SUPPLEMENTARY INFORMATION: On July 9, 2021, President Biden issued an Executive Order titled "Promoting Competition in the American Economy," which creates a White House Competition Council and directs Federal agency actions to enhance fairness and competition across America's economy. Among other things, the Executive Order directs the Secretary of Agriculture (the Secretary) to prepare a report on concerns and strategies for ensuring that the intellectual property (IP) system, while incentivizing innovation, does not also unnecessarily reduce competition in seed and other input markets.

A notice, published in the **Federal Register** on March 17, 2022 (87 FR 15198), requested comments and information from the public to assist AMS in preparing the report required by the Executive Order and advancing policy steps on seeds and other inputs identified in and developed by the report. This notice established a 60-day comment period, ending May 16, 2022. As the comment period overlapped a critical time for agricultural producers to plant crops and for academics to conclude semesters, AMS is extending the public comment period for an additional 30 days to encourage additional public comment.
