

responsibilities that the NPPO would carry out in order to meet the requirements of the systems approach. APHIS must approve the workplan prior to implementation of the systems approach.

- Places of production and packinghouses must be registered with and approved by the NPPO of Chile. Additionally, packinghouses must be pest-exclusionary.

- If the NPPO of Chile determines that a registered place of production or packinghouse is not complying with the provisions of the systems approach, no blueberries from the place of production or packinghouse are eligible for export into the United States until APHIS and the NPPO conduct an investigation and appropriate remedial actions have been implemented.

- The NPPO of Chile must demonstrate continued low pest prevalence for EGVM in Regions VIII and XVI through a national trapping program for EGVM. Trapping density and servicing, as well as thresholds for low pest prevalence, will be detailed in the operational workplan.

- If the place of production is within an area of Region VIII or XVI that is designated by the NPPO of Chile as a regulated area for EGVM, the place of production must have a field inspection by the NPPO within 2 weeks prior to harvest with no finds of immature EGVM based on a biometric sample of plants. Places of production in control areas for EGVM are not authorized to export blueberries to the United States under the terms of the systems approach and blueberries from such areas must be fumigated with methyl bromide in order to be exported to the United States.

- Packed blueberries must be inspected by the NPPO of Chile prior to export under the auspices of APHIS' preclearance program within Chile.

- Each shipment must be accompanied by a phytosanitary certificate issued by the NPPO with an additional declaration that the blueberries were produced in an area of low pest prevalence for EGVM.

- Each shipment is subject to inspection for quarantine pests at the port of entry into the United States.

- If immature stages of EGVM are detected during field inspections or packinghouse inspections, or any life stage of EGVM is detected at a port of entry into the United States, the consignment may not be imported into the United States and the place of production will be suspended from the systems approach export program until reinstated. Blueberries from that place of production must be fumigated with methyl bromide in order to be exported

to the United States until such reinstatement.

These revised conditions will be listed in the Fruits and Vegetables Import Requirements database (available at <https://epermits.aphis.usda.gov/manual>). In addition to these specific measures, blueberries from Chile will be subject to the general requirements listed in § 319.56–3 that are applicable to the importation of all fruits and vegetables. Please note that, in order to accommodate the revisions of this notice and remove redundancies, we are also removing the citation to Federal Order DA–2018–40 in FAVIR.

[Docket No. FSIS–2020–0029]

National Advisory Committee on Microbiological Criteria for Foods; Membership Nominations

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice; soliciting nominations.

SUMMARY: Pursuant to the provisions of the rules and regulations of the Department of Agriculture and the Federal Advisory Committee Act (FACA), the U.S. Department of Agriculture (USDA) is soliciting nominations for membership on the National Advisory Committee on Microbiological Criteria for Foods (NACMCF). There are 9 vacancies. Advisory Committee members serve a two-year term that may be renewed for two additional consecutive terms, at the discretion of the Secretary of Agriculture.

DATES: All materials must be received by November 9, 2020.

ADDRESSES: Nomination packages should be sent by email to john.jarosh@usda.gov or mailed to: Sonny Perdue, Secretary, U.S. Department of Agriculture, 1400 Independence Avenue SW, Washington, DC 20250, Attn: FSIS\OPHS\National Advisory Committee on Microbiological Criteria for Foods (John Jarosh).

FOR FURTHER INFORMATION CONTACT: John Jarosh, Designated Federal Officer, by telephone at 202–690–6128 or by email john.jarosh@usda.gov.

The Food Safety and Inspection Service (FSIS) invites interested persons to submit comments on this **Federal Register** notice. Comments may be submitted by either of the following methods:

- **Federal eRulemaking Portal:** This website (<http://www.regulations.gov/>) provides the ability to type short comments directly into the comment field on this web page or attach a file for lengthier comments. Follow the online instructions at that site for submitting comments.

- **Mail, including CD-ROMS and hand or courier delivered items:** Send to Docket Clerk, Department of Agriculture, Food Safety and Inspection Service, 1400 Independence Avenue SW, Mailstop 3758, Room 6065, Washington, DC 20250–3700 between 8:30 a.m. and 4:30 p.m., Monday through Friday.

Instructions: All items submitted by mail or electronic mail must include the Agency name and docket number FSIS–2020–0029. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <http://www.regulations.gov/>.

Docket: For access to background documents or comments received, go to the FSIS Docket Room at Department of Agriculture, Food Safety and Inspection

Service, 1400 Independence Avenue SW, Mailstop 3758, Room 6065, Washington, DC 20250–3700 between 8:30 a.m. and 4:30 p.m., Monday through Friday. All comments submitted in response to this notice, as well as background information used by FSIS in developing this document, will be available for public inspection in the FSIS Docket Room at the address listed above between 8:30 a.m. and 4:30 p.m., Monday through Friday.

SUPPLEMENTARY INFORMATION: USDA is seeking NACMCF nominees with scientific expertise in the fields of microbiology, epidemiology, food technology (food, clinical, and predictive), toxicology, risk assessment, infectious disease, biostatistics, and other related sciences. USDA is seeking nominations for NACMCF from persons in academia, industry, State governments, and the Federal Government, as well as all other interested persons with the required expertise.

USDA is also seeking nominations for one individual affiliated with a consumer group to serve on the NACMCF. This member will serve as a representative member to provide a consumer viewpoint to the Committee. This member will not be required to have a scientific background and will not be subject to a conflict of interest review.

Members can serve on only one USDA advisory Committee at a time. All nominees will undergo a USDA background check. With the exception of the consumer representative member, any member who is not a Federal government employee will be appointed to serve as a non-compensated special government employee (SGE). SGEs will be subject to appropriate conflict of interest statutes and standards of ethical conduct.

Applicants that are federally registered lobbyists will not be considered for USDA's NACMCF federal advisory Committee, if the position of appointment will serve in a Special Government Employee capacity.

Nominations for membership on the NACMCF must be addressed to the Secretary of Agriculture and accompanied by a cover letter addressing the nomination. Additionally, a resume or curriculum vitae and a completed USDA Advisory Committee Membership Background Information form AD–755 (available online at: <https://www.ocio.usda.gov/document/ad-755>) must be included with the nomination. The resume or curriculum vitae must be limited to five one-sided pages and should include

educational background, expertise, and a list of select publications, if available, that confirm the nominee's expertise for the related work. Any submissions with more than the prescribed five one-sided pages in length will have only the first five pages reviewed.

A person may self-nominate, or a nomination can be made on behalf of someone else.

Background

The NACMCF was established in March 1988, in response to a recommendation in a 1985 report of the National Academy of Sciences Committee on Food Protection, Subcommittee on Microbiological Criteria, "An Evaluation of the Role of Microbiological Criteria for Foods." The current charter for the NACMCF and other information about the Committee are available to the public for viewing on the FSIS website at: <http://www.fsis.usda.gov/nacmcf>.

The Committee provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services concerning the development of microbiological criteria by which the safety and wholesomeness of food can be assessed. For example, one of the most recent efforts of the Committee is to provide the best scientific information available on Shiga Toxin producing *E. coli*, including providing recommendations on optimal detection and identification methodologies.

Appointments to the Committee will be made by the Secretary of Agriculture after consultation with the Secretary of Health and Human Services to ensure that recommendations made by the Committee take into account the needs of the diverse groups served by the USDA.

The full Committee expects to meet at least once a year by teleconference or in-person, and the meetings will be announced in the **Federal Register**.

The subcommittees will meet as deemed necessary by the chairperson through working group meetings in an open public forum. Subcommittees may also meet through teleconference or by computer-based conferencing (webinars). Subcommittees may invite technical experts to present information for consideration by the subcommittee. The subcommittee meetings will not be announced in the **Federal Register**; however, FSIS will announce the agenda and subcommittee working group meetings through the *Constituent Update*, available online at: <http://www.fsis.usda.gov/cu>.

NACMCF holds subcommittee meetings in order to accomplish the

work of NACMCF; all subcommittee work is reviewed and approved during a public meeting of the full Committee, as announced in the **Federal Register**. All data and records available to the full Committee are expected to be available to the public after the full Committee has reviewed and approved the work of the subcommittee. Advisory Committee members are expected to attend all in-person meetings during the two-year term to ensure the smooth functioning of the advisory Committee. However, on rare occasions, attendance through teleconferencing may be permitted.

Members must be prepared to work outside of scheduled Committee and subcommittee meetings and may be required to assist in document preparation. Committee members serve on a voluntary basis; however, travel expenses and per diem reimbursements are available.

Regarding Nominees Who Are Selected

All SGE and Federal government employee nominees who are selected must complete the Office of Government Ethics (OGE) 450 Confidential Financial Disclosure Report before rendering any advice or prior to their first meeting. With the exception of the consumer representative Committee member, all Committee members will be reviewed pursuant to 18 U.S.C. 208 for conflicts of interest relating to specific NACMCF work charges, and financial disclosure updates will be required annually. Members subject to financial disclosure must report any changes in financial holdings requiring additional disclosure. OGE 450 forms are available on-line at: <https://www2.oge.gov/web/oge.nsf/Confidential%20Financial%20Disclosure>.

Additional Public Notification

FSIS will announce this **Federal Register** notice online through the FSIS web page located at <http://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and

information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

USDA Non-Discrimination Statement

No agency, officer, or employee of the USDA shall, on the grounds of race, color, national origin, religion, sex, gender identity, sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, or political beliefs, exclude from participation in, deny the benefits of, or subject to discrimination any person in the United States under any program or activity conducted by the USDA.

How To File a Complaint of Discrimination: To file a complaint of discrimination Complete the USDA Program Discrimination Complaint Form, which may be accessed online at http://www.ocio.usda.gov/sites/default/files/docs/2012/Complain_combined_6_8_12.pdf, or write a letter signed by you or your authorized representative. Send your completed complaint form or letter to USDA by mail, fax, or email:

Mail: U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue SW, Washington, DC 20250-9410.

Fax: (202) 690-7442.

Email: program.intake@usda.gov.

Persons with disabilities who require alternative means for communication (Braille, large print, audiotape, etc.), should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

Foreign-Trade Zones Board

[S-138-2020]

Approval of Expansion of Subzone 18F; Lam Research Corporation; Hayward, California

On August 10, 2020, the Executive Secretary of the Foreign-Trade Zones (FTZ) Board docketed an application submitted by the City of San Jose, grantee of FTZ 18, requesting to expand Subzone 18F on behalf of Lam Research Corporation in Hayward, California, subject to the existing activation limit of FTZ 18.

The application was processed in accordance with the FTZ Act and Regulations, including notice in the **Federal Register** inviting public comment (85 FR 50803, August 18, 2020). The FTZ staff examiner reviewed the application and determined that it meets the criteria for approval. Pursuant to the authority delegated to the FTZ Board Executive Secretary (15 CFR Sec. 400.36(f)), the application to expand Subzone 18F was approved on October 2, 2020, subject to the FTZ Act and the Board's regulations, including Section 400.13, and further subject to FTZ 18's 2,000-acre activation limit.

Dated: October 2, 2020.

Andrew McGilvray,

Executive Secretary.
