Title: Monthly Lending Report.

OMB Number: 1505-0214.

Abstract: Authorized under the Emergency Economic Stabilization Act (EESA) of 2008 (Pub. L. 110-343), the Department of the Treasury has implemented several aspects of the Troubled Asset Relief Program. Among these components is a voluntary Capital Purchase Program (CPP) under which the Department may purchase qualifying capital in U.S. banking organizations. The Treasury has so far invested capital through this program in almost 600 financial institutions. As part of the Capital Purchase Program, Treasury would like to gauge whether the capital injections made through the CPP are having the desired effect of ensuring liquidity within the banking system and thereby increasing lending activity. To gauge this, Treasury would like to monitor the lending activity of all CPP participants. The Treasury will be conducting evaluations using quarterly Call Report data supplied by these financial institutions to their primary regulator. However, in order to have a more frequent and timely snapshot of the current lending environment, Treasury is requesting the ability to conduct a monthly survey of all participants in the CPP in order to supplement the quarterly analysis.
