Proposed Project: Target Capacity Expansion Grants for Jail Diversion Programs—(OMB No. 0930–0277)—Revision

The Substance Abuse and Mental Health Services Administration’s (SAMHSA), Center for Mental Health Services (CMHS) has implemented the Targeted Capacity Expansion Grants for Jail Diversion Programs, the Jail Diversion and Trauma Recovery Program represents the current cohort of grantees. The Program currently collects client outcome measures from program participants who agree to participate in the evaluation. Data collection consists of interviews conducted at baseline, six and twelve intervals, as well as the collection of data on participants from existing program records.

The current proposal requests the continuation of the data collection instruments previously approved by OMB. The only revision requested is a reduction in the respondent burden hours.

The following tables summarize the burden for the data collection.
