DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 22, 2015.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by May 28, 2015 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725–17th Street NW., Washington, DC 20503. Commentors are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Forest Products Removal Permits and Contracts.

OMB Control Number: 0596–0085.

Summary of Collection: Individuals and businesses that wish to remove forest products from national forest lands must request a permit. 16 U.S.C. 551 requires the promulgation of regulations to regulate forest use and prevent destruction of the forests. Regulations at 36 CFR 223.1 and 223.2 govern the sale of forest products such as Christmas trees, pinecones, moss, and mushrooms. Regulations at 36 CFR 223.5 through 223.11 authorize the free use or sale of timber or forest products. Upon receiving a permit, the permittee must comply with the terms of the permit at 36 CFR 216.6 that designate the forest products that can be harvested and under what conditions, such as limiting harvest to a designated area or permitting harvest of only specifically designated material.

Both the Forest Service (FS) and Department of the Interior, Bureau of Land Management (BLM) will use the Forest Products Removal Permit and Cash Receipt to collect information.

With the renewal submission of this collection, the title will be changed from “Forest Products Free Use Permit, Removal Permit and Cash Receipt, and Sale Permit and Cash Receipt” to “Forest Products Removal Permits and Contracts.”

Need and Use of the Information: Using forms FS–2400–1/BLM–5450–24, FS–2400–4ANF and FS–2400–8, FS and BLM will collect the name, vehicle information, address and tax identification number from persons applying for permits. The information will be used to keep a record of persons buying forest products and to determine if the applicant meets the criteria under which free use or sale of forest products is authorized by the regulations and to ensure that the permittee has not received product values in excess of the amount allowed by regulation in any one fiscal year and complies with the regulations and terms of the permit. This information is also needed to allow FS compliance personnel to identify permittees in the field. Without the forest product removal program, achieving multiple use management programs such as reducing fire hazard and improving forest health on the National Forest would be impaired.

Description of Respondents:

Individuals or households; Business or other for-profit.

Number of Respondents: 212,068.

Frequency of Responses: Reporting:
On occasion; Recordkeeping.
Total Burden Hours: 37,107.

Charlene Parker,

*Departmental Information Collection
Clearance Officer.*

[Docket No. APHIS-2015-0012]

Notice of Availability of a Pest Risk Analysis for the Importation of Fresh Pitahaya From Israel Into the Continental United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of availability.

SUMMARY: We are advising the public that we have prepared a pest risk analysis that evaluates the risks associated with importation of fresh pitahaya fruit from Israel into the continental United States. Based on the analysis, we have determined that the application of one or more designated phytosanitary measures will be sufficient to mitigate the risks of introducing or disseminating plant pests or noxious weeds via the importation of fresh pitahaya from Israel. We are making the pest risk analysis available to the public for review and comment.

DATES: We will consider all comments that we receive on or before June 29, 2015.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2015-0012>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2015-0012, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2015-0012> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Schading, Regulatory Policy Specialist, Regulatory Coordination and Compliance, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1231; (301) 851-2045.

SUPPLEMENTARY INFORMATION: Under the regulations in “Subpart—Fruits and Vegetables” (7 CFR 319.56-1 through 319.56-71, referred to below as the regulations), the Animal and Plant Health Inspection Service (APHIS) prohibits or restricts the importation of fruits and vegetables into the United States from certain parts of the world to prevent plant pests from being introduced into or disseminated within the United States.

Section 319.56-4 contains a performance-based process for approving the importation of certain fruits and vegetables that, based on the findings of a pest risk analysis, can be safely imported subject to one or more of the designated phytosanitary measures listed in paragraph (b) of that section.

APHIS received a request from the national plant protection organization (NPPO) of Israel to allow the importation of fresh pitahaya fruit into the continental United States. As part of our evaluation of Israel’s request, we have prepared a pest risk assessment (PRA) to identify pests of quarantine significance that could follow the pathway of importation into the continental United States from Israel. Based on the PRA, a risk management document (RMD) was prepared to identify phytosanitary measures that could be applied to the pitahaya to mitigate the pest risk. We have concluded that fresh pitahaya fruit can be safely imported from Israel to the continental United States using one or more of the five designated phytosanitary measures listed in § 319.56-4(b). These measures are:

- The pitahaya must be imported as commercial consignments only;
- Each consignment of pitahaya must be accompanied by a phytosanitary certificate issued by the NPPO of Israel; and
- Each consignment of pitahaya is subject to inspection upon arrival at the port of entry to the United States.

Therefore, in accordance with § 319.56-4(c), we are announcing the availability of our PRA and RMD for public review and comment. The documents may be viewed on the Regulations.gov Web site or in our reading room (see **ADDRESSES** above for a link to Regulations.gov and information on the location and hours of the reading room). You may request

paper copies of the PRA and RMD by calling or writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. Please refer to the subject of the analysis you wish to review when requesting copies.

After reviewing any comments we receive, we will announce our decision regarding the import status of fresh pitahaya fruit from Israel in a subsequent notice. If the overall conclusions of our analysis and the Administrator’s determination of risk remain unchanged following our consideration of the comments, then we will authorize the importation of fresh pitahaya fruit from Israel into the continental United States subject to the requirements specified in the RMD.

Authority: 7 U.S.C. 450, 7701-7772, and 7781-7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 22nd day of April 2015.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.
