Revisions to the Arizona State Implementation Plan, Pinal County Air Quality Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Pinal County Air Quality Control District (PCAQCD) portion of the Arizona State Implementation Plan (SIP). This revision concerns volatile organic compound (VOC) emissions from organic solvents, dry cleaners, coating operations, and degreasers. We are proposing to remove from the SIP a local rule regulating these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act). This action is a reproposal of EPA's July 14, 2000 proposed rule (65 FR 43727) to disapprove this revision to the Arizona SIP. We do not plan to finalize our July 14, 2000 proposed disapproval. We are taking comments on this proposal and plan to follow with a final action.

DATES: Any comments must arrive by August 16, 2001.
