Title: International Survey of Upper Secondary Schools (ISUSS).

Abstract: The purpose of the International Survey of Schools at the Upper Secondary Level is to gather information on student transitions, education quality, professional development, and computer technology in 600 high schools to be compared to similar schools in other countries.

Additional Information: Last month, the National Center for Education Statistics (NCES) was overruled by the international committee sponsoring these surveys, when it was decided to conduct these surveys in the Fall of 2002. As most other countries do not have a survey clearance process similar to that in place in the United States, the effect on them of this timing decision did not create an emergency situation for them. In fact, all countries were quite eager to conduct the survey as soon as possible. In our case the public has until August 30th to send their concerns to OMB.

Frequency: One time.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs; Federal Government.

Reporting and Recordkeeping Hour Burden:

Responses: 600.

Burden Hours: 450.
