**BILLING DATE 6717–01–M**

**DEPARTMENT OF ENERGY****Southwestern Power Administration****Integrated System Rate Schedules**

**AGENCY:** Southwestern Power Administration, DOE.

**ACTION:** Notice of proposed extension.

**SUMMARY:** Southwestern Power Administration's (Southwestern's) current Integrated System Rate Schedules P–98D, NFTS–98D and EE–98 expire September 30, 2001. Southwestern's Administrator has prepared Current and Revised Fiscal Year (FY) 2001 Power Repayment Studies for the Integrated System which show the need for a rate adjustment of \$1,876,231 (1.8 percent increase) in annual revenues. It is proposed that this rate adjustment will be deferred in accordance with Southwestern's rate adjustment threshold and that an extension of the aforementioned rate schedules from October 1, 2001 to September 30, 2002, will be sent to the Deputy Secretary of Energy for interim approval.

**DATES:** Written comments are due on or before June 11, 2001.

**ADDRESSES:** Written comments should be submitted to the Administrator, Southwestern Power Administration, U.S. Department of Energy, One West Third Street, Tulsa, Oklahoma 74103.

**SUPPLEMENTARY INFORMATION:****a. Decision**

Following DOE Order Number RA 6120.2, Southwestern's Administrator prepared a FY 2001 Current Power Repayment Study (PRS) using the existing Integrated System rate schedules. The Current PRS showed that current revenues were insufficient to meet repayment criteria. The FY 2001 Revised PRS indicates that an increase in annual revenues of \$1,876,231, or 1.8 percent would satisfy cost recovery requirements.

Southwestern generally defers an indicated rate adjustment that falls within Southwestern's plus-or-minus two percent rate adjustment threshold. The threshold was developed to minimize Southwestern's costs while still maintaining adequate rates and is consistent with cost recovery criteria within DOE Order Number RA 6120.2 regarding rate adjustment plans. As a result of the benefits of reduced Federal expense and rate stability obtained by a rate adjustment deferral, Southwestern's Administrator is proposing to extend the current Integrated System Rate Schedules (P–98D, NFTS–98D and EE–98). The rate schedules are to be effective for a one-year period beginning
