**Fresh Garlic From the People's Republic of China: Preliminary Results of the Changed Circumstances Review of Lanling Qingshui Vegetable Foods Co., Ltd.**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On October 23, 2014, the Department of Commerce (Department) initiated a changed circumstance review (CCR) of the antidumping duty (AD) order on fresh garlic from the People's Republic of China (PRC) in response to a request from Lanling Qingshui Vegetable Foods Co., Ltd. (Qingshui), a producer/exporter of fresh and peeled garlic from the People's Republic of China (PRC).<sup>1</sup> Pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216, the Department preliminarily determines that Qingshui is the successor-in-interest to Cangshan Qingshui Vegetable Foods Co., Ltd. (Cangshan Qingshui). We invite interested parties to comment on these preliminary results.

**DATES:** Effective March 23, 2015.

**FOR FURTHER INFORMATION CONTACT:**

Hilary E. Sadler, Esq., AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4340.

**SUPPLEMENTARY INFORMATION:****Background**

On November 16, 1994, the Department published the AD order on fresh garlic from the PRC in the **Federal Register**.<sup>2</sup> On September 4, 2014, Qingshui requested that the Department conduct a CCR pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(b) to determine that it is the successor-in-interest to Cangshan Qingshui for purposes of the Order.<sup>3</sup> We

received comments from no other parties.

Based on this information, the Department initiated this CCR on October 16, 2014, explaining that while there was sufficient evidence to initiate a changed circumstances review, the Department needed to request additional information for this review as provided by 19 CFR 351.221(b)(2).<sup>4</sup> On October 29, 2014, the Department issued its initial CCR questionnaire to Qingshui, and Qingshui timely responded to the Department's questionnaire.<sup>5</sup> The Department did not receive comments from other interested parties concerning Qingshui's questionnaire response.

**Scope of the Order**

The merchandise covered by this order is all grades of garlic, whether whole or separated into constituent cloves. The subject merchandise is currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 0703.20.0000, 0703.20.0010, 0703.20.0020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, 0711.90.6500, 2005.90.9500, 2005.90.9700, 0703.20.0005, 2005.99.9700 and 0703.20.0015. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description is dispositive.

A complete description of the scope of the order is contained in the Preliminary Decision Memorandum.<sup>6</sup> The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and ACCESS is available to all parties in the Central Records Unit, room 7046 of the main

Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

**Methodology**

In accordance with section 751(b)(1) of the Act, we are conducting this changed circumstances review based upon the information contained in Qingshui's submissions.<sup>7</sup> In making a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base.<sup>8</sup> While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor if the resulting operations of the successor are not materially dissimilar to that of its predecessor.<sup>9</sup> Thus, if the record demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor.<sup>10</sup> For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

**Preliminary Results of the Changed Circumstances Review**

Based on the evidence reviewed, we preliminarily determine that Qingshui is the successor-in-interest to Cangshan Qingshui. Specifically, we find that any changes that may have occurred after "Cangshan Qingshui Vegetable Foods Co., Ltd" became "Lanling Qingshui Vegetable Foods Co., Ltd." did not constitute material changes to management, production facilities, supplier relationships, customer relationships, or ownership/legal

structure with respect to the production and sale of the subject merchandise. Thus, we preliminarily determine that Qingshui operates as the same business entity as Cangshan Qingshui with respect to the subject merchandise. A list of topics discussed in the Preliminary Decision Memorandum appears in the Appendix to this notice.

If the Department upholds these preliminary results in the final results, Qingshui will be assigned the cash deposit rate currently assigned to Cangshan Qingshui with respect to the subject merchandise (*i.e.*, the \$3.06 per kilogram cash deposit rate currently assigned to Cangshan Qingshui).<sup>11</sup> If these preliminary results are adopted in the final results of this changed circumstances review, we will instruct U.S. Customs and Border Protection to suspend liquidation of entries of fresh garlic made and exported by Qingshui, effective on the publication date of the final results, at the cash deposit rate assigned to Cangshan Qingshui.

#### Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; request for comments.

**SUMMARY:** The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application contains all of the required information and warrants further consideration. This Exempted Fishing Permit would allow one commercial fishing vessel to fish outside of the limited access scallop

days-at-sea program in support of research conducted by the National Fisheries Institute that is investigating scallop incidental mortality in the scallop dredge fishery. Additionally, the Exempted Fishing Permit would exempt participating vessels from the crew size restriction; mesh size restrictions; obstruction in gear restrictions; and possession limits and minimum size requirements for sampling purposes only.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

**DATES:** Comments must be received on or before April 7, 2015.

**ADDRESSES:** You may submit written comments by any of the following methods:

- *Email:* nmfs.gar.efp@noaa.gov. Include in the subject line "Comments on NFI 2014 Incidental Discard Mortality EFP."
- *Mail:* John K. Bullard, Regional Administrator, NMFS, Greater Atlantic Regional Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on NFI 2014 Incidental Discard Mortality EFP."
- *Fax:* (978) 281-9135.

**FOR FURTHER INFORMATION CONTACT:** Shannah Jaburek, Fisheries Management Specialist, 978-282-8456.

**SUPPLEMENTARY INFORMATION:** NOAA awarded the National Fisheries Institute (NFI) a grant through the 2014 Atlantic sea scallop research set-aside program in support of a project titled, "Determining Incidental Discard Mortality of Atlantic Sea Scallops, *Placopecten magellanicus*, in the Scallop Dredge Fishery in the Mid-Atlantic Bight." NFI submitted a complete Exempted Fishing Permit (EFP) application on May 13, 2014, but delayed work on the project until spring of 2015. NFI is requesting exemptions that would allow one commercial fishing vessel to fish outside of the limited access Atlantic sea scallop days-at-sea (DAS) regulations found at 50 CFR 648.53(b); mesh size restrictions at § 648.51(a)(2); obstruction in dredge gear restrictions at § 648.51(b)(4)(iii); and the crew size regulations at § 648.51(c). In addition, the EFP would temporarily exempt the participating vessel from possession limits and minimum size requirements specified in 50 CFR part 648, subsections B and D through O, for sampling purposes only. Any fishing activity conducted outside
