

impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not

likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this rule and concluded that it is categorically excluded from further environmental review.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191, 33 CFR 1.05–1(g), 6.04–1, 6.04–6, 160.5; 49 CFR 1.46.

2. Add a new temporary § 165.T11–058 to read as follows:

§ 165.T11–058 Security Zones; Port of Los Angeles and Catalina Island.

(a) *Regulated area.* Temporary moving security zones are established 100 yards around all cruise ships while entering or departing the Port of Los Angeles. These moving security zones are activated when the cruise ship passes the Los Angeles sea buoy while entering the Port of Los Angeles. Temporary fixed security zones are established 100 yards around all cruise ships docked in the Port of Los Angeles, California, and while anchored at Catalina Island. These security zones are deactivated when the cruise ship passes the sea buoy on its departure from the Port of Los Angeles or weighs anchor at Catalina Island.

(b) *Regulations.* (1) In accordance with the general regulations in § 165.33, the following rules apply to security zones established by this section:

- (i) No person or vessel may enter or remain in a security zone without the permission of the Captain of the Port;
- (ii) Each person and vessel in a security zone shall obey any direction or order of the Captain of the Port;
- (iii) The Captain of the Port may take possession and control of any vessel in a security zone;

(iv) The Captain of the Port may remove any person, vessel, article, or thing from a security zone;

(v) No person may board, or take or place any article or thing on board, any vessel in a security zone without the permission of the Captain of the Port; and

(vi) No person may take or place any article or thing upon any waterfront facility in a security zone without the permission of the Captain of the Port.

(2) The Captain of the Port will notify the public via broadcast and published notice to mariners.

(3) Nothing in this section shall be construed as relieving the owner or person in charge of any vessel from complying with the rules of the road and safe navigation practice.

(4) The regulations of this section will be enforced by the Captain of the Port Los Angeles-Long Beach, or his authorized representative, and the Los Angeles Port Police.

(c) *Effective dates.* This section becomes effective at 11:59 p.m. PST on November 1, 2001, and will terminate at 11:59 p.m. PDT on May 1, 2002.

Dated: November 1, 2001.

J. M. Holmes,

Captain, U.S. Coast Guard, Captain of the Port, Los Angeles-Long Beach.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA 053–REC; FRL–7122–8]

Corrections to the California State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is finalizing the deletion of various local rules from the California State Implementation Plan (SIP) that were incorporated into the SIP in error. These primarily include rules concerning local fees, enforcement authorities, New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP). EPA has determined that the continued presence of these rules in the SIP is potentially confusing and thus harmful to affected sources, local agencies and to EPA. The intended effect of this final action is to delete these rules and make the SIP consistent with the Clean Air Act as amended in 1990 (CAA or the Act). This

action also reinserts a paragraph into the compilation of federal regulations that was deleted in error in the **Federal Register** on November 10, 1982 and redesignates another paragraph published in the **Federal Register** on June 23, 1982.

EFFECTIVE DATE: This rule is effective on February 19, 2002.

ADDRESSES: You can inspect copies of the administrative record for this action at EPA's Region IX office, 75 Hawthorne Street, San Francisco, CA 94105, during normal business hours. You may also see copies of the rules at the locations listed in **SUPPLEMENTARY INFORMATION** under "Public Inspection."

I. Proposed Action

On September 13, 2001 (66 FR 47603), EPA proposed to delete various rules from the California SIP, after determining that they had been approved into the SIP in error. Most of these rules fall into one of the following categories:

A. Various local fee provisions that are not economic incentive programs and are not designed to replace or relax a SIP emission limit. While it is appropriate for local agencies to implement fee provisions, for example, to recover costs for issuing permits, it is generally not appropriate to make local fee collection federally enforceable.

B. Various provisions describing local agency investigative or enforcement authority such as some rules titled enforcement, authority to inspect, authority to arrest, violation notices, and orders for abatement. States may need to adopt such rules to demonstrate adequate enforcement authority under section 110(a)(2) of the Act, but they should not be approved into the applicable SIP to avoid potential conflict with EPA's independent authorities provided in sections 113, 114, and elsewhere.

C. Local adoption of federal NSPS requirements either by reference or by adopting text identical or modified from the requirements found in 40 CFR Part 60. Since EPA has independent authority to implement 40 CFR Part 60, it is not appropriate to make parallel local authorities federally enforceable by approving them into the applicable SIP.

D. Local adoption of NESHAP requirements found in 40 CFR 61 as similarly discussed regarding NSPS.

A complete listing of each rule being deleted can be found in the proposed rule cited above.

II. Public Comments and EPA Responses

EPA's proposed action provided a 30-day public comment period. During this period, we received two public comment letters: a letter dated October 9, 2001 from Lawrence D. Odle, air pollution control officer of Butte County Air Quality Management District (BCAQMD), and a letter dated September 24, 2001 from Robert L. Reynolds, air pollution control officer of Lake County Air Quality Management District (LCAQMD). The commenter from BCAQMD expresses support for

the proposed action. The commenter from LCAQMD requests that LCAQMD rules proposed for deletion from the California SIP be retained on the grounds that administration of LCAQMD's air pollution control program relies on these rules, which relate to investigative and enforcement authorities, penalties, and fees.

EPA agrees that these rules are important for local administration of LCAQMD's program. However, removal of these rules from the SIP does not affect the authority LCAQMD has under State law to implement its program or enforce its rules. As explained above, provisions describing local agency investigative or enforcement authorities should not be approved into the SIP to avoid potential conflict with EPA's independent authorities provided in sections 113, 114, and elsewhere in the Act. Also, fee provisions that are not economic incentive programs and are not designed to replace or relax a SIP emission limit should not be approved into the SIP since doing so provides the basis for federal enforcement, i.e., by EPA or a citizen, which is inappropriate for local fee collection provisions. While, for the reasons stated, these types of provisions should not be approved into the SIP, some were erroneously approved into the California SIP, and the purpose of this action is to remove them.

The commenter also requests that certain LCAQMD rules be updated in the SIP to reflect the most recent version of these rules. EPA cannot take action on revisions to these rules because they have not been submitted as official revisions to the California SIP by the California Air Resources Board, but more importantly, for the reasons discussed above, these rules, whether or not they are the most recent versions, are not the types of rules that are appropriate for approval into a SIP.

III. EPA Action

No comments were submitted that change our assessment that the rules listed in the proposed rule are appropriate for deletion from the SIP. Therefore, as authorized in section 110(k)(6) of the Act, EPA is deleting all these rules from the California SIP.

In this action, EPA is also reinserting a paragraph listing EPA-approved rules of the California SIP that were inadvertently deleted from Title 40 of the Code of Federal Regulations, part 52, § 52.220 in other actions. On November 10, 1982, at 47 FR 50864, EPA published a final rulemaking action approving changes to rules of sixteen air pollution districts submitted by the California Air Resources Board as

revisions to the California SIP. This action inadvertently deleted paragraph (B) from 40 CFR 52.220(c)(89)(iii). The rules listed in paragraph (B) of 52.220(c)(89)(iii) had previously been incorporated into the California SIP on April 12, 1982, at 47 FR 15585, and were not among the rules that were the subject of the action taken by EPA on November 10, 1982. This action corrects this inadvertent deletion by reinserting paragraph (B) to 40 CFR 52.220(c)(89)(iii).

Section 553 of the Administrative Procedure Act, 5 U.S.C 553(b)(B), provides that, when an agency for good cause finds that notice and public procedures are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making (the portion of) today's rule (that relates to technical corrections to the CFR) final without prior proposal and opportunity for comment because EPA is correcting inadvertent deletions of rules duly approved into a state implementation plan. The affected regulations were codified at 40 CFR part 52, subpart F, § 52.220(c)(89)(iii)(B) prior to their inadvertent deletion, and were previously subject to notice and comment prior to EPA approval. Thus, notice and public procedures are unnecessary. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(B).

EPA is also correcting the letter designation of a paragraph in Title 40 of the Code of Federal Regulations, part 52, section 52.220. On June 23, 1982, at 47 FR 27068, EPA added a second paragraph (B) to 40 CFR 52.220 (c)(51)(xiv). However, a paragraph (B) citing different local rules had already been added to 40 CFR 52.220 (c)(51)(xiv) on May 27, 1982, at 47 FR 23159. Today's action redesignates the material in the second paragraph (B) published on June 23, 1982 to paragraph (C). For the same reasons as provided above for the inadvertent deletion of SIP rules, EPA has determined that there is good cause for making this technical correction to the CFR final without prior proposal and opportunity for comment.

Lastly, our proposed rule published on September 13, 2001 indicated that EPA was proposing to delete Fresno County Air Pollution Control District (APCD) rule 111 (Arrests and Notice to Appear) from the California SIP. The State of California submitted a number of local rules, including Fresno County APCD rule 111, to EPA on June 4, 1986 for incorporation into the California SIP. On April 10, 1989, at 54 FR 14224, EPA

approved Fresno County APCD rule 111 into the California SIP through a direct final rulemaking. This approval was subsequently withdrawn on June 23, 1989, at 54 FR 26373, in response to receipt of adverse comment on our direct final approval. On June 22, 1989, at 54 FR 262211, in anticipation of our withdrawal notice of June 23, 1989, we proposed to approve Fresno County APCD rule 111 into the California SIP, but the approval was never finalized. Therefore, Fresno County APCD rule 111 is not in the California SIP and is no longer a part of this action.

IV. Administrative Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 32111, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). Because this rule does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999), because it does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In this action, EPA is not developing or adopting a technical standard. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 19, 2002. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

RIN 2070–AB78

Imidacloprid; Reestablishment of Tolerance for Emergency Exemptions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation reestablishes a time-limited tolerance for the combined residues of the insecticide imidacloprid (1-[6-chloro-3-pyridinyl)methyl]-N-nitro-2-imidazolidinimine) and its metabolites containing the 6-chloropyridinyl moiety, all expressed as parent in or on blueberries at 1.0 part per million (ppm) for an additional 2-year period. This tolerance will expire and is revoked on December 31, 2003. This action is in response to EPA's granting of an emergency exemption under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) authorizing use of the pesticide on blueberries. Section 408(l)(6) of the Federal Food, Drug, and Cosmetic Act (FFDCA) requires EPA to establish a time-limited tolerance or exemption from the requirement for a tolerance for pesticide chemical residues in food that will result from the use of a pesticide under an emergency exemption granted by EPA under section 18 of FIFRA.

DATES: This regulation is effective January 18, 2002. Objections and requests for hearings, identified by docket control number OPP–301204, must be received by EPA on or before March 19, 2002.
