include:

- Installation of a Tennessee Historical Marker
 - TVA will submit a proposal for a historical marker through the Tennessee Historical Commission's (THC's) Historical Markers Program; work with THC staff regarding eligibility of the proposed marker for the program and regarding the marker's location and text; and install the marker, at TVA's expense, in an appropriate location, accessible by the public, near the Hollister House. The historical marker will present a brief narrative of the history and historic significance of the Hollister House.

- Vegetative Screening
 - TVA will plant trees to screen views to the new facilities from the Hollister House.
 - TVA will create the vegetative screening using various tree species, including native species, and including both deciduous and evergreen species.
 - TVA will plant the vegetative screening on the south and east sides of the Hollister House, on TVA property.
 - TVA will maintain the vegetative screening for so long as TVA owns and operates the new CC plant, so that it may provide the visual screen in perpetuity.
- Study of Graveyard Hill Cemetery
 - TVA will complete a search for documents related to the Graveyard Hill Cemetery and the persons who may be buried there.
 - The archival study will endeavor to include (but will not necessarily be limited to) the following sources: birth and death certificates, marriage certificates, deeds, census data, records of sales in the slave trade, and obituaries.
 - TVA will also complete a delineation of the cemetery using one or more remote sensing methods and shall attempt to identify the boundaries of the cemetery and anomalies that could correspond to graves.
 - TVA will prepare a report of the investigations and submit them to SHPO for review and comment and provide a final report that addresses any comments received from SHPO/THC.
- Updating the Hollister House National Register of Historic Places NRHP Registration Form
 - TVA will update the Hollister House NRHP Registration Form, which

was completed in 1987, with new information detailed in three historic architectural assessments performed between 2012 and 2022.

- The new information will include details of the history of the property and the associated cemeteries (Brunson/Hollister Cemetery and Graveyard Hill Cemetery), additional historic photographs, and information on the property's current condition, and the inclusion of any additional resources that TVA and SHPO agree in consultation are contributing resources to the Hollister House.

- TVA will provide the updated form to the THC for review, and upon approval, to the NPS.

Dated: January 10, 2023.

Federal Railroad Administration

[Docket No. FRA-2023-0002-N-2]

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the Paperwork Reduction Act of 1995 (PRA) and its implementing regulations, FRA will seek approval of the Information Collection Request (ICR) abstracted below. Before submitting this ICR to the Office of Management and Budget (OMB) for approval, FRA is soliciting public comment on specific aspects of the activities identified in the ICR.

DATES: Interested persons are invited to submit comments on or before March 21, 2023.

ADDRESSES: Written comments and recommendations for the proposed ICR should be submitted on [regulations.gov](https://www.regulations.gov) to the docket, Docket No. FRA-2023-0002. All comments received will be posted without change to the docket, including any personal information provided. Please refer to the assigned OMB control number (2130-0537) in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its

information collection submission to OMB for approval.

FOR FURTHER INFORMATION CONTACT: Ms. Hodan Wells, Information Collection Clearance Officer, at email: Hodan.Wells@dot.gov or telephone: (202) 868-9412.

SUPPLEMENTARY INFORMATION: The PRA, 44 U.S.C. 3501-3520, and its implementing regulations, 5 CFR part 1320, require Federal agencies to provide 60-days' notice to the public to allow comment on information collection activities before seeking OMB approval of the activities. *See* 44 U.S.C. 3506, 3507; 5 CFR 1320.8-1320.12. Specifically, FRA invites interested parties to comment on the following ICR regarding: (1) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (2) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (3) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (4) ways for FRA to minimize the burden of information collection activities on the public, including the use of automated collection techniques or other forms of information technology. *See* 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1).

FRA believes that soliciting public comment may reduce the administrative and paperwork burdens associated with the collection of information that Federal statutes and regulations mandate. In summary, FRA reasons that comments received will advance three objectives: (1) reduce reporting burdens; (2) organize information collection requirements in a "user-friendly" format to improve the use of such information; and (3) accurately assess the resources expended to retrieve and produce information requested. *See* 44 U.S.C. 3501.

The summary below describes the ICR that FRA will submit for OMB clearance as the PRA requires:

Title: Railroad Police Officers.

OMB Control Number: 2130-0537.

Abstract: Title 49 CFR part 207

requires railroads to notify States of all designated police officers who perform duties in their respective jurisdictions who were commissioned as police officers by another State or States. This is necessary to verify proper police authority.

In this 60-day notice, FRA made multiple adjustments which increased the previously approved burden hours from 11 hours to 18 hours. For instance:

• Under §§ 207.4(a), 207.4(b), and 207.6, the combined burden increased from 11 hours to 15.84 hours because of an increase in number of responses—from 100 to 150 updated notices and records per year. FRA's estimate is based on the anticipated increase in law enforcement in the railroad industry.

• FRA also added a new burden under § 207.4(b) to capture railroads' responses to FRA's inquiries regarding program review of the notification process.

Type of Request: Extension without change (revised estimates) of a currently approved collection.

Affected Public: Businesses.

Form(s): N/A.

Respondent Universe: 784 railroads.

Frequency of Submission: On occasion.

Reporting Burden:

CFR section	Respondent universe	Total annual responses (A)	Average time per response (B)	Total annual burden hours (C) = A * B	Total annual dollar cost equivalent (D) = C * wage rates ¹
207.4(a)—RR Notice to State Officials—Written notice of RR police officer's commission to each State in which the RR police officer shall protect the railroad's property, personnel, passengers, and cargo.	784 railroads	50 written notices	15 minutes	12.50 hours	\$973.88
207.4(b)—RR copy of written notices to State officials ..	784 railroads	50 records	2 minutes	1.67 hours	130.11
—RR copy of written notices to State officials—RR's email verification in response to FRA's inquiry for program review.	784 railroads	50 verifications	2 minutes	1.67 hours	130.11
207.6—Transfers—Application by RR police officers for new State certification/commission when transferring primary employment or residence from one State to another.	784 railroads	50 records	2 minutes	1.67 hours	130.11
Total ²	784 railroads	200 responses	N/A	18 hours	1,364

¹ The dollar equivalent cost is derived from the 2021 Surface Transportation Bureau's Full Year Wage A&B data series using the appropriate employee group hourly wage rate that includes a 75-percent overhead charge. For Professional/Administrative staff, this cost amounts to \$77.91 per hour.

² Totals may not add due to rounding.

Total Estimated Annual Responses: 200.

Total Estimated Annual Burden: 18 hours.

Total Estimated Annual Burden Hour Dollar Cost Equivalent: \$1,364.

FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information that does not display a currently valid OMB control number.

Authority: 44 U.S.C. 3501–3520.
