

Cir. 2012); *Frederick Marsh Blanton, M.D.*, 43 FR 27,616, 27,617 (1978).<sup>5</sup>

According to California statute, “dispense” means “to deliver a controlled substance to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including the prescribing, furnishing, packaging, labeling, or compounding necessary to prepare the substance for that delivery.” Cal. Health & Safety Code § 11010 (West 2024). Further, a “practitioner” means a person “licensed, registered, or otherwise permitted, to distribute, dispense, conduct research with respect to, or administer, a controlled substance in the course of professional practice or research in [the] state.” *Id.* at § 11026(c).

Here, the undisputed evidence in the record is that Registrant currently lacks authority to practice medicine in California. As discussed above, a physician must be a licensed practitioner to dispense a controlled substance in California. Thus, because Registrant currently lacks authority to practice medicine in California and, therefore, is not currently authorized to handle controlled substances in California, Registrant is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Registrant’s DEA registration be revoked.

## Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. FT3578082 issued to William Thompson IV, M.D. Further, pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of William Thompson IV,

<sup>5</sup> This rule derives from the text of two provisions of the Controlled Substances Act (CSA). First, Congress defined the term “practitioner” to mean “a physician . . . or other person licensed, registered, or otherwise permitted, by . . . the jurisdiction in which he practices . . . , to distribute, dispense, . . . [or] administer . . . a controlled substance in the course of professional practice.” 21 U.S.C. 802(21). Second, in setting the requirements for obtaining a practitioner’s registration, Congress directed that “[t]he Attorney General shall register practitioners . . . if the applicant is authorized to dispense . . . controlled substances under the laws of the State in which he practices.” 21 U.S.C. 823(g)(1). Because Congress has clearly mandated that a practitioner possess state authority in order to be deemed a practitioner under the CSA, DEA has held repeatedly that revocation of a practitioner’s registration is the appropriate sanction whenever he is no longer authorized to dispense controlled substances under the laws of the state in which he practices. *See, e.g., James L. Hooper, M.D.*, 76 FR at 71,371–72; *Sheran Arden Yeates, M.D.*, 71 FR 39,130, 39,131 (2006); *Dominick A. Ricci, M.D.*, 58 FR 51,104, 51,105 (1993); *Bobby Watts, M.D.*, 53 FR 11,919, 11,920 (1988); *Frederick Marsh Blanton, M.D.*, 43 FR at 27,617.

M.D., to renew or modify this registration, as well as any other pending application of William Thompson IV, M.D., for additional registration in California. This Order is effective July 23, 2025.

## DEPARTMENT OF LABOR

### Employment and Training Administration

#### Agency Information Collection Activities; Comment Request; Federal-State Unemployment Insurance Program Data Exchange Standardization

**ACTION:** Notice.

**SUMMARY:** The Department of Labor’s (DOL) Employment and Training Administration (ETA) is soliciting comments concerning a proposed revision to the authority to conduct the information collection request (ICR) titled, “Federal-State Unemployment Insurance Program Data Exchange Standardization.” This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995 (PRA).

**DATES:** Consideration will be given to all written comments received by August 22, 2025.

**ADDRESSES:** A copy of this ICR with applicable supporting documentation, including a description of the likely respondents, proposed frequency of response, and estimated total burden, may be obtained free by contacting

Jagruiti Patel by telephone at (202) 693–3059 (this is not a toll-free number), TTY 1–877–889–5627 (this is not a toll-free number), or by email at [OUI-PRA@dol.gov](mailto:OUI-PRA@dol.gov). For persons with a hearing or speech disability who need assistance to use the telephone system, please dial 711 to access telecommunications relay services.

Submit written comments about, or requests for a copy of, this ICR by mail or courier to the U.S. Department of Labor, Employment and Training Administration, Office of Unemployment Insurance, Room S–4524, 200 Constitution Avenue NW, Washington, DC 20210; by email: [OUI-PRA@dol.gov](mailto:OUI-PRA@dol.gov).

**FOR FURTHER INFORMATION CONTACT:** Contact Jagruiti Patel by telephone at (202) 693–3059 (this is not a toll-free number) or by email at [OUI-PRA@dol.gov](mailto:OUI-PRA@dol.gov).

**SUPPLEMENTARY INFORMATION:** DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The Middle Class Tax Relief and Job Creation Act of 2012 (the Act) was signed into law on February 22, 2012. Section 2104 of the Act amends Title IX, Social Security Act by adding a new section 911 (42 U.S.C. 1111), which requires DOL to issue rules that establish data exchange standards for certain functions related to administration of the unemployment insurance (UI) program. As a result, DOL issued a rule designating XML (eXtensible Markup Language) as the data exchange standard for the real-time applications on the Interstate Connection Network (ICON) and for State Information Data Exchange System (SIDES). States are required to conform to the XML data exchange standard for these applications. DOL’s regulations implementing this Act, codified in 20 CFR part 619, authorizes this information collection. This is a proposed extension with revision. The only revision is because the number of states that the Data Exchange Standardization rule affects has declined from 15 to 12, as more states

have implemented this rule. Therefore, the total annual burden hours declined from 1800 hours to 1440 hours.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205–0510.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).

## DEPARTMENT OF LABOR

### Employment and Training Administration

#### Employment and Training (ETA) Program Year (PY) 2025 Workforce Innovation and Opportunity Act (WIOA) Section 166, Indian and Native American Programs Grantee Allotments

**AGENCY:** Employment and Training Administration, Labor.

**ACTION:** Notice.

**SUMMARY:** This notice announces allotments for PY 2025 for the Indian and Native American (INA) Programs.

**DATES:** The PY 2025 INA Program allotments become effective for the grant period that begins July 1, 2025. Written comments on this notice are invited and must be received by July 23, 2025.

**ADDRESSES:** Comments are accepted via email to [DINAP@dol.gov](mailto:DINAP@dol.gov). Please enter “PY25 Indian and Native American Program Allotments Public Comment” in the subject line of the email.

**FOR FURTHER INFORMATION CONTACT:** Stephanie West, Unit Chief in ETA Office of Workforce Investment's Division of Indian and Native American Programs, at 202–693–3021 (this is not a toll-free number). For persons with a hearing or speech disability who need assistance to use the telephone system, please dial 711 to access telecommunications relay services.

**SUPPLEMENTARY INFORMATION:** This notice is published pursuant to Section 182(d) of the WIOA, Prompt Allotment of Funds. The Department is announcing PY 2025 allotments for the INA Program. This notice provides information on the amount of funds available during PY 2025 to federally

recognized Tribes, Tribal controlled non-profit organizations, and Tribal consortiums awarded through the PY 2022 Funding Opportunity Announcement (FOA) for the INA Program workforce development grants. On March 15, 2025, the Full-Year Continuing Appropriations and Extensions Act, 2025 Public Law 119–4 was signed into law (“the Act”). The Act appropriates \$60,000,000 for the WIOA Section 166 INA Comprehensive Services Program (CSP). Of this amount, \$600,000 will be set-aside for compliance training pursuant to 20 CFR 684.270(e). Therefore, the total amount available for the INA CSP is \$59,400,000. This amount will be allocated to INA Program grantees using the formula at 20 CFR 684.270(b).

Section 127(b)(1)(A) of the Act also authorizes up to 1½ percent of the allotment to states for youth workforce investment activities to be reserved for Native American youth activities. For PY 2025 the appropriation for WIOA Youth state activities is \$948,130,000. After reducing the appropriation by \$10,230,000 for set asides authorized by the Act and reserving \$925,200 for Migrant and Seasonal Farmworker Youth, 1½ percent of \$936,974,800 is available for Native American youth activities known as the Supplemental Youth Services Program (SYSP). Accordingly, \$14,054,622 is available for the PY 2025 SYSP and will be allotted to INA Program grantees to provide supplemental services to low-income Native American youth on or near Indian reservations and in Oklahoma, Alaska, and Hawaii. ETA will allocate SYSP funds to WIOA INA Program grantees using the formula described in the WIOA regulations at 20 CFR 684.440.

*Description of Data Files and Allotment Formula.* In PY 2024, the data source to calculate the INA Program annual funding formula was updated from the 2000 Decennial Census Data to the 5-year (2014–2018) American Community Survey (ACS) data for American Indian, Alaska Native, and Native Hawaiians unemployment and poverty data. The WIOA Final Rule at 20 CFR 684.270(b)(3) states that data and definitions used to implement the funding formula are provided by the U.S. Census Bureau. Using these updated data allows the Department to allocate resources more effectively and design programs that are responsive to the changing needs of the community regarding demographic trends, economic conditions, and other factors. The change in unemployment and poverty counts from the 2000 decennial Census to the 2014–2018 ACS is
