

information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting "non-hour cost" burden to respondents or recordkeepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, and testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request. The ICR also will be posted at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm.

Public Comment Policy: We will post all comments in response to this notice at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm. We also will make copies of the comments available for public view, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public view your personal identifying information, we cannot guarantee that we will be able to do so.

MMS Information Collection Clearance Officer: Arlene Bajusz, (202) 208-7744.

Dated: August 11, 2008.

Gregory J. Gould,

Associate Director for Minerals Revenue Management.

BILLING CODE 4310-MR-P

DEPARTMENT OF JUSTICE

Notice of Lodging Consent Decree Under the Clean Air Act

Pursuant to 28 CFR 50.7, notice is hereby given that, on August 12, 2008, a proposed Consent Decree in *United States v. Salt River Project Agricultural Improvement and Power District* ["SRP"], Civil Action No. 2:08-cv-1479-JAT (D. Ariz.), was lodged with the United States District Court for the District of Arizona. The Consent Decree addresses alleged violations of the Clean Air Act, 42 U.S.C. 7401-7671 et seq., and state and federal implementing regulations, which occurred at Units 1 and 2 of the Coronado Generating Station, a coal-fired power plant owned and operated by SRP in St. Johns, Arizona. The alleged violations arise from the construction of modifications to the power plant without obtaining appropriate permits under the Prevention of Significant Deterioration provisions of the Clean Air Act, 42 U.S.C. 7475, and Title V of the Act, 42 U.S.C. 7661 et seq., and without installing and applying best available control technology at the plant to control emissions of various air pollutants.

The proposed Consent Decree would resolve the claims alleged in the Complaint filed in this matter in exchange for SRP's commitment to perform injunctive relief including: (1) Installation of appropriate pollution control technology to control emissions of nitrogen oxides (NO_x), sulfur dioxide (SO₂), and particulate matter (PM)—including flue gas desulfurization devices to control SO₂ on Units 1 and 2 at the Coronado Station and installation of selective catalytic reduction to control NO_x on one of the two units; (2) meet specified emission rates or removal efficiencies for SO₂, NO_x, and PM; (3) comply with a plant-wide emissions cap for NO_x; and (4) perform \$4 million worth of projects to mitigate the alleged effects of its past violations. The proposed Consent Decree also requires SRP to pay a \$950,000 civil penalty.

The Department of Justice will receive comments relating to the proposed Consent Decree for period of thirty (30) days from the date of this publication. Comments should be addressed to the

Assistant Attorney General, Environment and Natural Resources Division, and mailed either electronically to pubcomments.enrd@usdoj.gov or in hard copy to the United States Department of Justice, P.O. Box 7611, Ben Franklin Station, Washington, DC 20044-7611. Comments should refer to *United States v. Salt River Project Agricultural Improvement and Power District*, Civil Action No. 2:08-cv-1479-JAT (D. Ariz.) and D.J. Ref. No. 90-5-2-1-09174.

The Consent Decree may be examined at: (1) The offices of the United States Attorney, Two Renaissance Square, 40 N. Central Avenue, Suite 1200, Phoenix, AZ 85004-4408; and (2) the offices of the U.S. Environmental Protection Agency, Region 9, 75 Hawthorne St., San Francisco, CA 94105. During the public comment period, the Consent Decree may also be examined on the following Web site: http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the Consent Decree may also be obtained by mail from the Department of Justice Consent Decree Library, P.O. Box 7611, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of \$18.00 (72 pages at 25 cents per page reproduction costs) payable to the U.S. Treasury.

Maureen M. Katz,

Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.
