from Ms. Pollard.

**SUPPLEMENTARY INFORMATION:** This  
notice informs the public that HUD is  
seeking approval from OMB for the  
information collection described in  
Section A.

#### A. Overview of Information Collection

*Title of Information Collection:*  
Choice Neighborhoods Evaluation,  
Phase II.

*OMB Approval Number:* Pending.

*Type of Request:* New.

*Form Number:* No forms.

*Description of the need for the  
information and proposed use:* HUD is  
conducting an evaluation of the Choice  
Neighborhoods Initiative, focused on  
the initial round of grants funded in  
August 2011. This evaluation requires  
the collection of information from  
households living in the Choice  
Neighborhoods sites. Phase I, approved  
by the Office of Management and  
Budget under control number 2528-  
0286, involved a baseline survey of  
households ([http://www.reginfo.gov/  
public/do/PRAViewICR?ref\\_nbr=  
201203-2528-001](http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201203-2528-001)). Phase II, proposed  
here, involves tracking baseline survey  
respondents. The purpose of Phase II  
tracking is to maintain contact and  
location information for households that  
participated in the Choice  
Neighborhoods Demonstration Studies'  
Baseline Survey to analyze household  
mobility patterns and achieve a strong  
response rate on any follow up surveys  
that the U.S. Department of Housing and  
Urban Development (HUD) may  
conduct.

The tracking effort relies primarily on  
passive tracking strategies that use data  
obtained from HUD's PIC and TRACS  
systems, Choice Grantees, National  
Change of Address (NCOA) Database,  
and Accurint, to update the contact  
information for households. Active  
tracking strategies are used to  
complement passive strategies.

*Respondents* (i.e. affected public):  
This information collection will affect  
approximately 1,697 households that  
participated in the Choice  
Neighborhoods Demonstration Studies'  
Baseline Survey in 2013-14 in five  
cities—New Orleans, Chicago, Boston,  
Seattle, and San Francisco. Affected  
households include residents of HUD-

assisted properties targeted by the  
Choice Neighborhoods Initiative as well  
as residents in the neighborhoods  
surrounding those properties. The  
respondents have all agreed to  
participate in the study.

There are five active tracking  
strategies that will directly affect Panel  
members:

1. Three quarters each year, panel  
members will receive a card/flyer with  
a toll-free number and Web site address  
set up for this study that will give  
respondents the opportunity to update  
their contact information online or by  
phone. We estimate that 25 percent of  
respondents (424) will respond to this  
flyer and it will take at most 5 minutes.  
This activity is estimated to result in  
424 responses, 101.76 hours, and \$1,387  
of burden per year.

2. Once a year, the flyer/card will also  
contain a perforated mailer and a  
postage-paid business reply envelope,  
providing more opportunity for each  
panel member to update their contact  
information. We estimate that 90  
percent of target development Panel  
members (675) and 50 percent of  
neighborhood Panel members (474) will  
respond to this flyer and it will take at  
most 5 minutes. This activity is  
estimated to result in \$1,149 responses,  
91.92 hours, and \$1,253 of burden per  
year.

3. DIR will initiate follow-up phone  
calls to determine if the most current  
telephone number(s) in the contact  
database are correct. This action will  
only become necessary if there is no  
response to the annual mailers and there  
is no online update and the postcard/  
flyer is returned. DIR estimates that  
about half of the neighborhood sample  
(474) and 10 percent of the target  
development sample (74) will require a  
follow-up phone call. We estimate this  
call will take 5 minutes. We estimate  
that this activity will be successful for  
50% of households (237 neighborhood  
and 37 target). This activity is estimated  
to result in 274 responses, 21.92 hours,  
and \$299 of burden per year.

4. After a pre-determined number of  
unsuccessful telephone attempts (e.g.,  
3-5), a DIR field locator will visit the  
household to determine if the head of  
household still lives there. We estimate  
about 50 percent of the previous cases  
are expected to be resolved by telephone  
contact, with the remaining 50 percent  
(237 neighborhood and 37 target) being  
assigned to a field locator. We estimate  
this field location contact will take 5  
minutes. This activity is estimated to  
result in 274 responses, 21.92 hours,  
and \$299 of burden per year.

## B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

#### SUPPLEMENTARY INFORMATION:

#### I. Public Comment Procedures

*A. How do I request copies of applications or comment on submitted applications?*

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under **ADDRESSES**.

Please include the **Federal Register** notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under **ADDRESSES**. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment

period (see **DATES**) or comments delivered to an address other than those listed above (see **ADDRESSES**).

*B. May I review comments submitted by others?*

Comments, including names and street addresses of respondents, will be available for public review at the street address listed under **ADDRESSES**. The public may review documents and other information applicants have sent in support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), along with Executive Order 13576, "Delivering an Efficient, Effective, and Accountable Government," and the President's Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; January 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken.
