

Summary: No formal comment letter was sent to the preparing agency.

ERP No. F-BLM-J65325-WY, Jack Morrow Hills Coordinated Activity Plan, Implementation, Rock Springs, Portion of Sweetwater, Fremont and Sublette Counties, WY.

Summary: No formal comment letter was sent to the preparing agency.

ERP No. F-COE-K39078-CA, Napa River Salt Marsh Restoration Project, Salinity Reduction and Habitat Restoration in the Napa River Unit, Implementation, San Pablo Bay, Napa and Solano Counties, CA.

Summary: No formal comment letter was sent to preparing agency.

ERP No. F-DOD-A10075-00, Programmatic EIS—Chemical and Biological Defense Program, Protection of our Soldiers, Sailors, Marines and Airmen on the Battlefield, United States and other Countries.

Summary: No formal comment letter was sent to the preparing agency.

ERP No. F-NPS-C65004-NY, Saratoga National Historical Park General Management Plan, Implementation, Hudson River Valley, Towns of Stillwater and Saratoga, Saratoga County, NY.

Summary: EPA has no objections to proposed action.

ERP No. F-UAF-D52001-WV, Aircraft Conversion for the 167th Air Wing (167 AW) of the West Virginia Air National Guard, Converting C-130H Transport Aircraft to the Larger C-5 Transport Aircraft, Acquisition of Land via Lease, and Construction of Facilities on existing and acquired Parcel, Berkely County, WV.

Summary: While many of EPA's previous concerns were resolved, EPA continues to have environmental concerns about noise and safety related to the closure of Runway 17/35.

Dated: September 7, 2004.

Robert W. Hargrove,

Director, NEPA Compliance Division, Office of Federal Activities.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[OPP-2004-0287]; FRL-7676-6]

FIFRA Scientific Advisory Panel; Notice of Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: There will be a 3-day meeting of the Federal Insecticide, Fungicide,

and Rodenticide Act Scientific Advisory Panel (FIFRA SAP) to consider and review issues associated with deployment of a type of plant-incorporated protectant (PIP), specifically those based on plant viral coat proteins (PVCP-PIPs).

DATES: The meeting will be held on October 13 to October 15, 2004, from 8:30 a.m. to approximately 5 p.m., eastern time.

Comments. For the deadlines for the submission of requests to present oral comments and the submission of written comments, see Unit I.E. of the **SUPPLEMENTARY INFORMATION**.

Nominations. Nominations of scientific experts to serve as ad hoc members of the FIFRA SAP for this meeting should be provided on or before September 24, 2004.

Special seating. Requests for special seating arrangements should be made at least 5 business days prior to the meeting.

ADDRESSES: The meeting will be held at the Holiday Inn National Airport, 2650 Jefferson Davis Highway, Arlington, Virginia 22202. The telephone number for the Holiday Inn National Airport is 703-684-7200.

Comments. Written comments may be submitted electronically (preferred), through hand delivery/courier, or by mail. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

Nominations, Requests to present oral comments, and Special seating. To submit nominations for ad hoc members of the FIFRA SAP for this meeting, requests for special seating arrangements, or requests to present oral comments, notify the DFO listed under **FOR FURTHER INFORMATION CONTACT**. To ensure proper receipt by EPA, your request must identify docket ID number OPP-2004-0287 in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: Paul Lewis, DFO, Office of Science Coordination and Policy (7201M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-8450; fax number: (202) 564-8382; e-mail addresses: [lewis.paul@epa.gov].

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. This action may, however, be of interest to persons who are or may be required to conduct testing of chemical substances under the Federal Food, Drug, and Cosmetic Act (FFDCA),

FIFRA, and the Food Quality Protection Act of 1996 (FQPA). Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the DFO listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2004-0287. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell Street, Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

EPA's position paper, charge/questions to FIFRA SAP, FIFRA SAP composition (*i.e.*, members and consultants for this meeting) and the meeting agenda will be available as soon as possible, but no later than early-September 2004. In addition, the Agency may provide additional background documents as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available electronically, from the FIFRA SAP Internet Home Page at <http://www.epa.gov/scipoly/sap>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search,"

then key in the appropriate docket ID number.

Certain types of information will not be placed in EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA's policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA's electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA's electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA's electronic public docket.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments in hard copy that are mailed or delivered to the docket will be scanned and placed in EPA's electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically (preferred), through hand delivery/courier, or by mail. To ensure

proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select "search," and then key in docket ID number OPP-2004-0287. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to opp-docket@epa.gov, Attention: Docket ID Number OPP-2004-0287. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is

placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you deliver as described in Unit I.C.2 or mail to the address provided in Unit I.C.3. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By hand delivery or courier.* Deliver your comments to: Public Information and Records Integrity Branch (PIRIB), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA, Attention: Docket ID Number OPP-2004-0287. Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit I.B.1.

3. *By mail.* Due to potential delays in EPA's receipt and processing of mail, respondents are strongly encouraged to submit comments either electronically or by hand delivery or courier. We cannot guarantee that comments sent via mail will be received prior to the close of the comment period. If mailed, please send your comments to: Public Information and Records Integrity Branch (PIRIB) (7502C), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001, Attention: Docket ID Number OPP-2004-0287.

D. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. Provide specific examples to illustrate your concerns.
5. Make sure to submit your comments by the deadline in this document.
6. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

E. How May I Participate in this Meeting?

You may participate in this meeting by following the instructions in this unit. To ensure proper receipt by EPA, it is imperative that you identify docket

ID number OPP-2004-0287 in the subject line on the first page of your request.

1. *Oral comments.* Oral comments presented at the meetings should not be repetitive of previously submitted oral or written comments. Although requests to present oral comments are accepted until the date of the meeting (unless otherwise stated), to the extent that time permits, interested persons may be permitted by the Chair of FIFRA SAP to present oral comments at the meeting. Each individual or group wishing to make brief oral comments to FIFRA SAP is strongly advised to submit their request to the DFO listed under **FOR FURTHER INFORMATION CONTACT** no later than noon, eastern time, October 7, 2004, in order to be included on the meeting agenda. The request should identify the name of the individual making the presentation, the organization (if any) the individual will represent, and any requirements for audiovisual equipment (e.g., overhead projector, 35mm projector, chalkboard). Oral comments before FIFRA SAP are limited to approximately 5 minutes unless prior arrangements have been made. In addition, each speaker should bring 30 copies of his or her comments and presentation slides for distribution to FIFRA SAP at the meeting.

2. *Written comments.* Although submission of written comments are accepted until the date of the meeting (unless otherwise stated), the Agency encourages that written comments be submitted, using the instructions in Unit I, no later than noon, eastern time, October 7, 2004, to provide FIFRA SAP the time necessary to consider and review the written comments. There is no limit on the extent of written comments for consideration by FIFRA SAP. Persons wishing to submit written comments at the meeting should contact the DFO listed under **FOR FURTHER INFORMATION CONTACT** and submit 30 copies.

3. *Seating at the meeting.* Seating at the meeting will be on a first-come basis. Individuals requiring special accommodations at this meeting, including wheelchair access and assistance for the hearing impaired, should contact the DFO at least 5 business days prior to the meeting using the information under **FOR FURTHER INFORMATION CONTACT** so that appropriate arrangements can be made.

4. *Request for nominations of prospective candidates for service as ad hoc members of the FIFRA SAP for this meeting.* As part of a broader process for developing a pool of candidates for each meeting, the FIFRA SAP staff routinely solicit the stakeholder community for

nominations of prospective candidates for service as ad hoc members of the FIFRA SAP. Any interested person or organization may nominate qualified individuals to be considered as prospective candidates for a specific meeting. Individuals nominated for the current meeting should have expertise in one or more of the following areas: risk assessment of virus-resistant transgenic plants, plant virology, plant virus recombination, heterologous encapsidation of plant viruses, gene flow and protein biochemistry. Nominees should be scientists who have sufficient professional qualifications, including training and experience, to be capable of providing expert comments on the scientific issues for this meeting. Nominees should be identified by name, occupation, position, address, and telephone number. Nominations should be provided to the DFO listed under **FOR FURTHER INFORMATION CONTACT** on or before September 24, 2004. The Agency will consider all nominations of prospective candidates for this meeting that are received on or before this date. However, final selection of ad hoc members for this meeting is a discretionary function of the Agency.

The selection of scientists to serve on the FIFRA SAP is based on the needs of the FIFRA SAP and includes consideration of such issues as adequately covering the areas of expertise (including the different scientific perspectives within each discipline) necessary to address the Agency's charge questions. In addition, ad hoc members of the FIFRA SAP must be available to fully participate in the review; they must not have any conflicts of interest or appearance of lack of impartiality; and they must be independent and unbiased with respect to the matter under review. No interested scientists shall be ineligible to serve by reason of their membership on any other advisory committee to a Federal Department or agency or their employment by a Federal department or agency (except the EPA). In order to have the collective breadth of experience needed to address the Agency's charge for this meeting, the Agency anticipates selecting more than 10 ad hoc scientists.

If a prospective candidate for service on the FIFRA SAP is considered for participation in a particular session, the candidate is subject to the provisions of 5 CFR part 2634, Executive Branch Financial Disclosure, as supplemented by the EPA in 5 CFR part 6401. As such, the FIFRA SAP candidate is required to submit a Confidential Financial Disclosure Form for Special Government Employees Serving on

Federal Advisory Committees at the U.S. Environmental Protection Agency (EPA Form 3110-48 5-02) which shall fully disclose, among other financial interests, the candidate's employment, stocks, and bonds, and where applicable, sources of research support. The EPA will evaluate the candidate's financial disclosure form to assess that there are no financial conflicts of interest, no appearance of lack of impartiality and no prior involvement with the development of the documents under consideration (including previous scientific peer review) before the candidate is considered further for service on the FIFRA SAP.

Those who are selected from the pool of prospective candidates will be asked to attend the public meetings and to participate in the discussion of key issues and assumptions at these meetings. In addition, they will be asked to review and to help finalize the meeting minutes. The list of FIFRA SAP members participating at this meeting will be posted on the FIFRA SAP web site or may be obtained by contacting the PIRIB at the address or telephone number listed in Unit I.

II. Background

A. Purpose of the FIFRA SAP

Amendments to FIFRA enacted November 28, 1975 (7 U.S.C. 136w(d)), include a requirement under section 25(d) of FIFRA that notices of intent to cancel or reclassify pesticide regulations pursuant to section 6(b)(2) of FIFRA, as well as proposed and final forms of rulemaking pursuant to section 25(a) of FIFRA, be submitted to a SAP prior to being made public or issued to a registrant. In accordance with section 25(d) of FIFRA, the FIFRA SAP is to have an opportunity to comment on the health and environmental impact of such actions. The FIFRA SAP also shall make comments, evaluations, and recommendations for operating guidelines to improve the effectiveness and quality of analyses made by Agency scientists. Members are scientists who have sufficient professional qualifications, including training and experience, to be capable of providing expert comments as to the impact on health and the environment of regulatory actions under sections 6(b) and 25(a) of FIFRA. The Deputy Administrator appoints seven individuals to serve on the FIFRA SAP for staggered terms of 4 years, based on recommendations from the National Institutes of Health and the National Science Foundation.

Section 104 of FQPA (Public Law 104-170) established the FQPA Science

Review Board (SRB). These scientists shall be available to the FIFRA SAP on an ad hoc basis to assist in reviews conducted by the FIFRA SAP.

B. Public Meeting

The FIFRA SAP will meet to consider and review issues associated with deployment of a type of plant-incorporated protectant (PIP), specifically those based on plant viral coat proteins (PVCP-PIPs). A plant-incorporated protectant (PIP) is a pesticidal substance that is intended to be produced and used in a living plant, or in the produce thereof, and the genetic material necessary for production of such a pesticidal substance. The term includes both active and inert ingredients. PIPs are regulated as pesticides by EPA under FIFRA because they meet the FIFRA definition of a pesticide, being intended for preventing, destroying, repelling, or mitigating a pest.

PIPs may occur naturally or be introduced into plants by conventional breeding or genetic engineering. PVCP-PIPs are PIPs in which inserted genetic material is derived from a plant virus sequence that encodes a plant virus coat protein. Plant virus coat proteins encapsidate the viral nucleic acid and are known to have a role in nearly every stage of viral infection including replication, movement throughout an infected plant, and transport from plant to plant. Incorporation of plant virus coat protein gene sequences into plant genomes has been found to confer resistance to the virus from which it was derived and often to related viruses.

EPA is seeking the assistance of the SAP in evaluating several issues concerning PVCP-PIP transgenic plants, including the potential environmental consequences associated with gene flow and novel viral interactions.

C. FIFRA SAP Meeting Minutes

The FIFRA SAP will prepare meeting minutes summarizing its recommendations to the Agency in approximately 60 days after the meeting. The meeting minutes will be posted on the FIFRA SAP web site or may be obtained by contacting the PIRIB at the address or telephone number listed in Unit I.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: September 2, 2004.

Joseph J. Merenda,

Director, Office of Science Coordination and Policy.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7810-8]

Science Advisory Board Staff Office

Notification of Upcoming Meetings of the Health Effects Subcommittee of the Advisory Council on Clean Air Compliance Analysis

AGENCY: Environmental Protection Agency, (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces two public teleconferences of the Health Effects Subcommittee (HES) of the Advisory Council on Clean Air Compliance Analysis (Council) to discuss follow-on matters related to its report issued in March 2004 entitled *Advisory on Plans for Health Effects Analysis in the Analytical Plan for EPA's Second Prospective Analysis—Benefits and Costs of the Clean Air Act, 1990–2020*.

DATES: The public teleconferences of the Council HES will be held on September 21, 2004 from 2 p.m. to 5 p.m. (Eastern time) and on September 29, 2004 from 2 p.m. to 5 p.m. (Eastern time).

FOR FURTHER INFORMATION CONTACT:

Members of the public who wish to obtain the call-in number and access code or who wish to submit written or brief oral comments (five minutes or less) must contact Dr. Holly Stallworth, Designated Federal Officer, at telephone/voice mail: (202) 343-9867 or via e-mail at: stallworth.holly@epa.gov. Requests to provide oral comments must be in writing (e-mail, fax or mail) and received by Dr. Stallworth no later than five business days prior to the teleconference in order to reserve time on the meeting agenda. It is the policy of the EPA Science Advisory Board Staff Office to accept written public comments of any length, and to accommodate oral public comments whenever possible. Any member of the public wishing further information regarding the SAB or the Council HES may also contact Dr. Stallworth, or visit the SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background

EPA's Office of Air and Radiation (OAR) conducts periodic, scientifically reviewed studies to assess the costs and benefits of regulations promulgated under the Clean Air Act. The Council is an outside body of recognized experts charged with reviewing the data, methods and cost-benefit analyses conducted by OAR for implementing its programs. EPA has thus far issued one retrospective analysis of the Clean Air Act covering the 1970–1990 time period and one prospective analysis covering the 1990–2010 time period. EPA is planning a second prospective analysis covering the 1990–2020 time period and has issued two analytic blueprints for this analysis. The Council provided advice on these analytic blueprints in 2001 and 2004. These reports of the Council and its subcommittees may be found at <http://www.epa.gov/sab/fiscal04.htm>. OAR provides more information on "Section 812" reports at: <http://www.epa.gov/air/sect812/index.html>. Additional background on the Council and on the statutorily mandated analyses of the costs and benefits of Clean Air Act programs was provided in a **Federal Register** notice published on February 14, 2003 (68 FR 7531-7534).

In its March 2004 Advisory report, posted at: http://www.epa.gov/sab/pdf/council_adv_04002.pdf, the Council HES provided advice through the Council on the health science aspects of EPA's analytic blueprint for its second prospective analysis. EPA's Office of Air and Radiation and EPA's Office of Policy, Economics and Innovation recently requested that the Council provide clarification on its advice in this March 2004 report pertaining to cessation lags, i.e. the time delay between reductions in air pollution and reductions in human health effects. The Agency seeks clarification of the Council's advice regarding this issue of cessation lags so that the Agency's analysis of the benefits of future rules for particulate matter (PM 2.5) might comport with the Council's previous recommendations. The Agency seeks the Council's advice on this proposed cessation lag structure.

The September 21 and September 29 teleconferences will provide the Council HES an opportunity to address the Agency's questions as stated in the letter to the Council which is posted at: http://www.epa.gov/sab/pdf/comments_on_council_adv_04001.pdf. Agendas for these teleconferences will be posted on the SAB Web site prior to the teleconference calls.
