DEPARTMENT OF LABOR

2 CFR Part 2900

RIN 1205-AC03

Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

AGENCY: Department of Labor.

ACTION: Final rule; technical amendments.

SUMMARY: The Department of Labor (DOL or Department) is making technical amendments to regulations most recently finalized on December 30, 2015. This document updates cross-references and terminology used in the Department's regulations to conform to changes made to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) on August 13, 2020. All regulatory language included here is consistent with either the policies in the Uniform Guidance or the Department's existing policies and practices.

DATES: Effective April 27, 2021.

FOR FURTHER INFORMATION CONTACT:

Laura P. Watson, Administrator, Office of Grants Management, Employment and Training Administration, United States Department of Labor, 200 Constitution Ave. NW, Rm N4716, Washington, DC 20210; telephone 202-693-3333.

SUPPLEMENTARY INFORMATION: Section 553(b)(3)(B) of the Administrative Procedure Act (APA) (5 U.S.C. 551 *et seq.*) authorizes Federal agencies to dispense with notice and comment procedures for rules when an agency, for "good cause," finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Section 553(d)(3) of the APA requires that agencies publish a rule not less than 30 days before its effective date, except as otherwise provided by

an agency for good cause found and published with the rule.

Because this action only makes technical amendments to codified regulations in order to conform cross-references and terminology with a final rule issued by another Federal agency (Office of Management and Budget), DOL finds that notice and public comment under 5 U.S.C. 553(b) is unnecessary. For the same reason, DOL finds that good cause exists under 5 U.S.C. 553(d) for making this rule effective in less than 30 days.

Background

On August 13, 2020, the OMB published amendments to the Uniform Guidance (2 CFR 200.0 *et seq.*) in the **Federal Register** (85 FR 49506). These revisions became effective November 12, 2020, except for the amendments to 2 CFR 200.216 and 200.340, which became effective August 13, 2020. These changes to the Uniform Guidance necessitate changes to cross-references in the Department's corresponding regulations found at 2 CFR 2900 *et seq.*

Technical Amendments

The Department is not making any new policy with the technical amendments in this final rule; all regulatory language included here is consistent with either the policies in the updated Uniform Guidance or the Department's existing policies and practices as codified in 2 CFR parts 200 and 2900, respectively.

This rule revises cross-references made in 2 CFR part 2900 to corresponding sections in 2 CFR part 200. These changes are not substantive. They are intended to align the Department's regulations with the updated Uniform Guidance. This final rule incorporates minor changes to 2 CFR part 2900 to align citations and cross-references in §§ 2900.1, 2900.2, 2900.3, 2900.5, 2900.6, 2900.8, 2900.9, 2900.10, 2900.11, 2900.14, 2900.15, 2900.16, and 2900.18. Paragraph (d) was also added to § 2900.3 to align the Department's definition of "questioned cost" with that found in the updated Uniform Guidance at § 200.1.

In addition to the above changes, this final rule makes certain minor changes to align the language and terminology of the Department's regulations with that of the updated Uniform Guidance, such as replacing the proprietary term "Creative Commons Attribution

license" with the industry-recognized standard "open license" terminology and associated language in § 2900.13, as well as minor technical corrections and additions to improve the clarity of §§ 2900.1, 2900.4, 2900.5, 2900.6, 2900.7, 2900.12, 2900.15, and 2900.16. These include grammatical changes and corrections to punctuation.

Accordingly, the regulations in 2 CFR part 2900 are amended to include the updated information.

Regulatory Analyses

Executive Orders 12866 (Regulatory Planning and Review) and 13563 (Improving Regulation and Regulatory Review)

The Department developed this final rule in accordance with the principles of Executive Orders (E.O.s) 12866 and 13563. E.O. 12866, which directs agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health, and safety effects; distributive impacts; and equity). E.O. 13563 supplements and reaffirms the principles, structures, and definitions governing regulatory review as established in E.O. 12866.

The Office of Information and Regulatory Affairs at the Office of Management and Budget has determined that this final rule is a non-significant regulatory action under E.O. 12866. Additionally, no analysis is required under the Regulatory Flexibility Act¹ or Secs. 202 and 205 of the Unfunded Mandates Reform Act of 1999,² because, for the reasons discussed above, the Department is not required to engage in notice and comment under the APA.

E.O. 13132, Federalism

This final rule does not have federalism implications warranting the application of E.O. 13132. This final rule does not have substantial economic or policy-related direct effects on the States, on the relationship between the Federal Government and the States, or the distribution of power and

responsibilities among the various levels of government.

Paperwork Reduction Act of 1995

This action does not contain a new collection of information requirement under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This action would not impose new recordkeeping or reporting requirements on State or local governments, individuals, businesses, or organizations, and does not contain a collection of information as defined by 44 U.S.C. 3502(3).

(d) Questioned costs are not an improper payment until reviewed and confirmed to be improper as defined in OMB Circular A–123 Appendix C (see also the definition of improper payment in 2 CFR 200.1).

- 5. Revise § 2900.4 to read as follows:

§ 2900.4 Adoption of 2 CFR part 200.

Under the authority listed above, the Department of Labor adopts the Office of Management and Budget (OMB) Guidance in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards to Non-Federal Entities (subparts A through F of 2 CFR part 200), as supplemented by this part, as Department of Labor policies and procedures for financial assistance administration. This part gives regulatory effect to the OMB guidance as supplemented by this part. The DOL also has programmatic and administrative regulations located in titles 20 and 29 of the CFR.

- 6. Revise § 2900.5 to read as follows:

§ 2900.5 Federal awarding agency review of risk posed by applicants.

In addition to the guidance set forth in 2 CFR 200.206(b), in evaluating risks of applicants, DOL also considers audits and monitoring reports containing findings and issues of noncompliance or questioned costs, in addition to reports and findings from audits performed under Subpart F—Audit Requirements of 2 CFR 200 or the reports and findings of any other available audits (see 2 CFR 200.206(b)).

- 7. Revise § 2900.6 to read as follows:

* * * * *

- 9. Revise § 2900.9 to read as follows:

§ 2900.9 Revision of budget and program plans.

In the DOL, approval of the budget as awarded does not constitute prior approval of those items requiring prior approval, including those items the Federal awarding agency specifies as requiring prior approval (see 2 CFR 200.407 and 2 CFR 200.308(a)).

- 10. Revise § 2900.10 to read as follows:

§ 2900.10 Prior approval requests.

In addition to the guidance set forth in 2 CFR 200.308(c), for Federal awards from the Department of Labor, the non-Federal entity must request prior approval actions at least 30 days prior to the effective date of the requested action (see 2 CFR 200.407).

- 11. Revise § 2900.11 to read as follows:

§ 2900.11 Revision of budget and program plans including extension of the period of performance.

In addition to the guidance set forth in 2 CFR 200.308(b), for Federal awards from the Department of Labor, the non-Federal entity must request prior approval for an extension to the period of performance.

- 12. Revise § 2900.12 to read as follows:

§ 2900.12 Revision of budget and program plans approval from Grant Officers.

In the DOL, unless otherwise noted in the grant agreement or cooperative agreement, prior written approval for revision of budget and program plans must come from the Grant Officer (see 2 CFR 200.308(d)).

- 13. Revise § 2900.13 to read as follows:

§ 2900.13 Intangible property.

In addition to the guidance set forth in 2 CFR 200.315(d), the Department of Labor requires intellectual property developed under a discretionary Federal award process to be in a format readily accessible and available for open licensing to the public. An open license allows subsequent users to copy, distribute, transmit and adapt the copyrighted work and requires such users to attribute the work in the manner specified by the recipient.

- 14. Amend § 2900.14 by revising the first sentence to read as follows:

§ 2900.14 Financial reporting.

In addition to the guidance set forth in 2 CFR 200.328, for Federal awards from the Department of Labor, the DOL awarding agency will prescribe whether the report will be on a cash or an accrual basis. * * *

- 15. Revise § 2900.15 to read as follows:

§ 2900.15 Closeout.

In addition to the guidance set forth in 2 CFR 200.344(b), for Federal awards from the Department of Labor, the non-Federal entity must liquidate all financial obligations and/or accrued expenditures incurred under the Federal award. For non-Federal entities reporting on an accrual basis and

operating on an expenditure period, unless otherwise noted in the grant agreement or cooperative agreement, the only liquidation that can occur during closeout is the liquidation of accrued expenditures (NOT financial obligations) for goods and/or services received during the grant period.

■ 16. Amend § 2900.16 by revising the second sentence to read as follows:

§ 2900.16 Prior written approval (prior approval).

* * * Unless otherwise noted in the grant agreement or cooperative agreement, the Grant Officer is the only official with the authority to provide prior written approval (prior approval).
* * *

■ 17. Revise § 2900.18 to read as follows:

SUPPLEMENTARY INFORMATION:

Background

EASA, which is the Technical Agent for the Member States of the European Union, issued EASA AD 2020-0141R1, dated July 30, 2020 (EASA AD 2020-0141R1) to correct an unsafe condition for Airbus Helicopters (formerly Eurocopter France, Aerospatiale) Model AS 332 L2 helicopters. EASA AD 2020-0141R1 advises that, during an overhaul of a Model EC 225 LP helicopter with an MGB part number (P/N) 332A323001.XX equipped with main reduction gear module P/N 332A323011.XX in post-modification (mod) 07-53016 configuration, where XX represents any number, wear was detected on ramps and roller cages. Mod 07-53016 corresponds to free wheel shaft P/N 332A322191.20. EASA states that an investigation is currently ongoing to determine the root cause of the occurrence and that Model AS 332 L2 helicopters could be affected by the same failure mechanism due to design similarity. According to EASA, this condition, if not corrected, could lead to reduced capacity to transfer one engine inoperative (OEI) power by the right engine following an in-flight shut down of the left engine, resulting in reduced control of the helicopter.

EASA further states that Airbus Helicopters issued service information to provide instructions to introduce operational restrictions regarding training flights involving OEI and replacement of the affected MGB in order to allow Airbus Helicopters to accomplish a one-time wear inspection of the free wheel shaft. Consequently, EASA issued an AD to require an operational limitation for OEI training flights by installing placards and to require replacing the MGB if it has a right free wheel shaft P/N 332A322191.20. EASA revised its original AD and issued EASA AD 2020-0141R1 after Airbus Helicopters issued a change to its service information to clarify the wording of the operational limitation in the placard. EASA states that EASA AD 2020-0141R1 is considered an interim action and that further AD action may follow.

FAA's Determination

These helicopters have been approved by EASA and are approved for operation in the United States. Pursuant to the FAA's bilateral agreement with the European Union, EASA has notified the FAA of the unsafe condition described in its AD. The FAA is issuing this AD because the agency has determined the unsafe condition described previously is likely to exist or develop in other products of the same type design.
