

2011. The program received new funding in 2018 and 2019, and there was an attempt to reinstate the collection, but the process was not completed. With renewed funding for Fiscal Year 2022 and anticipated funding in the future, the Office of Asset Management and Portfolio Oversight (OAMPO) is submitting this request again. The information requested is

necessary to the Department to assist HUD in determining applicant eligibility and ability to develop housing for persons with disabilities within statutory and program criteria. A thorough evaluation of an applicant's submission is necessary to protect the government's financial interest.

Respondents: Not-for-profit institutions, Nonprofit developers or

disability organizations that provide housing for persons with disabilities.

Estimated Number of Respondents: 99.

Estimated Number of Responses: 99.

Frequency of Response: 1.

Average Hours per Response: 1.

Total Estimated Burden: 57.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.

Jeffrey D. Little,

General Deputy Assistant Secretary, Office of Housing.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS-R6-ES-2022-0136; FF06E24000-234-FXES1140600000]

Incidental Take Permit Application; Habitat Conservation Plan and Categorical Exclusion for the Preble's Meadow Jumping Mouse; Douglas County, Colorado

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability of documents; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the availability of documents related to an application for an incidental take permit (permit) under the Endangered Species Act. The St. Charles Town Company has applied for a permit, which, if granted, would authorize take of the federally threatened Preble's meadow jumping mouse (*Zapus hudsonius preblei*) that is likely to occur incidental to proposed construction of commercial and industrial building space known as Brookside Business Center. The documents available for review and comment are the applicant's habitat conservation plan, which is part of the permit application, and our draft environmental action statement and low-effect screening form, which support a categorical exclusion under the National Environmental Policy Act. We invite comments from the public

and local, State, Tribal, and Federal agencies.

DATES: We will accept comments received or postmarked on or before January 20, 2023. Comments submitted online at <https://www.regulations.gov> (see **ADDRESSES**) must be received by 11:59 p.m. Eastern Time on the closing date.

ADDRESSES:

Obtaining Documents: The documents this notice announces, as well as any comments and other materials that we receive, will be available for public inspection online in Docket No. FWS-R6-ES-2022-0136 at <https://www.regulations.gov>.

Submitting Comments: You may submit comments by one of the following methods:

- **Online:** <http://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS-R6-ES-2022-0136.
- **U.S. mail:** Public Comments Processing, Attn: Docket No. FWS-R6-ES-2022-0136; U.S. Fish and Wildlife Service Headquarters, MS: PRB/3W; 5275 Leesburg Pike; Falls Church, VA 22041-3803.

We request that you send comments by only one of the methods described above.

FOR FURTHER INFORMATION CONTACT:

Liisa M. Niva, by phone at 303-905-4543, or by email at Liisa.Niva@fws.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), have received an application from the St. Charles Town Company for a 10-year incidental take permit (permit) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The application addresses the potential for take of the federally threatened Preble's meadow jumping mouse (*Zapus hudsonius preblei*; PMJM) that is likely to occur incidental to proposed construction of commercial and industrial building space.

The documents available for review and comment are the applicant's habitat conservation plan (HCP), which is part of the permit application, and our draft environmental action statement and low-effect screening form. These documents helped inform our

conclusion that the activities proposed in the HCP will have a low effect on the species and the human environment. Accordingly, our issuance of a permit qualifies for a categorical exclusion under the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*).

Applicant's Habitat Conservation Plan

The St. Charles Town Company has submitted a low-effect HCP in support of an application for a permit to address take of the species that is likely to occur as the result of proposed construction of commercial and industrial building space (covered activities) on approximately 16.8 acres (ac) in Douglas County, Colorado. The covered activities are anticipated to affect 3.53 ac of PMJM habitat. The requested permit duration is for 10 years. The biological goals and objectives are to minimize and avoid impacts to PMJM habitat, avoid reduction of PMJM survival and recovery, and restore and enhance PMJM habitat post-construction. The proposed mitigation and minimization measures include protection of 5.15 acres of high-quality upland and riparian PMJM habitat. Impacts will be minimized by restricting human access to PMJM habitat, limiting the establishment and spread of noxious weeds, and restoration of areas temporarily impacted by construction.

Public Availability of Comments

Written comments we receive become part of the decision file associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We provide this notice under section 10(c) of the Endangered Species Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.32(b)) and under the National Environmental Policy Act (42 U.S.C.

4321 *et seq.*) and its implementing regulations (40 CFR 1506.6).

Drue DeBerry,

Acting Assistant Regional Director, Ecological Services, Mountain-Prairie Region, U.S. Fish and Wildlife Service.

BILLING CODE 4333-15-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 332-594]

Recent Trends in U.S. Services Trade, 2023 Annual Report

AGENCY: United States International Trade Commission.

ACTION: Schedule for 2023 report and opportunity to submit information.

SUMMARY: The Commission has prepared and published annual reports in this series, *Recent Trends in U.S. Services Trade*, since 1996.¹ The 2023 report, which the Commission plans to publish in May 2023, will provide aggregate data on cross-border trade in services for the period ending in 2021, and transactions by affiliates based outside the country of their parent firm for the period ending in 2020. The report's analysis will focus on distribution services (including e-commerce, retail, logistics services, port services, maritime transport services, and other transportation services). The Commission is inviting interested members of the public to furnish information and views in connection with the 2023 report.

DATES:

January 27, 2023: Deadline for filing written submissions.

May 26, 2023: Anticipated date for online publication of the report.

ADDRESSES: All Commission offices, including the Commission's hearing rooms, are located in the United States International Trade Commission Building, 500 E St. SW, Washington, DC. All written submissions should be addressed to the Secretary, United States International Trade Commission, 500 E St. SW, Washington, DC 20436. The public record for this investigation may be viewed on the Commission's electronic docket information system (EDIS) at <https://edis.usitc.gov/>.

FOR FURTHER INFORMATION CONTACT: Information specific to this investigation

¹ While previous reports in the *Recent Trends* series used investigation number 332-345, each report will now be issued with a separate investigation number upon approval of the initiating action jacket.
