The U.S. Department of Education is conducting a study that will examine states' development and implementation of laws and policies to prohibit aiding and abetting sexual misconduct in schools. The study will also describe the challenges states have encountered implementing the requirements of Section 8546 and how they have addressed these challenges. The study is not intended to determine the extent to which each state is complying with Section 8546. Rather, the Department seeks to understand how states are addressing implementing the provisions in Section 8546 in order to inform the Department's technical assistance efforts to states on this section of the law.
