BILLING CODE 4150-28-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Announcement of Availability of Funds for Cooperative Agreement to the California Outreach Office To Strengthen Public Health Services at the California-Baja California Border

AGENCY: Office of Global Health Affairs, Office of the Secretary, DHHS.

Announcement Type: Cooperative Agreement—FY 2006 Initial Announcement. Single Source.

Catalog of Federal Domestic Assistance: 93.018.

DATES: *Application Availability:* May 31, 2006. Applications must be received by June 30, 2006.

SUMMARY: The Office of Global Health Affairs (OGHA) announces that up to \$335,916 in fiscal year (FY) 2006 funds is available for a cooperative agreement to the California Department of Health Services, who will work through the California Outreach Office of the U.S.-Mexico Border Health Commission, to strengthen the binational public health projects and programs along the California-Baja California border. This initiative addresses outreach and health promotion activities, evaluation and assessments, health data analysis and surveillance, Healthy Border/Healthy Gente activities, and programmatic and administrative support to the members and staff of the U.S.-Mexico Border Health Commission. The budget period will be one year with a project period of five years for a total of \$335,916 (including indirect costs). Funding for the cooperative agreement is contingent upon the availability of funds.

I. Funding Opportunity Description

Under the authority of section 4 of the U.S.-Mexico Border Health Commission Act (the Act), Public law 103-400, the Office of Global Health Affairs (OGHA) announces the intent to allocate fiscal year (FY) 2006 funds for a cooperative agreement to the California Department of Health Services, California Outreach Office of the U.S.-Mexico Border Health Commission, to strengthen the binational public health projects and programs along the California-Baja California border. Activities to be addressed through the cooperative agreement will relate to the following topic areas: (1) Access to Care; (2) Cancer; (3) Diabetes; (4) Environmental Health; (5) HIV/AIDS, and (6) Immunization and Infectious Diseases. Funding will be provided by OGHA, through the U.S.-Mexico Border Health Commission, to the awardee.

This assistance is geared to support current, on-going and proposed public health initiatives in this border region that support the goals and objectives of the U.S.-Mexico Border Health Commission serve to strengthen access to health care, disease prevention, and public health along the California-Baja California border.

Background: The U.S.-Mexico Border Health Commission (USMBHC), in collaboration with the U.S. Department of Health and Human Services, works toward creating awareness about the U.S.-Mexico border, its people, and its environment. It educates others about the unique challenges at the border through outreach efforts, data collection and analysis, and joint collaborative efforts with public and private partners in the border health community. The USMBHC serves as a rallying point for shared concerns about the U.S.-Mexico border and as a catalyst for action to develop plans directed toward solving specific health related problems.

Outreach offices of the USMBHC work with the border states to address public health concerns and needs affecting the border region. The California Department of Health Services will work with the California Outreach Office and Mexican counterparts to promote and strengthen binational health initiatives along the California-Baja California border.

Purpose: The overall objective of this cooperative agreement is to support and coordinate the USMBHC's objectives and the development of the outreach health activities along the California and Baja California border. Awardee activities for this program will be focused in the following areas:

- Outreach and health promotion activities to establish or strengthen linkages between public health and border activities;
- Evaluation and assessments of health services, health research, health care technologies, and delivery systems;
- Health data analysis and surveillance;
- Programmatic and administrative support to the members and staff for the USMBHC; and
- Implementation of Healthy Border/Healthy Gente projects and activities. Measurable outcomes of the cooperative agreement will be in alignment with one or more of the following performance goals:
 - Increase access to care and improve quality of care;
 - Improve disease prevention and health education;
 - Improve workforce development and retention; and
 - Improve public health infrastructure.

Activities: Awardee activities for this program will be focused in the following areas:

- (1) Outreach and health promotion activities to establish or strengthen linkages between public health and border activities;
- (2) Evaluation and assessments of health services, health research, health care technologies, and delivery systems;
- (3) Health data analysis and surveillance;
- (4) Administrative and programmatic support to the members and staff for the USMBHC; and
- (5) Support and development of Healthy Border/Healthy Gente projects and activities.

II. Award Information

The administrative and funding instrument to be used for this program will be the cooperative agreement in which substantial OGHA/HHS scientific and/or programmatic involvement is anticipated during the performance of the project. Under the cooperative agreement, OGHA/HHS will support and/or stimulate awardee activities by working with them in a non-directive partnership role. Awardee will also be expected to work directly with and in support of the U.S.-Mexico Border Health Commission and its stated goals and initiatives as outlined in the submitted work plan.

The administrative and funding instrument to be used for this program will be the cooperative agreement in which substantial HHS/OGHA scientific and/or programmatic involvement is anticipated during the performance of the project. Under the cooperative

agreement, HHS/OGHA will support and/or stimulate awardee activities by working with them in a non-directive partnership role. Awardee will also be expected to work directly with and in support of the U.S.-Mexico Border Health Commission and its stated goals and initiatives as outlined in the submitted work plan.

Approximately \$335,916 in FY 2006 funds is available to support the agreement. The anticipated start date is May 31, 2006. There will only be one single award made from this announcement. The grant may be approved for a budget period of one year and a project period of up to five years. Funding for all approved budget periods beyond the first year of the grant is contingent upon the availability of funds, satisfactory progress of the project, and adequate stewardship of Federal funds.

III. Eligibility Information

1. Eligible Applicants

This is a single eligibility cooperative agreement offered to the California Department of Health Services. The California Department of Health Services, California Outreach Office (ORO) to accomplish the goals and objectives of the USMBHC. The ORO has extensive past experience working with the USMBHC and supporting its binational goals, objectives and initiatives. The California ORO also has an existing working relationship and ongoing initiatives with Mexico which makes it unique to other organizations in carrying out the workplans as approved by the U.S.-Mexico Border Health Commission in support of health initiatives and activities along the border. Continuity and consistency in this binational effort within this region is essential to the productivity and success of public health efforts in this region. The California ORO, given its role as a partner with the U.S.-Mexico Border Health Commission, is uniquely qualified to maintain the continuity and consistency the Border Health Commission requires.

2. Cost Sharing or Matching

Cost sharing, matching funds, and cost participation is not a requirement of this agreement.

IV. Application and Submission Information

1. Address To Request Application Package

Application kits may be requested by calling (240) 453-8822 or writing to: Office of Grants Management, Office of Public Health Science (OPHS), 1101

Wootton Parkway, Suite 550, Rockville, MD, 20852. Applications must be prepared using Form OPHS-1.

Applicants may fax a written request to the OPHS Office of Grants Management to obtain a hard copy of the application kit at (240) 453-8823.

2. Content and Form of Application Submission

All applications must be accompanied by a Project Abstract submitted on 3.5 inch floppy disk. The abstract must be typed, single-spaced, and not exceed 2 pages. Reviewers and staff will refer frequently to the information contained in the abstract, and therefore it should contain substantive information about the proposed projects in summary form. A list of suggested keywords and a format sheet for your use in preparing the abstract will be included in the application packet.

All grant applications must be accompanied by a Project Narrative. In addition to the instructions provided in OPHS-1 (Rev 8/2004) for project narrative, the specific guidelines for the project narrative are provided in the program guidelines. Format requirements are the same as for the Project Abstract Section; margins should be 1 inch at the top and 1 inch at the bottom and both sides; and typeset must be no smaller than 12 cpi and not reduced. Biographical sketches should be either typed on the appropriate form or plain paper and should not exceed two pages, with publications listed being limited only to those that are directly relevant to this project.

Application Format Requirements

If applying on paper, the entire application may not exceed 80 pages in length, including the abstract, project and budget narratives, face page, attachments, any appendices and letters of commitment and support. Pages must be numbered consecutively.

Applications submitted electronically that exceed 80 pages when printed will be deemed non-compliant. All non-compliant applications will be returned to the applicant without further consideration.

Number of Copies

Please submit one (1) original and two (2) unbound copies of the application.

Please do not bind or staple the application. Application must be single sided.

Font

Please use an easily readable serif typeface, such as Times Roman, Courier, or CG Times. The text and table portions of the application must be submitted in

not less than 12 point and 1.0 line spacing. Applications not adhering to 12 point font requirements may be returned.

Paper Size and Margins

For scanning purposes, please submit the application on 8½" × 11" white paper. Margins must be at least one (1) inch at the top, bottom, left and right of the paper. Please left-align text.

Numbering

Please number the pages of the application sequentially from page 1 (face page) to the end of the application, including charts, figures, tables, and appendices.

Names

Please include the name of the applicant on each page.

Section Headings

Please put all section headings flush left in bold type.

Application Format

Applications for funding must consist of the following documents in the following order:

Application Face Page

Public Health Service (PHS) Application Form OPHS-1, provided with the application package. Prepare this page according to instructions provided in the form itself.

DUNS Number

All applicant organizations are required to have a Data Universal Numbering System (DUNS) number in order to apply for a grant from the Federal Government. The DUNS number is a unique nine-character identification number provided by the commercial company, Dun and Bradstreet. There is no charge to obtain a DUNS number. Information about obtaining a DUNS number can be found at <https://www.dnb.com/product/eupdate/requestOptions.html> or call 1-866-705-5711. Please include the DUNS number next to the OMB Approval Number on the application face page.

Additionally, the applicant organization will be required to register with the Federal Government's Central Contractor Registry (CCR) in order to do electronic business with the Federal Government. Information about registering with the CCR can be found at <http://www.hrsa.gov/grants/ccr.htm>.

Finally, applicants applying electronically through Grants.gov are required to register with the Credential Provider for Grants.gov. Information

about this requirement is available at <http://www.grants.gov/CredentialProvider>.

Applicants applying electronically through the OPHS E-Grants System are required to register with the provider. Information about this requirement is available at <https://egrants.osophs.dhhs.gov>.

Program Narrative

This section provides a comprehensive framework and description of all aspects of the proposed program. It should be succinct, self-explanatory and well organized so that reviewers can understand the proposed project.

Use the following section headers for the Narrative:

- *Executive Summary*—This section should briefly describe the proposed project and supporting initiatives as well as summarize goals that the program intends to achieve through the project initiatives.
- *Work Plan*—Describe the current and proposed activities or steps that will be used to achieve the stated goals and objectives. Describe expected outcomes resulting from activities as well as any evaluation mechanisms that will be used to measure the success of the initiatives.
- *Mechanism for Administration*—Describe how resources and funds will be administered with regards to the proposed projects.
- *In-Kind Support/Resources*—Describe any in-kind support from other sources, if any, that will be used to support the proposed initiatives and activities.

Appendices

Please provide the additional relevant information (including tables, charts, and other relevant documents) to complete the content of the application. Please note that these are supplementary in nature, and are not intended to be a continuation of the project narrative. Be sure each appendix is clearly labeled.

3. Submission Dates and Times

The Office of Public Health and Science (OPHS) provides multiple mechanisms for the submission of applications, as described in the following sections. Applicants will receive notification via mail from the OPHS Office of Grants Management confirming the receipt of applications submitted using any of these mechanisms. Applications submitted to the OPHS Office of Grants Management after the deadlines described below will not be accepted for review. Applications

which do not conform to the requirements of the grant announcement will not be accepted for review and will be returned to the applicant.

Applications may only be submitted electronically via the electronic submission mechanisms specified below. Any applications submitted via any other means of electronic communication, including facsimile or electronic mail, will not be accepted for review. While applications are accepted in hard copy, the use of the electronic application submission capabilities provided by the OPHS eGrants system or the Grants.gov Web Site Portal is encouraged.

Electronic grant application submissions must be submitted no later than 5 p.m. Eastern Time on the deadline date specified in the **DATES** section of the announcement using one of the electronic submission mechanisms specified below. All required hardcopy original signatures and mail-in items must be received by the OPHS Office of Grants Management no later than 5 p.m. Eastern Time on the next business day after the deadline date specified in the **DATES** section of the announcement.

Applications will not be considered valid until all electronic application components, hardcopy original signatures, and mail-in items are received by the OPHS Office of Grants Management according to the deadlines specified above. Application submissions that do not adhere to the due date requirements will be considered late and will be deemed ineligible.

Applicants are encouraged to initiate electronic applications early in the application development process, and to submit early on the due date or before. This will aid in addressing any problems with submissions prior to the application deadline.

Electronic Submissions Via the Grants.gov Web Site Portal

The Grants.gov Web Site Portal provides organizations with the ability to submit applications for OPHS grant opportunities. Organizations must successfully complete the necessary registration processes in order to submit an application. Information about this system is available on the Grants.gov Web site, <http://www.grants.gov>.

In addition to electronically submitted materials, applicants may be required to submit hard copy signatures for certain program related forms, or original materials as required by the announcement. It is imperative that the applicant review both the grant announcement, as well as the

application guidance provided within the Grants.gov application package, to determine such requirements. Any required hard copy materials, or documents that require a signature, must be submitted separately via mail to the OPHS Office of Grants Management, and, if required, must contain the original signature of an individual authorized to act for the applicant agency and the obligations imposed by the terms and conditions of the grant award.

Electronic applications submitted via the Grants.gov Web Site Portal must contain all completed online forms required by the application kit, the Program Narrative, Budget Narrative and any appendices or exhibits. All required mail-in items must be received by the due date requirements specified above. Mail-In items may only include publications, resumes, or organizational documentation.

Upon completion of a successful electronic application submission via the Grants.gov Web Site Portal, the applicant will be provided with a confirmation page from Grants.gov indicating the date and time (Eastern Time) of the electronic application submission, as well as the Grants.gov Receipt Number. It is critical that the applicant print and retain this confirmation for their records, as well as a copy of the entire application package.

All applications submitted via the Grants.gov Web Site Portal will be validated by Grants.gov. Any applications deemed "Invalid" by the Grants.gov Web Site Portal will not be transferred to the OPHS eGrants system, and OPHS has no responsibility for any application that is not validated and transferred to OPHS from the Grants.gov Web Site Portal. Grants.gov will notify the applicant regarding the application validation status. Once the application is successfully validated by the Grants.gov Web Site Portal, applicants should immediately mail all required hard copy materials to the OPHS Office of Grants Management to be received by the deadlines specified above. It is critical that the applicant clearly identify the organization name and Grants.gov Application Receipt Number on all hard copy materials.

Once the application is validated by Grants.gov, it will be electronically transferred to the OPHS eGrants system for processing. Upon receipt of both the electronic application from the Grants.gov Web Site Portal, and the required hardcopy mail-in items, applicants will receive notification via mail from the OPHS Office of Grants Management confirming the receipt of

the application submitted using the Grants.gov Web Site Portal.

Applicants should contact Grants.gov regarding any questions or concerns regarding the electronic application process conducted through the Grants.gov Web Site Portal.

Electronic Submissions Via the OPHS eGrants System

The OPHS electronic grants management system, eGrants, provides for applications to be submitted electronically. Information about this system is available on the OPHS eGrants Web site, <https://egrants.osophs.dhhs.gov>, or may be requested from the OPHS Office of Grants Management at (240) 453-8822.

When submitting applications via the OPHS eGrants system, applicants are required to submit a hard copy of the application face page (Standard Form 424) with the original signature of an individual authorized to act for the applicant agency and assume the obligations imposed by the terms and conditions of the grant award. If required, applicants will also need to submit a hard copy of the Standard Form LLL and/or certain Program related forms (e.g., Program Certifications) with the original signature of an individual authorized to act for the applicant agency.

Electronic applications submitted via the OPHS eGrants system must contain all completed online forms required by the application kit, the Program Narrative, Budget Narrative and any appendices or exhibits. The applicant may identify specific mail-in items to be sent to the Office of Grants Management separate from the electronic submission; however these mail-in items must be entered on the eGrants Application Checklist at the time of electronic submission, and must be received by the due date requirements specified above. Mail-In items may only include publications, resumes, or organizational documentation.

Upon completion of a successful electronic application submission, the OPHS eGrants system will provide the applicant with a confirmation page indicating the date and time (Eastern Time) of the electronic application submission. This confirmation page will also provide a listing of all items that constitute the final application submission including all electronic application components, required hardcopy original signatures, and mail-in items, as well as the mailing address of the OPHS Office of Grants Management where all required hard copy materials must be submitted.

As items are received by the OPHS Office of Grants Management, the electronic application status will be updated to reflect the receipt of mail-in items. It is recommended that the applicant monitor the status of their application in the OPHS eGrants system to ensure that all signatures and mail-in items are received.

Mailed or Hand-Delivered Hard Copy Applications

Applicants who submit applications in hard copy (via mail or hand-delivered) are required to submit an original and two copies of the application. The original application must be signed by an individual authorized to act for the applicant agency or organization and to assume for the organization the obligations imposed by the terms and conditions of the grant award.

Mailed or hand-delivered applications will be considered as meeting the deadline if they are received by the OPHS Office of Grant Management on or before 5 p.m. Eastern Time on the deadline date specified in the **DATES** section of the announcement. The application deadline date requirement specified in this announcement supersedes the instructions in the OPHS-1. Applications that do not meet the deadline will be returned to the applicant unread.

4. Intergovernmental Review

This program is subject to the Public Health Systems Reporting Requirements. Under these requirements, a community-based non-governmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). Applicants shall submit a copy of the application face page (SF-424) and a one page summary of the project, called the Public Health System Impact Statement. The PHSIS is intended to provide information to State and local health officials to keep them apprised on proposed health services grant applications submitted by community-based, non-governmental organizations within their jurisdictions.

Community-based, non-governmental applicants are required to submit, no later than the Federal due date for receipt of the application, the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted: (a) A copy of the face page of the application (SF 424), (b) a summary of the project (PHSIS), not to exceed one page, which provides: (1) A description of the population to be served, (2) a summary of the services to be provided,

and (3) a description of the coordination planned with the appropriate State or local health agencies. Copies of the letters forwarding the PHSIS to these authorities must be contained in the application materials submitted to the OGHA/HHS.

This program is also subject to the requirements of Executive Order 12372 that allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. The application kit to be made available under this notice will contain a listing of States that have chosen to set up a review system and will include a State Single Point of Contact (SPOC) in the State for review. Applicants (other than federally recognized Indian tribes) should contact their SPOCs as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC in each affected State. A complete list of SPOCs may be found at the following Web site: <http://www.whitehouse.gov/omb/grants/spoc.html>. The due date for State process recommendations is 60 days after the application deadline. The OGHA/HHS does not guarantee that it will accommodate or explain its responses to State process recommendations received after that date. (See "Intergovernmental Review of Federal Programs," Executive Order 12372, and 45 CFR part 100 for a description of the review process and requirements.)

5. Funding Restrictions

Funds may not be used for construction, building alterations, equipment purchase, medical treatment, renovations, or to purchase food. Allowability, allocability, reasonableness, and necessity of direct and indirect costs that may be charged are outlined in the following documents: OMB-21 (Institutes of Higher Education); OMB Circular A-122 (Nonprofit Organizations) and 45 CFR part 74, Appendix E (Hospitals). Copies of these circulars can be found on the Internet at: <http://www.whitehouse.gov/omb>. Pre-award costs are not allowable under this award.

V. Application Review Information

1. Criteria

Applications will be screened by OGHA staff for completeness and for responsiveness to the program guidance. Applicants should pay strict attention addressing these criteria, as they are the

basis upon which applications will be judged. Those applications judged to be non-responsive or incomplete will be returned to the applicant without review.

Applications that are complete and responsive to the guidance will be evaluated for scientific and technical merit by an appropriate peer review group specifically convened for this solicitation and in accordance with HHS policies and procedures. As part of the initial merit review, all applications will receive a written critique. All applications recommended for approval will be discussed fully by the ad hoc peer review group and assigned a priority score for funding. Eligible applications will be assessed according to the following criteria:

(1) Technical Approach (45 Points)

- The applicant's presentation of a sound and practical technical approach for executing the requirements with adequate explanation, substantiation and justification for methods for handling the projected needs of the USMBHC.

- The successful applicant must demonstrate a clear understanding of the scope and objectives of the cooperative agreement, recognition of potential difficulties that may arise in performing the work required, presentation of adequate solutions, and understanding of the close coordination necessary between the California Department of Health Service's Office of Border Health.

(2) Experience and Capabilities of the Organization (45 Points)

- Applicants should submit documented relevant experience of the organization in managing projects of similar complexity and scope of the activities.

- Clarity and appropriateness of lines of communication and authority for coordination and management of the project. Adequacy and feasibility of plans to ensure successful coordination of a multiple-partner collaboration.

(3) Facilities and Resources (10 Points)

- Documented availability and adequacy of facilities, equipment, and resources necessary to carry out the activities.

2. Review and Selection Process

Applications will be reviewed in competition with other submitted applications, by a panel of peer reviewers. Each of the above criteria will be addressed and considered by the reviewers in assigning the overall score. Final award will be made on the basis

of score, program relevance and, availability of funds.

VI. Award Administration Information

1. Award Notices

OGHA/HHS does not release information about individual applications during the review process until final funding decisions have been made. The official document notifying the applicant of approval and availability of funding is the Notice of Grant Award, which specifies to the awardee the amount of money awarded, the purpose of the agreement, the terms and conditions of the agreement, and the amount of funding, if any, to be contributed by the awardee to the project costs.

2. Administrative and National Policy Requirements

The regulations set out at 45 CFR parts 74 and 92 are the Department of Health and Human Services (HHS) rules and requirements that govern the administration of grants. Part 74 is applicable to all recipients except those covered by part 92, which governs awards to state and local governments. Applicants funded under this announcement must be aware of and comply with these regulations. The CFR volume that includes parts 74 and 92 may be downloaded from: http://www.access.gpo.gov/nara/cfr/waisidx_03/45cfrv1_03.html.

The HHS Appropriations Act requires that when issuing statements, press releases, requests for proposals, bid solicitation, and other documents describing projects or programs funded in whole or in part with Federal money, grantees shall clearly state the percentage and dollar amount of the total cost of the program or project which will be financed with Federal money and the percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

Reporting

All projects are required to have an evaluation plan, consistent with the scope of the proposed project and funding level that conforms to the project's stated goals and objectives. The evaluation plan should include both a process evaluation to track the implementation of project activities and an outcome evaluation to measure changes in knowledge and skills that can be attributed to the project. Project funds may be used to support evaluation activities.

In addition to conducting their own evaluation of projects, successful

applicants must be prepared to participate in an external evaluation, to be supported by OGHA/HHS and conducted by an independent entity, to assess efficiency and effectiveness for the project funded under this announcement.

Within 30 days following the end of each of quarter, a performance report no more than ten pages in length must be submitted to OGHA/HHS. A sample monthly performance report will be provided at the time of notification of award. At a minimum, monthly performance reports should include:

Concise summary of the most significant achievements and problems encountered during the reporting period, e.g. number of training courses held and number of trainees.

A comparison of work progress with objectives established for the quarter using the grantee's implementation schedule, and where such objectives were not met, a statement of why they were not met.

Specific action(s) that the grantee would like the OGHA/HHS to undertake to alleviate a problem.

Other pertinent information that will permit monitoring and overview of project operations.

A quarterly financial report describing the current financial status of the funds used under this award. The awardee and OGHA will agree at the time of award for the format of this portion of the report.

Within 90 days following the end of the project period a final report containing information and data of interest to the Department of Health and Human Services, Congress, and other countries must be submitted to OGHA/HHS. The specifics as to the format and content of the final report and the summary will be sent to successful applicants. At minimum, the report should contain:

A summary of the major activities supported under the agreement and the major accomplishments resulting from activities to improve mortality in partner country.

An analysis of the project based on the problem(s) described in the application and needs assessments, performed prior to or during the project period, including a description of the specific objectives stated in the grant application and the accomplishments and failures resulting from activities during the grant period.

Quarterly performance reports and the final report may be submitted to: Department of Health and Human Services, Office of the Secretary, Office of Global Health Affairs, 5600 Fishers

Lane, Suite 18–105, Rockville, Maryland 20857.

A Financial Status Report (FSR) SF–269 is due 90 days after the close of each 12-month budget period and submitted to OPHS–Office of Grants Management.

VII. Agency Contacts

For programmatic requirements, please contact: Jeff Waggoner, Office of Global Health Affairs, DHHS, 5600 Fishers Lane, Suite 18–105, Rockville, MD, 20857. Phone: (301) 443–6279.

For administrative requirements, please contact: Eric West, Office of Grants Management, Office of Public Health and Science, DHHS, 1101 Wootton Parkway, Suite 550, Rockville, Maryland 20857. Telephone: (240) 453–8822.

VIII. Tips for Writing a Strong Application

Include DUNS Number. You must include a DUNS Number to have your application reviewed. To obtain a DUNS number, access <http://www.dunandbradstreet.com> or call 1–866–705–5711. Please include the DUNS number next to the OMB Approval Number on the application face page.

Keep your audience in mind. Reviewers will use only the information contained in the application to assess the application. Be sure the application and responses to the program requirements and expectations are complete and clearly written. Do not assume that reviewers are familiar with the applicant organization. Keep the review criteria in mind when writing the application.

Start preparing the application early. Allow plenty of time to gather required information from various sources.

Follow the instructions in this guidance carefully. Place all information in the order requested in the guidance. If the information is not placed in the requested order, you may receive a lower score.

Be brief, concise, and clear. Make your points understandable. Provide accurate and honest information, including candid accounts of problems and realistic plans to address them. If any required information or data is omitted, explain why. Make sure the information provided in each table, chart, attachment, etc., is consistent with the proposal narrative and information in other tables.

Be organized and logical. Many applications fail to receive a high score because the reviewers cannot follow the thought process of the applicant or because parts of the application do not fit together.

Be careful in the use of appendices. Do not use the appendices for information that is required in the body of the application. Be sure to cross-reference all tables and attachments located in the appendices to the appropriate text in the application.

Carefully proofread the application. Misspellings and grammatical errors will impede reviewers in understanding the application. Be sure pages are numbered (including appendices) and that page limits are followed. Limit the use of abbreviations and acronyms, and define each one at its first use and periodically throughout application.

Dated: May 24, 2006.

Sandra R. Manning,

Deputy Director for Operations, Office of Global Health Affairs.

BILLING CODE 4150–38–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration on Aging

Availability of Funding Opportunity Announcement

Funding Opportunity Title/Program Name: Senior Medicare Patrol Integration Projects.

Announcement Type: Initial.

Funding Opportunity: Number: HHS–2006–AoA–SM–0608.

Statutory Authority: The Older Americans Act, Public Law 106–501.

Catalog of Federal Domestic Assistance (CFDA) Number: 93.048, Title IV and Title II, Discretionary Projects, and the Health Insurance Portability and Accountability Act of 1996 (Pub. L. 104–191).

Dates: The deadline date for the receipt of applications is July 19, 2006.

I. Funding Opportunity Description

In 2004, AoA announced a new competitive grant program to support Senior Medicare Patrol (SMP) project efforts to advance collaborative and innovative approaches for integration of Medicare and Medicaid fraud awareness and prevention activities within states and communities, and to support development of models for program integration to be shared with SMP projects throughout the country. Fourteen grants were awarded for a two-year period that were designed to support the SMP projects' efforts to integrate the SMP program into other areas of health care fraud awareness. Models developed by these integration grantees, which are focused on Medicaid fraud, home health care fraud,

and fraud related to the new prescription drug benefits of the Medicare Modernization Act (MMA) are being disseminated by AoA and the National Consumer Technical Support Center (the Center) to enable SMP projects to adapt these strategies to their states and target populations.

Further information may be found at <http://www.aoa.gov/doingbus/fundopp/fundopp.asp> or <http://www.grants.gov>.

SMP Program Objectives

In 2006, the Assistant Secretary for Aging approved five strategic objectives for the SMP Program. The objectives guide the development of program requirements, including grants, and the measurement of performance and program outcomes. The SMP program objectives include:

1. Foster national and statewide program coverage.
2. Improve beneficiary education and inquiry resolution for other areas of health care fraud.
3. Foster national program visibility and consistency.
4. Improve the efficiency of the SMP Program while increasing results for both operational and quality measures.
5. Target training and education to isolated and hard-to-reach populations.

Applications are sought from organizations with expertise and experience required to focus the integration of the SMP program message, outreach and materials to either a targeted population OR a targeted area of health care integrity. Criteria and requirements for the two application options are provided below. *Applicants may apply under either Option I or Option II.*

Option I: Targeted Health Care Integrity. This option is provided to enhance program efforts in support of SMP program objective #2, to improve beneficiary education and inquiry resolution for other areas of health care fraud. Applications are limited to existing SMP projects that were not awarded FY 2004 Integration Grant funding. This is to ensure that additional states are provided the opportunity for integration of the SMP program into other areas of health care fraud awareness.

Grantees must develop models for integrating beneficiary education, and inquiry resolution through effective partnering with new organizations in order to leverage these resources to disseminate the fraud prevention and control message. The grantee may target either one or two of the following areas for integration:

- Medicaid fraud;
- Home health care fraud;
