#### 36 CFR Chapter I

#### Negotiated Rulemaking Advisory Committee for Off-Road Driving Regulations at Fire Island National Seashore

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of intent to establish a negotiated rulemaking advisory committee.

**SUMMARY:** The Secretary of the Interior is giving notice of his intent to establish the Negotiated Rulemaking Advisory Committee for Off-Road Driving Regulations at Fire Island National Seashore to negotiate and develop a proposed rule revising off-road vehicle use regulations at Fire Island National Seashore.

**DATES:** Interested persons are invited to comment on the proposal to create this Committee. In addition, any persons who believe that they will be affected

significantly by the proposed rule and who believe their interests will not be represented adequately by the persons identified in this Notice of Intent are invited to apply for or nominate another person for membership on the Committee. Each application must contain the information described in the "Application for Membership" section below. Applications or nominations for membership on the Committee must be received by close of business on December 27, 2000.

**ADDRESSES:** Comments and applications for membership should be submitted to Constantine J. Dillon, Superintendent, Fire Island National Seashore, 120 Laurel Street, Patchogue, New York 11772. Comments and applications received will be available for inspection at the address listed above from 8 a.m., to 4:30 p.m., EST, Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:**

Constantine J. Dillon, Superintendent, Fire Island National Seashore, 120 Laurel Street, Patchogue, New York 11772; 631-289-4810, extension 225.

**SUPPLEMENTARY INFORMATION:** The Secretary has determined that the establishment of this committee is in the public interest and supports the National Park Service in performing its duties and responsibilities under the National Park Service Organic Act, 16 U.S.C. 1 *et seq.*; the Endangered Species Act, 16 U.S.C. 1531 *et seq.*; and the Fire Island National Seashore Act, 16 U.S.C. 459e *et seq.* Copies of the committee's charter will be filed with the appropriate committees of Congress and with the Library of Congress in accordance with section 9(c) of the Federal Advisory Committee Act, 5 U.S.C. Appendix. Establishment of the Committee is in accordance with the Negotiated Rulemaking Act of 1990, 5 U.S.C. 564.

The Committee will attempt, via face-to-face negotiations, to reach consensus on concepts and language to use as the basis for a proposed rule to be published by the NPS in the **Federal Register** that would revise existing regulations codified at 36 CFR 7.20. The existing regulations have not been effective in resolving longstanding and controversial resource management and public use conflicts at the Seashore. With the participation of knowledgeable, affected parties, NPS expects to develop a practical approach to addressing these management and public use issues involving the protection of beach environments, their associated floral and faunal communities, and the public's desire for access to Federal lands by motorized

vehicles for access to homes and businesses on the island.

#### Scope of the Proposed Rule

Within the constraints of NPS statutory responsibilities to preserve natural and cultural resources and to provide for their enjoyment, the Committee will evaluate and address key issues including, but not limited to, the designation of specific off-road vehicle routes and areas; the periods of the year and times of day during which off-road vehicles may be operated; the number and type of vehicles; procedures for permits; and other conditions that govern the operation of off-road vehicles at Fire Island National Seashore. It is anticipated that the Committee will develop proposed regulations in all of the above-referenced areas.

#### List of Interests Significantly Affected

The National Park Service has identified a number of interests who are likely to be affected significantly by the rule. Those parties are residents of Fire Island; conservation and environmental organizations; recreational fishing organizations; off-road vehicle organizations; local town governments; commercial interests; and Federal, State and regional land use management and wildlife management agencies. Other parties who believe they are likely to be affected significantly by the rule may apply for membership on the Committee pursuant to the "Application for Membership" section below.

#### Proposed Agenda and Schedule for Publication of Proposed Rule

Members of the Committee, with the assistance of a neutral facilitator, will determine the agenda for the Committee's work. The National Park Service expects to publish a proposed rule in the **Federal Register** before January 1, 2002.

#### Records of Meetings

In accordance with the requirements of the Federal Advisory Committee Act, 5 U.S.C. Appendix 1994, the National Park Service will keep a record of all Committee meetings.

#### Administrative Support

To the extent authorized by law, the National Park Service will fund the costs of the Committee and provide administrative support and technical assistance for the expertise in resource management and operations to facilitate the Committee's work.
