OMB Control Number: 1218-0133.

Affected Public: Business or other for-profits.

Additional provisions that contain paperwork requirements include: Developing specific information and training programs for workers; using information, data, and analyses to demonstrate that PACMs do not contain asbestos; providing medical surveillance for workers potentially exposed to ACMs and/or PACMs, including administering a worker medical questionnaire, providing information to the examining physician, and providing the physician's written opinion to the worker; maintaining exposure monitoring records, objective data used for exposure determinations, and medical surveillance; making specified records (e.g., exposure monitoring and medical surveillance records) available to designated parties; and transferring exposure monitoring and medical surveillance records to the National Institute for Occupational Safety and Health (NIOSH) on cessation of business, if so requested by NIOSH.
