SUPPLEMENTARY INFORMATION:

I. Statutory and Regulatory Provisions

The legislative framework generally referred to as the Bank Secrecy Act (BSA) consists of the Currency and Financial Transactions Reporting Act of 1970, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act) (Public Law 107-56) and other legislation. The BSA is codified at 12 U.S.C. 1829b, 12 U.S.C. 1951-1959, 31 U.S.C. 5311-5314 and 5316-5332, and notes thereto, with implementing regulations at 31 CFR Chapter X.

The BSA authorizes the Secretary of the Treasury, *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of usefulness in criminal, tax, and regulatory matters, or

in the conduct of intelligence or counter-intelligence activities to protect against international terrorism, and to implement anti-money laundering (AML) programs and compliance procedures.¹ Regulations implementing the BSA appear at 31 CFR Chapter X. The authority of the Secretary to administer the BSA has been delegated to the Director of FinCEN.²

Congress amended the BSA in 1988 to give the Secretary the authority to issue orders under 31 U.S.C. 5326 by passing Public Law 100-690, Title VI, § 6185(c). This provision was later amended to permit issuance of confidential orders, lengthen the effective period of orders to 180 days, cover transactions involving transfers of funds, and to clarify that orders can be issued upon reasonable grounds for concluding that additional requirements are necessary to carry out the purposes of the subtitle of which 31 U.S.C. 5326 is a part, or to prevent evasions thereof. *See* Public Law 102-550, Title XV, § 1514; Public Law 107-56, 353(d); Public Law 115-44, 275.

Under 31 U.S.C. 5326(a), if the Secretary finds that reasonable grounds exist for concluding that additional recordkeeping and reporting are necessary to carry out the purpose of the BSA or to prevent evasions thereof, the Secretary may issue an order requiring any domestic financial institution or nonfinancial trade or business or group of domestic financial institutions or nonfinancial trades or businesses in a geographic area to obtain such information as the Secretary may describe in such order concerning certain transactions.

The authority set forth in 31 U.S.C. 5326 to impose reporting and recordkeeping requirements is self-implementing.³ Section 5326(a) generally requires domestic financial institutions or nonfinancial trades or businesses in a geographic area that receive an order to report, in the manner and to the extent specified in an order, information concerning any transaction in which such financial institution or nonfinancial trade or business is involved for the payment, receipt, or transfer of funds (as the Secretary may describe in such order). An order typically will include the following terms: (i) The dollar amount of

¹ Section 358 of the USA PATRIOT Act added language expanding the scope of the BSA to intelligence or counter-intelligence activities to protect against international terrorism.

² Treasury Order 180-01 (re-affirmed Jan. 14, 2020).

³ Although 31 U.S.C. 5326 does not mention the need for a prescribing regulation, a rule corresponding to section 5326 is set forth at 31 CFR 1010.370. Among other things, the rule defines a geographic area.

transactions subject to the reporting requirement; (ii) the type of transactions subject to or exempt from the reporting requirement; (iii) the appropriate form for reporting and the method for form submission; (iv) the starting and ending dates by which the transactions specified in the order are to be reported; (v) a point of contact at FinCEN for questions; (vi) the amount of time the reports and records of reports generated are required to be retained; and (vii) any other information deemed necessary to carry out the purpose of the order. Pursuant to 31 U.S.C. 5326(d), no order will prescribe a reporting period of more than 180 days unless it is renewed pursuant to 31 U.S.C. 5326(a). These orders are commonly referred to as geographic targeting orders (GTOs).

31 CFR 1010.410(d) requires each financial institution or nonfinancial trade or business to retain the original or a copy or reproduction of a record of the information required to be reported in a GTO for the period of time specified in the order, not to exceed five years.

II. Paperwork Reduction Act of 1995 (PRA)⁴

Title: Reports and records of certain domestic transactions (31 U.S.C. 5326; 31 CFR 1010.370 and 1010.410(d)).

OMB Control Number: 1506–0056.

Report Number: Not applicable.

Abstract: FinCEN is issuing this notice to renew the OMB control number for statutes and regulations requiring reports and records of certain domestic transactions.

Affected Public: Businesses or other for-profit institutions, and non-profit institutions.

Type of Review: Renewal without change of a currently approved information collection.

Frequency: As required.

Estimated Number of Respondents: 353 domestic financial institutions and/or nonfinancial trades or businesses.⁵

Estimated Total Annual Responses: 13,719 responses.⁶

Estimated Reporting and Recordkeeping Burden:

Generally the information required to be recorded and reported as a result of a GTO is basic information to which a domestic financial institution or nonfinancial trade or business would have access in the normal course of

doing business. For instance, a domestic financial institution or nonfinancial trade or business involved in a payment, receipt or transfer of funds, would have access to the information required to be reported. The information required to be reported for a GTO, generally, includes the following: (i) The dollar amount of the transaction; (ii) the type of transaction; (iii) information identifying a party to the transaction, such as name, address, date of birth, and tax identification number; (iv) the role of a party in the transaction (*i.e.*, originator or beneficiary); and (v) the name, address, and contact information for the domestic financial institution or nonfinancial trade or business.

As noted above, FinCEN will specify the form and method for reporting. For GTOs, FinCEN has used modified currency transaction reports and Form 8300s, and has also created reports unique to the GTO when appropriate. All responses to GTOs are submitted to FinCEN electronically, such as through the BSA E-Filing System.

Because the information to be reported is readily available to a domestic financial institution or nonfinancial trade or business, FinCEN estimates that reporting this information will take 20 minutes on average. Additionally, the GTO information is filed electronically, which allows the filer to save an electronic version of the form and satisfy the recordkeeping requirement. Therefore, FinCEN estimates that the recordkeeping requirement will take 5 minutes on average. FinCEN estimates the total hourly burden of reporting and recordkeeping for each reportable transaction under a GTO is 25 minutes.

Estimated Total Annual Reporting and Recordkeeping Burden: The average number of reportable transactions under GTOs is 13,719 responses. 13,719 responses multiplied by 25 minutes per response and converted to hours equals 5,716 hours.⁷

Estimated Total Annual Reporting and Recordkeeping Cost: 5,716 hours \times \$30.60 per hour⁸ = \$174,909.60.

⁷ Although the burden is stated as an annual burden in accordance with the PRA, the estimated annual burden is not intended to indicate that there is a GTO in effect throughout a year or in each year.

The ratio between benefits and wages for financial activities is \$15.95 (hourly benefits)/\$32.05 (hourly wages) = 0.50. The benefit factor is 1 plus the benefit/wages ratio, or 1.50. Multiplying each hourly wage by the

General Request for Comments:

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (i) Whether the recordkeeping of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (ii) the accuracy of the agency's estimate of the burden of the collection of information; (iii) ways to enhance the quality, utility, and clarity of the information to be collected; (iv) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (v) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

(\$20.40 \times 1.50 = \$30.60). The Financial Clerk average hourly wage is being used here because there is a great deal of variation across industries and geographies in who is responsible for responding to a GTO.
