NUCLEAR REGULATORY COMMISSION

[Docket Nos. 030-36567, 030-34261; License Nos. 27-23914-01E, 42-23850-02E, EA-03-187]

In the Matter of 21st Century Technologies, Inc., Las Vegas, NV; Order Imposing Civil Monetary Penalty

21st Century Technologies, Inc. (Licensee) is the holder of Exempt Distribution License No. 27-23914-01E, issued by the Nuclear Regulatory Commission (NRC or Commission) on May 19, 2004.¹ The license authorizes the Licensee to distribute products containing byproduct material (*i.e.*, tritium) in accordance with the conditions specified therein.

An inspection and investigation of the Licensee's activities were completed in October 2003. The results of the inspection and investigation indicated that the Licensee had not conducted its activities in full compliance with NRC requirements. A written Notice of Violation and Proposed Imposition of Civil Penalty (notice) was issued to the Licensee by letter dated April 13, 2004. The notice stated the nature of the violations, the provisions of the NRC's requirements that the Licensee had violated, and the amount of the civil penalty proposed for the violation (\$6,000).

The Licensee responded to the notice in a letter dated May 11, 2004. In its response, the Licensee admitted the violations, provided qualifying information with respect to several of the examples, contested the classification of the violations as a Severity Level III problem, contested the NRC's application of its civil penalty assessment process, and requested remission or mitigation of the proposed civil penalty. The licensee's letter also described 21st Century's plans to correct and prevent recurrence of the violations.

After consideration of the Licensee's response, and for the reasons discussed in the Appendix to this Order, the NRC concludes that the severity level of the violations was appropriately determined, that the civil penalty assessment process was correctly followed, and that the licensee has not provided a basis for reducing the severity level of the violations or for mitigating the proposed civil penalty. Therefore, the NRC concludes that the civil penalty proposed for the violations designated in the notice should be imposed by Order.

¹ Prior to May 19, 2004, the company held License No. 42-23850-02E, Docket No. 030-34261, and was based in Haltom City, Texas.

In view of the foregoing and pursuant to section 234 of the Atomic Energy Act of 1954, as amended (Act), 42 U.S.C. 2282, and 10 CFR 2.205, *it is hereby ordered that:*

The Licensee pay a civil penalty in the amount of \$6,000 within 30 days of the date of this Order, in accordance with the payment methods described in NUREG/BR-0254. In addition, at the time of making the payment, the licensee shall submit a statement indicating when and by what method payment was made, to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738.

The Licensee may request a hearing within 30 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and include a statement of good cause for the extension. A request for a hearing should be clearly marked as a "Request for an Enforcement Hearing" and shall be submitted to the Secretary, U.S. Nuclear Regulatory Commission, ATTN: Rulemakings and Adjudications Staff, Washington, DC 20555. Copies also shall be sent to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555, to the Assistant General Counsel for Materials Litigation and Enforcement at the same address, and to the Regional Administrator, NRC Region IV, 611 Ryan Plaza Drive, Suite 400, Arlington, Texas 76011. Because of continuing disruptions in delivery of mail to United States Government offices, it is requested that requests for hearing be transmitted to the Secretary of the Commission either by means of facsimile transmission to 301-415-1101 or by e-mail to hearingdocket@nrc.gov and also to the Office of the General Counsel either by means of facsimile transmission to 301-415-3725 or by e-mail to OGCMailCenter@nrc.gov.

If a hearing is requested, the Commission will issue an Order designating the time and place of the hearing. If the Licensee fails to request a hearing within 30 days of the date of this Order (or if written approval of an extension of time in which to request a hearing has not been granted), the provisions of this Order shall be effective without further proceedings. If payment has not been made by that time, the matter may be referred to the Attorney General for collection.
