SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51643; File No. SR-FICC-2005-01]

Self-Regulatory Organizations; Fixed Income Clearing Corporation; Notice of Filing of a Proposed Rule Change Relating to Timely Notification of Significant Events That Effect a Change in Control of a Member or Could Have a Substantial Impact on a Member's Business or Financial Condition

May 2, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on January 6, 2005, the Fixed Income Clearing Corporation ("FICC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by FICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change would require certain FICC members to notify FICC when they experience an event that would effect a change in control of such member or could have a substantial impact on such member's business or financial condition.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FICC has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.²

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Currently, FICC's Government Securities Division's ("GSD") rules require a member to "promptly" inform FICC when they experience a "material change in control or financial condition."³ FICC's Mortgage-Backed Securities Division's ("MBSD") rules do not contain any similar requirements.

FICC believes that the GSD rule does not cover a broad-enough scope of events that FICC should be aware of in order to properly manage the risks that such events might pose to FICC and its membership. In addition, FICC believes that the current rule is not effectively enforceable because the terms "promptly" and "material change in control or financial condition" are not adequately defined.

Under the proposed rule change, GSD netting members and MBSD clearing members would be required to provide oral and written notification to FICC upon experiencing a "Reportable Event." The term "Reportable Event" would be defined as an event that would effect a change in control of a GSD netting member or an MBSD clearing member or an event that could have a substantial impact on those types of member's business or financial condition including, but not limited to: (a) Material organizational changes including mergers, acquisitions, changes

in corporate form, name changes, changes in the ownership of a netting or clearing member or its affiliates, and material changes in management; (b) material changes in business lines, including new business lines undertaken; and (c) status as a defendant in litigation which could reasonably impact the netting or clearing member's financial condition or ability to conduct business.⁴

In order to provide FICC with enough time to analyze the implications of a Reportable Event and to determine an appropriate course of action, FICC believes that it is important for it to learn of a Reportable Event as soon as possible. As such, a netting or clearing member must submit written notice to FICC at least 90 calendar days prior to the effective date of such Reportable Event unless the member demonstrates that it could not have reasonably done so and also provides oral and written notice to FICC as soon as possible. Failure to so notify FICC would result in a \$5,000 fine.

FICC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act and the rules and regulations thereunder because it should enhance FICC's ability to collect and evaluate the type of information that it needs to be aware of in order to properly manage risks and enforce its rules, thereby assuring the safeguarding of securities and funds for which FICC is in control.

B. Self-Regulatory Organization's Statement on Burden on Competition

FICC does not believe that the proposed rule change will have any impact or impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments relating to the proposed rule change have not yet been solicited or received. FICC will notify the Commission of any written comments it receives.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within thirty-five days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51649; File No. SR-NSCC-2005-04]

Self-Regulatory Organizations; National Securities Clearing Corporation; Notice of Filing of a Proposed Rule Change To Establish a Confirmation and Matching Service for Over-The-Counter U.S. Equity Options Transactions

May 3, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on April 29, 2005, the National Securities Clearing Corporation ("NSCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change described in Items I, II, and III below, which items have been prepared primarily by NSCC. The Commission is publishing this notice to solicit comments from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NSCC is seeking permanent approval to add Addendum M to its Rules and Procedures to establish a confirmation and matching service for over-the-counter ("OTC") U.S. equity options transactions ("NSCC Equity Options Service").²

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NSCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements

may be examined at the places specified in Item IV below. NSCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.³

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Currently, confirmation of trade details among dealers and the dealers' buy-side customers in the OTC equity options industry is supported largely by faxes and telephone communication. It is widely acknowledged by the industry that this current operational infrastructure, which depends upon nonstandard and manual processing, results in excessive processing costs, delays, and errors. The industry is seeking to reduce the attendant operational risks associated with OTC equity options processing by automating the trade confirmation process for OTC equity options.

In response to similar conditions prevailing in the credit default swaps industry, The Depository Trust & Clearing Corporation ("DTCC"), the corporate parent of NSCC, created a subsidiary, DTCC Deriv/SERV LLC ("Deriv/SERV"), in 2003. Deriv/SERV currently offers a confirmation and matching service for OTC credit default swaps transactions and their associated cash flows. This service is now used by approximately 75 entities including all of the largest OTC credit default swaps dealers.

Deriv/SERV has developed a confirmation and matching service for OTC equity options transactions and their associated cash flows ("Deriv/SERV Equity Options Service"). The Deriv/SERV Equity Options Service provides for confirmation and matching either between two OTC equity options dealers or between an OTC equity options dealer and its buy-side customer. Where either the buyer or the seller of an equity option is a U.S. person and the equity option is issued by a U.S. issuer ("U.S. Equity Option Transaction"), NSCC provides confirmation and matching services ("NSCC Equity Options Service") to Deriv/SERV pursuant to the NSCC/DTCC Deriv/SERV Service Agreement ("Service Agreement").⁴ In connection

³ The Commission has modified the text of the summaries prepared by NSCC.

⁴ DTC has represented that the continued processing of Deriv/SERV's transactions will not be a strain on the capacity of DTC's systems. The host computer and other automated facilities associated with the NSCC Equity Options Service are provided by DTC pursuant to service agreements between NSCC and DTCC and between DTCC and DTC.
