D18HP23019	St. Vincent Health	IN	662,002
D18HP23031	Northeastern Vermont AHEC	VT	709,350

Amount of the Award(s): Up to \$750,000 (see chart above).

CFDA Number: 93.822.

Current Project Period: September 1, 2011, through August 31, 2014.

Period of Supplemental Funding: September 1, 2014, through August 31, 2015.

Authority: Title VII, Section 739 of the Public Health Service (PHS) Act, as amended by Section 5402 of the Affordable Care Act.

Justification: A diverse health professions workforce is critical to achieving greater health equity and ensuring access to quality health care services for underrepresented and underserved populations. The increasing diversity of the U.S. population requires a health care workforce that reflects the population, is knowledgeable, and culturally competent to care for a growing range of health care needs and can serve populations in hard to reach places. HRSA's HCOP grant program serves as a pipeline program by encouraging, cultivating, and supporting students from economically and academically disadvantaged backgrounds to enter healthcare fields.

By extending the performance period of the 14 HCOP grantees listed above, we will create a single cohort of HCOP grantees. These awards will align with the HCOP performance and budget periods for the remaining three HCOP grantees, which runs through August 2015, resulting in administrative savings over a competitive grant making process. Aligning the project periods will also greatly facilitate HRSA efforts to manage this program as a network of grantees working towards common programmatic goals.

Following the current year of funding, HRSA plans to conduct a single funding competition in FY 2015. We will be able to systematically assess the needs of the field, involve grantees in defining the direction of the program, and develop an innovative redesign of the program including strategies that are more aligned with HRSA's diversity priorities and the direction of the field.
